Call Meeting to Order	1217 PM	
Approval of Minutes	Minutes for 9/9/2015 were approved by the committee.	
Administrative Report	The first batch of APs and BPs are here for review. New business was added to our agenda...a first review of the "Response to Student Death" will begin today.	
Old Business	All APs and BPs could not be reviewed, for the district was updating the documents, and we did not have access.	
New Business	The committee reviewed most of the first page of the "Crafton Hills College Response to Student Death" document that was sent to us from the Academic Senate. So far, there were minor consistencies that need to be addressed...are the official titles in the "Initial Notification" section correct, and applicable to both campuses? The document mentions the dissemination of information, but does not outline to who specifically... Finally, the committee thought that this document probably needs to be reviewed by someone with a legal background, especially with respect to privacy...there are sensitive issues.	The review process of this document will continue at the next meeting.
