

Crafton Hills College Request for Substantive Change Review Distance Education

Dear Dr. Susan Clifford,

This communication is the first step in the substantive change proposal process as required by the ACCJC and described on page 12 (section 4.2) in the ACCJC's Substantive Change Manual, December, 2014 edition.

This request is for consideration of a Substantive change report for Distance Education (DE) at Crafton Hills College (CHC). What follows is a description of the proposed change, the need for the change, and the anticipated effects.

This request follows an External Evaluation in October, 2014 which resulted in the issuance of Warning status to both colleges in the San Bernardino Community College District. College Recommendation 2 was made in regard to distance education.

In order to meet the standards, the team recommends that the college update its Distance Education plan to provide guidance in determining the long-term vision for distance education to support the current and future needs of its students including student support and library and learning support services.

This recommendation prompted the College to identify a faculty member to serve as Distance Education Coordinator. In addition to developing and vetting the new Distance Education Plan, the Coordinator conducted an exhaustive review of Crafton Hills College DE curriculum.

She found that Crafton Hills College has been offering courses in the distance education format for over 40 years. The first online class was offered at CHC in January of 1996. Between 1996 and 2003, there was a slow growth of online offerings. However since 2004, the growth of online classes has been substantial. The growth of online and hybrid classes has been an integral part of CHC's mission to advance the educational, career, and personal success of our diverse campus community through engagement and learning.

The comprehensive review of the courses, degrees, certificates, and general education programs approved for Distance Education revealed that Crafton Hills College currently offers 23 degrees, one certificate, and three general education packages that can be completed by students taking 50% or more of the required credits in a distance education format. Currently, CHC does not offer any degrees or GE options that can be completed by students taking 100% of the required credits in a distance education format. The college has updated its Distance Education plan, and includes as a goal the exploration of the growth of DE courses in high demand degrees and certificates, with the possibility of offering some of these 100% online.

Crafton Hills College believes it has crossed the threshold describe on page 9 (section 3.7.3) of ACCJC's Substantive Change Manual and as such needs to submit a Substantive Change Proposal for Distance Education to ACCJC.

To date, the following programs have approved DE addendums for 50% or more of the required courses:

- CHC AS/AA General Education Requirements
- CSU GE
- IGETC
- Major preparation for several CHC AA/AS Degrees

The CHC AS/AA general education pattern can be completed online with the exception of the quantitative reasoning component. The CSU GE pattern can be completed in an online format with the exception of Political Science 100. The IGETC pattern can be completed online with the exception of the language requirement. Major courses, and in some cases the majority of the courses in several CHC degrees, can be completed online.

In requesting permission to submit a substantive change review, Crafton Hills College wishes to fully align with ACCJC standards surrounding distance education formats. In addition, a robust DE program can help the institution meet the needs of our military veteran, disabled, and working adult populations, identified as disproportionately impacted with regard to access in our recent Equity audit. Our College Equity Plan identifies distance education offerings as an effective intervention for the access issues experienced by these groups.

If the ACCJC will allow Crafton Hills College to submit a Substantive Change Proposal while on sanction, it is our intention to submit the proposal to the Commission for consideration at the June, 2016 meeting. The review and approval of the Commission will allow the College to be in compliance with ACCJC standards and to remedy the deficiency cited in the 2014 Evaluation Team report, and will permit the College to continue to build on the work that has been done in distance education.

We look forward to working with you on this process and eagerly await your reply.

Sincerely,

Rebeccah Warren-Marlatt, Ed.D.

ASSOCIATE DEGREE REQUIREMENTS

1. Completion of a minimum of 60 units acceptable college work with at least a "C" (2.0) or better cumulative and institutional grade point average.

NOTE: Courses numbered 900-999 are designated as non-degree applicable; however, units earned in these courses DO COUNT as student workload units. Courses numbered 001-299 and 500 level are degree applicable.

