REPORTS

Board Members

Trustee Henry attended the CCLC Conference, specifically attended a Policies & Procedures session and a session focused on Investing in Foundations. Attended Chancellor’s Holiday Party, SBVC’s and

CHC's Holiday parties. Attended the history and honors research presentation. Also attended the Town Hall meeting on Adult Education at SBVC.

Trustee Singer attended the CCLC meeting. Attended sessions that talked about diversity and its ramifications. Inland Empire has challenges and needs to recognize that the I.E. is bereft of several of the advantages that other areas in the state have. California Competes website provides educational attainment rates by zip code. We as a district, college, and community must work to improve the educational attainment in the Inland Empire.

Trustee Williams attended 12/5/13 at SBVC and participated on a panel discussing financial planning. Attended the SBVC Honors Program. Also attended the CCLC Conference - Yuba Community College has standing committees for Trustees that include Fiscal, Audit committee, and a Policies committee – would like to meet with Bryan Reece from CHC and the work he is doing around student success. Trustee Williams would like to look at committee structures. Succession Planning and a Pathway to Leadership for faculty and staff and how they transition in positions. Standing agenda item or a committee set up around student success. Ferracone said we are already getting updates through Annual ARC Reports, President reports and student success cards.

Trustee Harrison attended CCLC and reported on sessions attended; Policies & Procedures, Soaring to New Fundraising Heights, the Role of Chancellors, Presidents and Trustees were exceptional. The Fundraising workshop talked about creating a development office as a regular part of a campus and seeing it as an investment. Trustee Harrison requested to ask the presenters of the workshops to meet with both campus foundations and Trustees to talk about the role of the department as it gets integrated into campus life. Attended Prop 39 Funds on energy and cost savings where she received a comprehensive look at what they expect to do in the next 5 years. Attended a presentation on the student success scorecard and salary surfer, where they announced improvements that have been made and the data will become available to evaluate student success. Trustee Harrison also attended the Town Hall meeting and excited at the possibility of having a consortia for adult ed and the District having a leadership role in the event.

President Ferracone attended the Holiday parties and Adult Ed Consortia. Also attended the Murder Mystery Dinner at SBVC.

Student Trustees

Yasmeen Flores is researching AB 540 and informing the student population. Attended an Ed Master Plan meeting. Will be attending a student panel on campus on Our Pathway Through the College.

Rosalinda Sosa-Sanchez attended a diversity conference and would like to see Valley students attend the international diversity conference. March of March is underway.

Chancellor

Chancellor Baron reported on the California Competes and shared the opinion piece from the Sun which addresses the comments made by Dr. Singer. Participating in college education is important. Over the last three years our budget has been cut by \$9 million. 2,500 full-time equivalent students have been shut out of classes, which is equivalent to over 5,000 students, over one thousand sections. Now that Prop 30 has passed, we're seeing an increase in seats being filled. There is a demand in our community for community college education. We've already filled the seats that the state has funded this year. The board at the time of our final budget, gave us an additional 2% growth above the state funding, which has already been filled. The board will be asked for an additional 2% growth for the Spring and Summer. Chancellor Baron stated the District's commitment to access and assured the public that we are doing everything possible within our resources to maximize our college

participation rate. Special applause recognition was given to Kelly Goodrich of the District, Ruby Zuniga of Crafton Hills, and Nicole Williams from SBVC and District-Wide winner. The program has been around the district for many years. It represents the behaviors and values that the Chancellor and the Board believe in. Dr. Kinde attended a 5-day leadership program by the Kaleidescope Association, which is nationally recognized for leaders in higher education. The district is working on staff development and career development program along the lines of succession planning.

Trustee Henry and Williams provided clarification on the November 14, 2013, Safety Training Overview items #1-4. This item will remove #1-4 and be replaced with Safety training overview to focus on what the board's role is if there is an earthquake.

SBVC President

Dr. Fisher highlighted AB 86 provides grant funds to form general consortia to improve adult education. The purpose of the meeting was to pull the potential partners together to start dialogue. Expect to have the RFA in hand by December 17. By February the plan has to be submitted to the state. \$2,478 was collected from their holiday basket fundraiser and will go to the textbook scholarship fund. Written report was submitted.

