

Reorganization of Divisions – Resolution F10.01
Crafton Hills College Academic Senate

Whereas, in the Spring of 2010, a survey was conducted at CHC regarding the desires of the faculty and staff concerning the organization of divisions, including 25 faculty;

Whereas, in Table 3 of the published results of the survey, the majority vote for the placement of each discipline in a given division was overwhelming;

Whereas, the current plan for the organization of divisions does not follow the desires of the majority of faculty and staff who responded to that survey;

Resolved, the Academic Senate recommends that the Crafton Hills College Administration organize the academic divisions according to the results of the survey that was conducted in the Spring of 2010.