2. Successful completion with a “C” or better in all major requirements identified by the college catalog. **See a counselor or the college catalog for details. Work experience units may NOT be applied to the major. Prospective transfer students should complete the general education and lower division requirements of the school to which they will be transferring.**
3. Completion of twelve (12) semester units in residence at Crafton Hills College.
4. Reading competency as demonstrated by a grade of “C” or better in **ENGL 101** (Freshman Composition) **OR ENGL 101H** (Freshman Composition-Honors) **OR ENGL 146** (Writing for Business and the Professions) **OR** an equivalent course from another accredited institution. (Effective Fall, 2007)
5. Mathematics proficiency as demonstrated by completion of **MATH 095** (Intermediate Algebra) **OR MATH 095C** (Intermediate Algebra Part C) **OR** any higher-level math course with a grade of “C” or better **OR** an equivalent course from another accredited institution. (Effective Fall, 2006)
6. Writing competency as demonstrated by a grade of “C” or better in **ENGL 101** (Freshman Composition) **OR ENGL 101H** (Freshman Composition-Honors) **OR ENGL 146** (Writing for Business and the Professions) **OR** an equivalent course from another accredited institution. (Effective Fall, 2006)
7. The following restrictions apply to the **60 units** required for graduation:
 - a) A maximum of **4 units** of physical education activities may be applied.
 - b) A maximum of **15 units** of credit (CR) or (P) grades may be applied. No courses required for the student’s major may be taken for (CR) or (P).
 - c) A maximum of **6 units** of Reading and Study Skills courses numbered 001-099 (READ 078X2 and CHC 090X4) may be applied.
 - d) A maximum of **16 units** of Career and Technical Education Worksite Experience or **6 units** of General Worksite Experience may be applied for elective credit **ONLY**.
8. Completion of a minimum of **28 semester units** of general education is required. No single course may be used to meet more than one general education requirement, except in areas F1 and F2. However, courses taken to complete a major may also apply to general education.

Students can meet CHC **Option 1** general education requirements by completing requirements on this (two-sided) form. Students completing the IGETC pattern will satisfy CHC **Option 2A** general education breadth requirements. Students completing the CSUGE transfer pattern will satisfy CHC **Option 2B** general education breadth requirements.

I. TRANSFER ADMISSION REQUIREMENTS

A student is eligible for upper division transfer if the following requirements have been met:

1. **At least sixty (60) semester units** of transferable college courses have been completed with a grade point average of 2.00 or better. Non-residents of California must have a 2.40 or better grade point average.
2. At least thirty (30) units of the 60 units required for transfer **must** be selected from the general education courses in areas A through E. Each of the courses within these 30 units must be completed with a grade of 'C' or better. Additionally, at least one course from EACH of the following areas must be completed with a grade of 'C' or better **prior to transfer**:

- Area A1 Oral
Communication Area
- A2
Written Communication
- Area A3
Critical Thinking
- Area B4 Mathematics/Quantitative Reasoning

3. The student is in good standing (i.e., eligible to re-enroll) at the last college or university attended.

II. IMPACTED PROGRAMS:

The CSU designates programs as impacted when more applications are received from fully qualified applicants in the initial filing period (October 1 through November 30 for fall) than the number of spaces available. Some majors are impacted at every campus where they are offered; others may be impacted only at some campuses. **Applicants to impacted majors must file the application for admission during the initial filing period and will be subject to supplementary admission criteria.**

III. LOWER DIVISION MAJOR REQUIREMENTS

Most majors require that you complete certain preparatory courses prior to transfer. This can normally be accomplished at Crafton Hills College. Consult the catalog for the college of your choice to determine regulations governing the completion of lower division major requirements and related restrictions. Refer to ASSIST (www.assist.org) for information about lower division major requirements, and consult with a counselor regarding transfer plans!

