

THE STARFISH SUMMARY

Crafton Hills College's Communication and Education Planning Tool

DATA USAGE

FLAGS: 133

KUDOS: 24

REFERRALS: 5

TO-DO: 116

TOTAL RAISED: 278

TOTAL CLEARED: 70

STARFISH SUPERSTARS:

CONGRATULATIONS TO
STEVE RUSH AND BUTCH ZEIN
FOR BEING OUR TOP
STARFISHERS THIS MONTH.

Happy 5 Year Anniversary!

Crafton Hills College began its Starfish Early Alert pilot in the spring of 2017. This year marks our 5-year anniversary since its launch!

We originally rolled out the main four tracking items (flags, kudos, referrals, and to-do's) along with the EOPS and Special Populations Progress reports. Our pilot was well received, and in the fall of 2017, we rolled out Starfish to the entire campus. Over the past five years, we have added the ability to search students by their major, connect students with resources through Starfish/email/texting, implemented automatic flags for both low grades in Canvas and students not logging into Canvas, and developed a robust degree planner platform. So "what does the future hold?" you ask... While we do not have a crystal ball (nor the time to explain all the features on the horizon), we are excited about the possibility of better predicting the number of sections to offer for each course, and the days/times students prefer to take them. Stay Tuned :) Thank you for supporting our students through Starfish and Beyond!
