Subject: Most Recent Version of Accreditation Midterm Report

Follow Up Flag: Follow up
Flag Status: Flagged

Good Afternoon,

The most recent version of the Accreditation Midterm Report has been posted on the website and can be reached through the link below. We submitted this version for the Board's review and will give a presentation on Thursday evening during the Board Meeting. Many thanks to Alisa Moore for the formatting work she did to make the report attractive and easy to read. We are in the process of posting all evidence; many of the links are live if you wish to view the backup materials for the report.

Let me know if you have any questions or comments. Thanks for all your support and hard work.

Cheryl