IV. APPLICATION FILING PERIODS

You are urged to file early! Applications to impacted majors must be filed during the initial filing period. If applying after the initial filing period, check www.csummentor.edu for current information. Most campuses will acknowledge receiving your application within two to four weeks. **You may apply online at www.csummentor.edu.**

Terms	Applications First Accepted
Summer Semester or Quarter 2016	February 1, 2016
Fall Semester or Quarter 2016	October 1, 2015
Winter Quarter 2017	June 1, 2016
Spring Semester or Quarter 2017	August 1, 2016

APPLICATION FEE

An application fee of \$55 in U. S. funds, payable to The California State University, is required for each new application filed. The fee is nonrefundable and may not be transferred to another term at any campus. The fee is required for **each** campus to which you apply.

Completion and certification of IGETC will permit community college students to transfer to a campus in the CSU or UC system with lower division requirements completed. **COURSES IN BOLD PRINT ARE RETROACTIVELY APPROVED FOR FALL 2014 AND THEREAFTER.**

IGETC is not advisable for all transfer students. Students with majors that require extensive lower division preparation may be best served by taking courses that fulfill the General Education Breadth of the UC campus. These majors include, but are not limited to, Engineering, Pre-professional programs, and Science.

CERTIFICATION: Request **CERTIFICATION** from the Admissions and Records Office. Current IGETC standards allow for full or partial certification. **Partial certification** is defined as completing all but two courses from any area **except those listed in Areas 1 and 2.** Minimum UC and/or CSU transfer requirements must be met prior to transfer. All courses must be completed with a "C" or better. IGETC may be certified by any Community College the student has attended.

INSTRUCTION TO COUNSELORS: Circle courses and enter units in appropriate column. **Requirements satisfied by exam should be noted.**

Multidisciplinary Degrees

Multidisciplinary degrees are designed for students who have broad interest in a particular area that expands beyond a single discipline. These degrees provide an option to students wishing to explore a variety of related disciplines or to prepare for any number of fields. Students will need to complete CHC's general education requirements to earn these degrees. The discipline-specific courses may not prepare students for transferring into a major at a four-year college.

Associate of Arts Fine Arts Degree

The Associate of Arts Fine Arts degree focuses on the development of creative expression and critical inquiry in music and the arts. Students will appreciate the value of artistic expression and human creativity in the fine arts and evaluate them as part of human culture and human creativity. This degree is multidisciplinary giving students the knowledge and experience in theatre arts, the visual arts, music and dance.

To complete the requirements for the Associate of Arts for this degree, a student must:

1. Complete the requirements for an associate degree (see requirements 1 through 6).

Evidence

Lower division requirements for students interested in transferring to a four-year institution in this field may differ from associate degree requirements. Prospective transfer students should complete the general education and lower division requirements of the school to which they will be transferring. See a counselor for details. Information is also available at www.assist.org.

Associate of Arts Social Science Degree

The Associate of Arts degree Social Science emphasizes the study of social and behavioral sciences. Students will recognize, describe and analyze individual behaviors and social institutions that influence our world. This degree is multidisciplinary preparing students to transfer in majors such as psychology, sociology, political science, history, anthropology and religious studies.

To complete the requirements for the Associate of Arts for this degree, a student must:

1. Complete the requirements for an associate degree (see requirements 1 through 6).
2. Complete a minimum of eighteen (18) units with a "C" or better in each course in the following multidisciplinary program.
3. Complete elective units to meet the minimum 60 units required for the associate degree.

Associate of Science Multiple Sciences Degree

The Associate of Science Multiple Sciences degree emphasizes the role of science, scientific inquiry and technology in our world. Students will apply a problem solving strategy such as the scientific method or other systematic process of inquiry and recognize the contributions of science and technology in our world. This degree is multidisciplinary, giving students the knowledge and experience in both the physical and biological sciences.

To complete the requirements for the Associate of Science degree, a student must:

1. Complete the requirements for an associate degree (see requirements 1 through 6).
2. Complete a minimum of eighteen (18) semester units with a "C" or better in each course in the following multidisciplinary program.