Academic Senate

Jeremiah Gilbert reported that both academic senates have been charged by District Assembly to draft an Audit policy. Draft policy language to be presented to the District Assembly in February. AP 2225 is in the works to be corrected and updated. E-Cigs will be explicitly listed in the smoking policy and will go to District Assembly in February. Jeremiah was re-elected as Senate President for another term. Algie Au will be acting Senate President while Jeremiah is on sabbatical.

Classified Senate

Cassandra Thomas gave an update on Delineation of Duties Statement and Thanksgiving Basket Giveaway program as provided in her written report.

Associated Students

Rosalinda Sosa-Sanchez Holiday Concert is taking place this evening. ASG is starting a book loan program.

CHC President

Dr. Marshall echoed and thanked Valley for AB 86 meeting. She announced the passing of Arnold Rigalado, warehouse employee. Attended her first statewide meeting as the Region 9 CEO representative. Attended new CEO training at CCLC. This month is the one year anniversary of being the permanent president. Written report submitted.

Academic Senate

Denise Allen Hoyt thanked everyone for supporting the Turn it in initiative scheduled to be rolled out in the Spring and training in the Fall. Working on Audit Policy and will have a recommendation to District Assembly in February. They are adding College Hours, which will open opportunity for students, clubs, faculty, and collegial consultation across the campus. The Academic Senate voted on the GE Initiative and recommended using the IGETC packages as the breadth requirements for AA and AS degrees.

Classified Senate

None

Associated Students

Yasmeen Flores reported PB&J drive for the Redlands Family Services generated 850 pounds and was a success. Currently revamping bylaws and setting goals for Spring Semester. Volunteering at the Redlands Blessing Center Soup Kitchen. Upcoming fundraiser to collect blankets.

CATALOG DESCRIPTION: Overview of Islam and Islamic-based culture, civilization and movements with a focus on its distinctive practices and beliefs. Survey of the history of Islam from the time of Muhammad and investigation of the Qur'an and hadith as primary Islamic doctrinal, ethical, devotional and legalistic sources. Examination of Islam in American and popular stereotypes of Islam and Muslims including Islamic-inspired violence, law and the Sharia and the treatment of women and religious and ethnic minorities.

SCHEDULE DESCRIPTION: Overview of Islam and Islamic-based culture, civilization and movements with a focus on its distinctive practices and beliefs.

Note: Course does not currently equate with SBVC

Effective: FA14

Rationale: Islam is the second largest religion in the world. It claims one-seventh of all the earth's as believers, and is among the most widespread faith traditions. Furthermore, Islam is a principal contributor to the worldview, deepest pieties, values and ways of living of over six million Americans including neighbors, classmates, and friends. Islamic sources, symbols, and practices deeply inform the culture, history, economics, and politics of peoples, governments, and businesses of most the planet. Concerns of (and about) Islam and Muslims are among the center of world affairs today and daily appear in the news, confronting and challenging our understanding. Islamic inspirations have been among the central agents in our world civilization for the past 1400 years, contributing much to the art, sciences, architecture, language, ethics, beliefs, values, and culture of the world we know it today.

100% ONLINE

Rationale: One of the planning themes of San Bernardino Valley College (SBVC) is access. For career technical courses, the issue of scheduling is crucial. Students working the night shift can only take class in the morning while those working traditional day schedules can only take evening classes. Given these variables and difficult schedules, students need the flexibility of time that an online class affords. An asynchronous online class allows students to study when their schedules allow and where they have the space and materials to do so effectively. The online delivery method of these courses supports the mission of SBVC by providing access to education to a diverse community of learners who find themselves in a community with complicated lives and difficult and demanding schedules and responsibilities.

