Dear Colleagues,

Thanks to all of you that took the time to review the "Measures of Progress." All recommended changes have been incorporated and are reflected in this final version of the 2010-2013 District Technology Strategic Plan.

Have a great weekend!

Glen

Subject: RE: DETS Executive Committee - Measures of Progress

Dear Colleagues,

Thank you for your participation in last week's DETS Executive Committee meeting. For those of you unable to attend, aside from the numerous reports and updates provided on a wide-range of projects, the principal focus of the meeting was developing "Measures of Progress" for the District Technology Strategic Plan (DTSP).

As you'll recall, though we completed the plan last April, we had agreed to revisit the DTSP this fall and incorporate Measures of Progress. Our committee broke into groups and developed measures for each of the supporting strategies of the DTSP. I have compiled those measures and attached them to this email. I ask that you please find the time to review the measures and send me any additions/comments/corrections/etc by Friday, October 15th. I will then incorporate them into the District Technology Strategic Plan.

If you have any questions, please do not hesitate to give me call.

Thank you,

Glen Kuck, Ed.D.