Students planning to transfer to a four-year university are cautioned that this degree may not meet all of the lower division requirements for transfer into a particular major; however, through careful educational planning with a counselor; this degree would offer a solid foundation in the transfer process. Students should consult with a counselor for specific information regarding their intended major at their chosen university.

Associate of Science Health Sciences Degree

The Associate of Science degree in Health Sciences allows students to explore many aspects of science and health-related issues. This degree prepares students for health care professional programs including nursing, dental hygiene and other health professional programs.

To complete the requirements for the Associate of Science for this degree, a student must:

1. Complete the requirements for an associate degree (see requirements 1 through 6).
2. Complete a minimum of eighteen (18) units with a "C" or better in each course in the following multidisciplinary degree.
3. Complete enough elective units to meet the minimum 60 units required for the associate degree.

CSUGE for STEM and IGETC for STEM are the only approved general education patterns for this degree.

Prospective transfer students should complete the general education and lower division requirements of the school to which they will be transferring (CSUGE Breadth for STEM or IGETC for STEM). See a counselor for details. Information is also available at www.assist.org.

Chemistry - Associate of Science Degree

The chemistry program prepares students with an understanding of the fundamental principles of chemistry in a variety of applications. Students learn how chemical knowledge is derived, theorized, and applied in solving problems in everyday life.

Major/Program Requirements

Required Courses:

CHEM 150	General Chemistry I OR	5.00
CHEM 150H	General Chemistry I-Honors	5.00

(Counseling 4-15) 6m

CHEM 151	General Chemistry II OR	5.00
CHEM 151H	General Chemistry II-Honors	5.00
CHEM 212	Organic Chemistry I	4.00
CHEM 213	Organic Chemistry II	4.00

Recommended Courses:

These courses are typically prerequisites for third year chemistry majors. Students are encouraged to complete the recommended courses to prevent postponement of continued coursework in this major.

MATH 250	Single Variable Calculus I	4.00
MATH 251	Single Variable Calculus II	4.00
PHYSIC 110	General Physics I	4.00
PHYSIC 111	General Physics II	4.00

PHYSIC 110 and PHYSIC 111: Students may substitute PHYSIC 250, 251, and 252 in lieu of PHYSIC 110 and PHYSIC 111. See a counselor for details.

Lower division requirements for students interested in transferring to a four-year institution in this field may differ from associate degree requirements. Prospective transfer students should complete the general education and lower division requirements of the school to which they will be transferring. See a counselor for details. Information is also available at www.assist.org.

A student receiving a degree in this field will be able to:

- Identify the basic areas of Chemistry that are appropriate to each Chemistry course. This content will allow students to continue in successive Chemistry courses, as well as relate the knowledge for matriculation and life-long learning.
- Comprehend and use laboratory skills in synthetic, quantitative and instrumental methods as scientific approaches to gathering and verifying knowledge.
- Demonstrate critical thinking in Chemistry including interpretation, evaluation, explanation and critical inquiry; how to ask appropriate questions, gather relevant information efficiently and creatively, sort through this information, reason logically from this information and come to reliable and trustworthy conclusions.
- Collect, analyze and articulate results clearly and effectively in speech and in writing in an acceptable style of presentation.

Lower division requirements for students interested in transferring to a four-year institution in this field may differ from associate degree requirements. Prospective transfer students should complete the

general education and lower division requirements of the school to which they will be transferring. See a counselor for details. Information is also available at www.assist.org.

A student receiving a degree in this field will be able to:

- Apply analytical and logical thinking to gathering and analyzing information, designing and testing solutions to problems, and formulating plans
- Discuss the impact of information technology on society and the workplace
- Work collaboratively in a team setting
- Select and evaluate appropriate written communication strategies and styles for a specific purpose
- Demonstrate knowledge of individual parts that make up a stand-alone PC computer system, and the relationships between components
- Create and maintain Web pages
- Demonstrate an understanding of the overall design and components of a LAN and WAN system

