COURSE MODIFICATIONS

- a. **LRC 900 Supervised Training** (to see course outline go to *SEARCH, COURSES* in *CurricUNET*)*
Originator Nick Reichert
Rationale: The course is up for a 6 year review. It was previously only directed toward CHC students; however, it is available for any student taking a course in the district. It also needed to be updated to have the description showing that it is ungraded, 0 unit, and free. Many students have been concerned because they didn't understand the course showing up on transcripts.
Corequisite: Enrollment in at least one course within the San Bernardino Community College District.

 - Approved
 - Effective Fall 2023
- b. **MATH 903 Math Support Lab** (to see course outline go to *SEARCH, COURSES* in *CurricUNET*)*
Originator Scott Rippey
Rationale:
Corequisite: Current enrollment in MATH 942, or MATH 952, or MATH 962, or MATH 090, or MATH 095, or MATH 102, or MATH 103, or MATH 115, or MATH 110.

3. Operational Issues

- CurricUNET update:
- Kim and Gwen are currently cleaning up the non-credit content field and cross-listing field in CurricUNET and the information noted in the degrees field.
- Most of the smaller CurricUNET issues are fixed.

- Troy Dial provided an update on AB 1111 – Common Course Numbering Project. By July 01, 2024, the California Community College will adopt a common course numbering system for all required general education courses and transfer pathway courses. There was mention of a clean-up legislation, California Community Colleges will have to meet certain requirements which will come after the 2024 deadline.

- Joshua Robles informed the group that the Guided Pathways Committee has a sub-committee that will keep the MAPS updated. This may require both the Curriculum Committee and the Guided Pathways Sub Committee to meet to create a formal process, timeline, and frequency of updates.

Next Meeting: November 28, 2022 2:00 pm –CCR 233
