

## **Resolution F08.02 Institutional GPA Requirement for Graduation**

**Whereas,** At present, Crafton Hills College only requires students intending to earn a degree have a cumulative grade point average of "C" (2.0) or better in all college work;

**Whereas,** Crafton Hills College does not also require students to have grade point average of "C" (2.0) or better in work completed at the College;

**Whereas,** Because the College lacks an institutional GPA requirement, a student may graduate, yet not be in good standing with the College (e.g. on academic probation);

**Resolved,** That the Crafton Hills College Academic Senate recommend students intending to earn an associate degree from Crafton Hills College must have, at the time the degree is granted, an institutional cumulative grade point average of "C" (2.00) or better in all coursework completed at the College.