Cisco Certified Network Associate Certificate

The objective of this certificate is to provide students the knowledge and skills necessary to prepare for the Cisco Certified Network Associate (CCNA) Certification Examination. Satisfactory passing of the exam will lead to employment in entry-level positions in the small office and/or home office (SOHO) market. The CCNA Certificate indicates the ability to work in small businesses or organizations using networks that have fewer than 100 nodes. The certificate holder is able to install and configure Cisco switches and routers in multi-protocol interworking using LAN and WAN interfaces, can provide Level 1 troubleshooting service, can improve network performance and security, and can perform entry-level task in the planning, design, installation, operations, and troubleshooting of Ethernet and TCP/IP networks.

Completion of the following 16.00 units qualifies the student for the Cisco Certified Network Associate Certificate.

Major/Program Requirements

Required Courses:

CIS 140	Introduction to Networks (Cisco CCNA 1)	4.00
CIS 141	Basic Routing and Switching (Cisco CCNA 2)	4.00
CIS 142	Advanced Routing and Switching (CISCO CCNA 3)	4.00
CIS 143	WAN Technologies and Network Services (CISCO CCNA 4)	4.00

A student receiving a degree/certificate in this field will be able to:

- Work collaboratively on a team project
- Effectively listen and ask critical questions to identify customer requests, issues and concerns
- Apply analytical and logical thinking to gathering and analyzing information, designing and testing solutions to problems, and formulating plans
- Install, configure, operate and troubleshoot simple- switched Local Area, simple-routed Wide Area Networks

- Install, configure a router, manage router IOS software, configure routing protocols, and create access lists controlling router access
- Complete a comprehensive case study incorporating single-area OSPF, RIPv2, static routes, VLANs and 802.q trunking, Frame Relay, VLSM, DHCP, NAT and access control lists on the appropriate routers and interfaces

Computer Assisted Graphic Design Certificate (CIS)

The objective of this certificate is to provide students the knowledge and skills necessary for employment in entry-level positions in the field of Computer Assisted Graphic Design. The certificate indicates student knowledge of the software, theory, and abilities required to pursue a career in Computer Assisted Graphic Design.

Completion of the following 18.00 units qualifies the student for the Computer Assisted Graphic Design Certificate.

Major/Program Requirements

Required Courses:

ART 120	Foundations of Two-Dimensional Design	3.00
ART 124	Drawing I	3.00
CIS 163	Introduction to PhotoShop	3.00
CIS 165	Introduction to 3D Modeling and Animation	3.00
CIS 180	Computer Graphics with Adobe Illustrator	1.00-3.00
CIS 182	Desktop Publishing with Adobe Indesign	1.00-3.00

Recommended Courses:

CIS 166	Advanced 3D Modeling and Animation	3.00
CIS 184	Photoshop and Digital Photography	3.00

A student receiving a certificate in this field will be able to:

- Define and use the tools and skills needed to create drawings and graphics for a wide range of applications
- Work collaboratively on a team project
- Define and use the terminology of drawing and graphic design
- Demonstrate an understanding of legal, ethical, and moral issues of media communication
- Work within the media copyright and legal regulatory environment
- Appropriately select and evaluate visual communication strategies and styles for a specific purpose

Computer Information Systems Certificate

The objective of this certificate is to provide students the knowledge and skills necessary to prepare for employment in entry-level positions in the field of Computer Information Systems. The certificate indicates that the student has acquired knowledge of the different aspects of information technology including programming, hardware, networking, databases, and web design.

Completion of the following 28.00 units qualifies the student for the Computer Information Systems Certificate.

Major/Program Requirements

Required Courses:

CIS 101	Introduction to Computer and Information Technology	3.00
----------------	--	-------------

	OR	
BUSAD 230	Using Computers for Business	3.00
CIS 104	Object Oriented Programming with Visual Basic	3.00

CIS 161	Website Design and Programming Using Dreamweaver	3.00
CIS 163	Introduction to PhotoShop	3.00
CIS 211	Cascading Style Sheet (CSS) Web Design	3.00

Programming Certificate

The objective of this certificate is to provide students with the knowledge and skills necessary for employment in entry-level positions in the field of computer programming or to continue to pursue a four-year degree in Computer Information Systems or Computer Science. The Programming Certificate indicates the student has acquired knowledge of various programming languages including basic language structures, syntax, debugging, and application development.