PHILOSOPHY AA-T Transfer Degree

The Associate of Arts for Transfer (AA-T) in Philosophy provides students with invaluable skills transferable to most vocations through the Student Transfer Achievement Reform Act (SB 1440). The law states that students will have guaranteed admission to a California State University (CSU) campus upon successful completion of the specified program requirements. Whatever the vocational goal, students benefit from completing this AA-T in Philosophy. Nearly everyone is concerned with the kinds of questions and experiences studied in philosophy. This field of study is concerned with the nature of reality, truth and value, the human response to death and suffering, and those perennial human questions: Who am I? Why am I here? And where am I going. Philosophy courses require critical analysis, clarity, and understanding. These skills are achieved through careful and close reading of texts, images, and symbols as well as through descriptive and analytic writing. The AA-T in Philosophy requires the study of diverse and often competing belief systems. This is a challenging and exciting endeavor that can help us make sense of the events taking place in the world around us. Students should consult with a counselor to determine whether this degree is the best option for their transfer goals.

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college. The Associate in Arts for Transfer (AA-T) or the Associate in Science for Transfer (AS-T) is intended for students who plan to complete a bachelor's degree in a similar major at a CSU campus. Students completing these degrees (AA-T or AS-T) are guaranteed admission to the CSU system, but not to a particular campus or major. In order to earn one of these degrees, students must complete 60 required semester units of CSU-transferable coursework with a minimum GPA of 2.0. Students transferring to a CSU campus that does accept the AA-T or AS-T will be required to complete no more than 60 units after transfer to earn a bachelor's degree (unless the major is a designated "high unit" major). This degree may not be the best option for students intending to transfer to a particular CSU campus or to a university or college that is not part of the CSU system. Students should consult with a counselor when planning to complete the degree for more information on university admission and transfer requirements.

To earn this AA-T degree, students must complete the following Associate Degree for Transfer requirements:

- completion of the following major requirements with grades of C or better;
- completion of a minimum of 60 CSU transferable semester units with a grade point average of at least 2.0; and
- certified completion of the CSU General Education-Breadth (CSUGE) or Intersegmental General Education Transfer Curriculum (IGETC) for CSU, which requires a minimum of 39 units.

It is highly recommend that students complete courses that satisfy the U.S. History, Constitution, and American Ideals requirement as part of CSUGE or IGETC before transferring to a CSU.

Students planning to transfer to a baccalaureate institution and major in Philosophy should consult with a counselor regarding the transfer process and lower division requirements.

PHYSICS AS-T Transfer Degree

The Associate of Science for Transfer (AS-T) in Physics provides students with a deep understanding of the world around them through the Student Transfer Achievement Reform Act (SB 1440). The law states that students will have guaranteed admission to a California State University (CSU) campus upon successful completion of the specified program requirements. This degree provides students with transfer preparation and pre-professional training. The AS-T in Physics explores with finding and using the rules that govern everything—from the smallest pieces of the atom to the various collections of atoms—molecules, balls, planets, stars, and more—that compose the myriad contents of the universe. Students should consult with a counselor to determine whether this degree is the best option for their transfer goals.

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college. GEOGRAPHY A.S. Degree Major

The environmental and spatial science of geography examines both physical and cultural landscapes across the Earth. As a spatial science, physical and cultural location and patterns on Earth's surface are central to the study of geography. It includes the study of all forces of nature and the consequences of those forces, with an emphasis on human-environment interactions.

Specifically, geography integrates multiple natural and social sciences and includes: the nature and interactions of the atmosphere and the land, plants and animals, the Earth's waters, weather, climate, the Earth's dynamic surface, landforms and soil, and the way people have inhabited and altered the Earth by creating various forms of agriculture, language, religion, and cities.

Courses in geography fulfill the science and social sciences requirement for the associate degree, prepare the students for majoring in geography at a four-year institution, and supplement other studies for students interested in careers in environmental studies, education, engineering, urban planning, and architecture. Students planning to transfer to a four-year institution as a geography major should consult with a counselor regarding the transfer process and lower division requirements.

To graduate with a specialization in Geography, students must complete the following required courses plus the general breadth requirements for the Associate Degree (total = 60 units).

