Please tell us about your significant other/children

I'm married (have been for 9 years), I was married for 25 years to my first husband and have 2 children with him. I have 2 ½ grandchildren (my daughter is pregnant, due in December). I am so in love with my grandchildren, I don't remember feeling this way about my kids!

If you could wish for one thing to come true this year, what would it be and why?

I would wish for the end of global warming and restoration of natural resources we've eliminated. I'm ashamed of the earth my grandchildren are inheriting.

Please share one interesting thing about you.

I love to cook. I love having people over and feeding them. I watch cooking shows like I'm in a classroom...! I take notes!!!!