Completion of the following 18.00-20.00 units qualifies the student for the Programming Certificate.

Major/Program Requirements

Required Courses:

CIS 095	Employability Skills for Technical Careers	2.00
CIS 114	C++ Programming I	3.00
	OR	
CSCI 110	Introduction to Computer Science I	3.00

CIS 116	C++ Programming II OR	3.00
---------	--------------------------	------

CSCI 120 Introduction to Computer Science II 3.00

Students must complete at least ten (10) additional units from the following courses:

CIS 104	Object Oriented Programming with Visual Basic	3.00
CIS 105	Database Concepts and Design	3.00
CIS 111	Web Page Programming and Design	3.00
CIS 113	Java Programming	3.00
CIS 117	Scripting	3.00

CIS 125	Introduction to C#.net Programming	3.00
CIS 190D	Software Development Internship	1.00-3.00
MATH 102	College Algebra	4.00

A student receiving a certificate in this field will be able to:

- Demonstrate the ability to write, compile, debug and execute well engineered and maintainable computer programs using a variety of programming languages that effectively meet the application requirements
- Demonstrate the ability to develop and apply systematic debugging and testing processes
- Demonstrate the ability to work collaboratively in a team environment
- Demonstrate the ability to explain and apply the necessary processes, tools and skills used in application development
- Demonstrate the ability to communicate effectively in technical and business environments

Web Design Certificate

The objective of this certificate is to provide students the knowledge and skill necessary for employment in entry-level positions in the field of Web Design. The certificate indicates that the student has acquired knowledge of Web page design and development with an emphasis on graphic and visual elements and the Web-specific Adobe Creative Suite applications.

Completion of the following 15-18 units qualifies the student for the Web Design Certificate.

Major/Program Requirements

Required Courses:

CIS 111	Web Page Programming and Design	3.00
CIS 161	Website Design and Programming Using Dreamweaver	3.00

CIS 162 Introduction to Flash 3.00

CIS 163 Introduction to PhotoShop 3.00

CIS 211 Cascading Style Sheet (CSS) Web Design 3.00

Recommended Courses:

CIS 180	Computer Graphics with Adobe Illustrator	1.00-3.00
---------	--	-----------

A student receiving a certificate in this field will be able to:

- Demonstrate the ability to work collaboratively on a team project
- Effectively listen and ask critical questions to identify customer requests, issues and concerns
- Apply analytical and logical thinking to gathering and analyzing information, designing and testing solutions to problems, and formulating plans
- Design and create a web site to meet the needs of a client

Emergency Medical Services - Associate of Science Degree

NOTE: Prior to starting this degree the student must show proof of a clear criminal background check.

Consult with a counselor to develop an appropriate course of study.

Candidates must successfully complete a minimum of 33.00 units of prescribed course work. A minimum grade of "C" must be maintained in all course work related to Emergency Medical Services. A "C" in these courses is considered to be 80% or higher.

Major/Program Requirements

Required Courses:

EMS 150	Patient Assessment for Paramedics	3.00
EMS 151	Introduction to EMS for Paramedics	2.00
EMS 152	Cardiology for the Paramedic	4.50
EMS 153	Pharmacology for the EMT-Paramedic	3.00
EMS 154	Emergency Medical Services Theory for the Paramedic	8.00
EMS 155	Skills Development for Paramedics	3.00
EMS 156	Clinical Externship for the Paramedic	2.00
EMS 157	Field Externship for the Paramedic	7.50

Lower division requirements for students interested in transferring to a four-year institution in this field may differ from associate degree requirements. Prospective transfer students should complete the general education and lower division requirements of the school to which they will be transferring. See a counselor for details. Information is also available at www.assist.org.

