Status, Accreditation Document	Rebecca shared a copy of the report with the members to review.  The report includes a lot of evidence for the Standards. Patricia (Menchaca) worked through Standard 1, 2B & 2C.  We are on track with the document. We have most of July to send to the print shop with pictures.  Our Function Map looks just like Valley's.	Rebecca will be sending her Standard 3A and the Technology Section.  Rebecca will send the committee members a copy of the document for feedback once the corrections have been made.
Senate recommendations, SLOs	This is on the Academic Senate's agenda for tomorrow's meeting for discussion and vote.	
Board Presentation, Report	We worked closely with Valley and they are interested to work with us on the mock visit this summer.	
Summer Work Group, Site Visit Preparation	The committee will consist of Rebecca (Warren-Marlatt),