Emergency Medical Technician - I / EMT – Basic Certificate

The objective of this certificate is to train students to perform life support in the pre-hospital setting. Successful completion of the certificate program identifies the student has met the educational requirements as an Emergency Medical Technician-Basic. This is a state certificate program.

NOTE: Prior to starting this program the student must show proof of a clear criminal background check.

Admission: Open to all students who meet the age and physical requirements. Registration is limited to class size restrictions.

Major/Program Requirements

Required Courses:

EMS 020	Emergency Medical Technician	6.00
EMS 021	Preventing Disease Transmission for Emergency Medical Technician	.50
EMS 022	Basic Life Support for Emergency Medical Technician-EMT	.50
EMS 023	Hazardous Materials First Responder Awareness for Emergency Medical Technician-I/EMT-Basic	.50

A student receiving a certificate in this field will be able to:

- Evaluate, treat and transport the ill and injured
- Effectively use adjunctive airway breathing aids
- Administer and monitor medications
- Demonstrate competency in assessing and treating patients with medical or trauma emergencies at a basic level
- Participate in a culturally diverse environment

Emergency Medical Technician – Paramedic Certificate

The objective of this certificate is to train students with the necessary cognitive, psychomotor, and affective behaviors to provide advanced life support in the pre-hospital setting and to provide the necessary coursework to be licensed in the state of California. Completion of the certificate will prepare students for entry-level employment as Emergency Medical Technician–Paramedic and other occupations requiring Paramedic-level license.

NOTE: Prior to starting this program the student must show proof of a clear criminal background check.

Contact the Emergency Medical Services Office for application materials.

Candidates must successfully complete a minimum of 33.00 units of prescribed course work. A minimum grade of "C" must be maintained in all course work related to Emergency Medical

Services. A "C" in these courses is considered to be 80% or higher.

Entrance Requirements:

1. Current, CA EMT-Basic Certification
2. Must meet the age, physical and licensure requirements
3. Minimum of six months full-time experience or 1000 hours of part-time EMS experience
4. ANAT 101 or ANAT 150 and ANAT 151 or CSU transferable equivalent
5. High school diploma or GED
6. Current negative TB test within six months or chest x-ray within two years
7. Tetanus-diphtheria (T-D) booster within the last ten years
8. Completion of Hepatitis B immunization series or titer showing immunity
9. Completion of varicella (chickenpox) vaccination or titer showing immunity
10. MMR titer showing immunity or proof of MMR immunization
11. Physical examination within the last six months; must be performed by a physician or nurse practitioner and must include a statement that you "are free to participate in the Paramedic Program without restriction."

Entrance Competencies:

1. Reading level of 12th grade or higher
2. Math proficiency level of 10th grade or higher
3. Written EMT-Basic competency of 80 percent or higher
4. Written anatomy and physiology competency of 80 percent or higher
5. Oral judgment of simulated field situations of 80 percent or higher
6. Eligible to be licensed/accredited by state and local EMS agency

In order to be eligible for licensure as a paramedic in the state of California, students must complete the following 33.00 units, pass National Registry written and skills examinations, and meet all other licensure requirements established by the state.

Major/Program Requirements

Required Courses:

EMS 150	Patient Assessment for Paramedics	3.00
EMS 151	Introduction to EMS for Paramedics	2.00
EMS 152	Cardiology for the Paramedic	4.50
EMS 153	Pharmacology for the EMT-Paramedic	3.00
EMS 154	Emergency Medical Services Theory for the Paramedic	8.00
EMS 155	Skills Development for Paramedics	3.00
EMS 156	Clinical Externship for the Paramedic	2.00
EMS 157	Field Externship for the Paramedic	7.50

A student receiving a degree/certificate in this field will be able to:

- Draw inferences and conclusions that are logical and supported by evidence

- Recognize how environments influence opinion, reaction to stress and judgement
- Communicate effectively verbally and in writing
- Apply knowledge to analysis of specific problems
- Solve problems and makes decisions

Mobile Intensive Care Nurse Certificate

The objective of this certificate is to prepare experienced emergency room nurses in San Bernardino and Riverside Counties to interact via two-way radio communication with paramedics to assist in directing the care of patients in the pre-hospital setting.

Admission: Open to students possessing a current California Registered Nurse License who have completed the following entrance requirements

Contact the Emergency Medical Services Office for application materials.

Completion of the following 2.25 units and satisfactory completion of County requirements qualify the student for the Mobile Intensive Care Nurse Certificate.

Candidates must successfully complete a minimum of 2.25 units of prescribed course work. A minimum grade of "C" or better must be maintained in all required courses. A "C" in these courses is considered to be 80% or higher.

Entrance Requirements:

1. EMS 110, Advanced Cardiac Life Support – Provider (ACLS) or have a current ACLS card
2. One year experience as a registered nurse
3. Have 800 hours experience as a registered nurse in the Emergency Department
4. Proof of a cardiac dysrhythmia course
5. Current employment in a base station hospital in San Bernardino or Riverside County
6. Ability to complete a written screening examination with 80 percent accuracy

Radiologic Technology Certificate

NOTE: Prior to starting this program the student must show proof of a clear criminal background check.

The objective of this certificate is to prepare students to be competent practitioners in the field of radiography. Completion of the certificate will prepare the student to be eligible for the state and national board examinations and for entry-level employment in radiography. Radiologic Technology is an accredited, hospital-based program sponsored by Arrowhead Regional Medical Center (ARMC). The program is affiliated with Crafton Hills College and accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT). Program applications and transcripts must be filed at ARMC School of Radiologic Technology by April 1st. Application packets are available from October through February of each year. Contact the Program Director at ARMC at 909.580.3540 for information on the program and application materials. Visit the website www.arrowheadmedcenter.org. In 2015 all students will require an Associate degree in order to receive a certificate of completion from the Radiologic Technology program.

Admission: The Admissions Committee selects students on the basis of their college grades, satisfactory completion of prerequisite courses, and a personal interview. Interviews are granted to thirty applicants who have completed all prerequisite courses with a minimum 2.5 GPA and have submitted a complete application package with the non-refundable fee. The Admissions Committee selects eight students and four alternates.

MINIMUM QUALIFICATIONS: To be considered for a personal interview, the applicant must:

Submit a completed application package and fee; provide a copy of their high school diploma or GED; successfully complete the college prerequisites listed below plus completion of GE requirements for an AA or AS degree.

Major/Program Requirements

Respiratory Care - Associate of Science Degree

Crafton Hills College offers the Respiratory Care Program. Admission is open to all students who have completed the prerequisite courses. Contact the program Office at (909) 389-3286 for more information about application materials and registration procedures. The Respiratory Care program at Crafton Hills College is accredited by the Commission on Accreditation for Respiratory Care (www.coarc.com)

Contact: Commission on Accreditation for Respiratory Care

1248 Harwood Road

Bedford, TX 76021-4244

(817) 283-2835

Enrollment is limited to 35 students. Acceptance will be based on a point system. Students must complete RESP 050 (Introduction to

Respiratory Care), AH 101 (Medical Terminology), and ANAT 101 (Essentials of Human Anatomy and Physiology) and will have three points. Additional points can be earned with the completion of MICRO 102 (Introductory Microbiology), CHEM 101 (Introduction to Chemistry), or general education units required for an Associate of Science Degree and/or completion of an Associate degree or higher. Students with six points will be accepted first, then students with five points, etc., until all 35 seats are filled. It is definitely to a student's advantage to have all six points.

NOTE: Prior to acceptance in this program, the student must show proof of a clear criminal background check. All prospective students must submit a high school diploma or equivalent before acceptance into the program. If courses are being transferred from other colleges, sealed transcripts must be submitted to the Program Office and Admissions and Records.