GEOGRAPHY AA-T Transfer Degree

This Associate in Arts degree in Geography for Transfer (A.A.-T.) provides a path to students who wish to transfer to a CSU campus in Geography and serves the diverse needs of students who wish to obtain a broad and an in-depth understanding of the field. Additionally, this degree allows students to examine the environmental and spatial science of geography including both physical and cultural landscapes across the Earth. Courses in Geography also prepare students interested in careers in environmental studies, education, engineering, urban planning, and architecture.

The Student Transfer Achievement Reform Act (Senate Bill 1440, now codified in California Education Code sections 66746-66749) guarantees admission to a California State University (CSU) campus for any community college student who completes an "associate degree for transfer", a newly established variation of the associate degrees traditionally offered at a California community college. SUBJECT: Consideration of Approval of Substantive Change Proposal for Distance Education/Distributed Education programs, SBVC

RECOMMENDATION

It is recommended that the Board of Trustees approve SBVC's Substantive Change Proposal for Distance Education/Distributed Education.

OVERVIEW

Guidelines set by the Accrediting Commission for Community and Junior Colleges (ACCJC), Western Association of Schools and Colleges (WSC), requires SBVC to file of a Substantive Change Proposal as related to our Distance Education/Distributed Education program offerings.

ANALYSIS

The Substantive Change Proposal is filed to report the 25 associate degrees and 2 certificates in which 50% or more required units are satisfied by courses that are approved by SBVC to be offered through "Distance Education". This report also includes 5 certificates in which 30%-49% of the units are satisfied by courses approved for Distance Education. Further, this report reflects that no course/program offered through SBVC is approved as a "correspondence course".

SUBJECT: Consideration of Revision to the Professional Expert Rate of Pay
Schedule

RECOMMENDATION

It is recommended that the Board of Trustees approve the revision to the Professional Expert Rate of Pay Schedule.

OVERVIEW

The following classifications have been added to the Professional Expert Rate of Pay Schedule:

RTVF Intern I, at the hourly rate of \$11.00, RTVF Intern II, at the hourly rate of \$12.00, and RTVF Intern III, at the hourly rate of \$13.00, Grant Writer I, at the hourly rate of \$30.00, Grant Writer II, at the hourly rate of \$40.00, and Grant Writer III, at the hourly rate of \$55.00, effective January 17, 2014.

ANALYSIS

The RTVF (Radio, Television, Film) Interns will improve the quality of student RTVF productions for potential airing on KVCR TV and Radio.

The change in salary for Grant Writer is necessary to be more competitive to attract qualified grant writers.

BOARD IMPERATIVE

III. Resource Management for Efficiency, Effectiveness and Excellence.

FINANCIAL IMPLICATIONS

SUBJECT: Consideration of Approval of Granting Sabbatical Leaves for the 2014-2015 Academic Year

RECOMMENDATION

It is recommended that the Board of Trustees approve the granting of sabbatical leaves for the 2014-2015 academic year.

OVERVIEW

The faculty members on the following list are being recommended for Sabbatical Leaves.

ANALYSIS

On September 12, 2013, the Board of Trustees granted two sabbatical leaves for the 2014-2015 academic year. The Sabbatical Leave Committees at each campus met and forwarded their recommendations to the District. The District Sabbatical Leave Committee met on December 9, 2013, to review the requests and forwarded their recommendations to the Chancellor.

BOARD IMPERATIVE

III. Resource Management for Efficiency, Effectiveness and Excellence.

FINANCIAL IMPLICATIONS

The cost to the District is the adjunct replacement for the instructor's classes.

Sabbatical Leaves 2014-2015 Academic Year

Julie McKee, Sociology Professor & Department Chair for Social Sciences, Arts & Sciences Department, CHC, Fall Semester 2014.

Create a comprehensive service learning handbook for CHC students, with standards, guidelines and a code of ethics to help students successfully complete service learning projects which would be available to all students via the website. Build community relationships with organizations that utilize volunteers, to create partnership agreements and contracts between participating organizations/CHC. Identify objectives for faculty to create, structure and organize a successful service learning assignment, using educational models and interviewing CHC faculty about discipline specific issues. Create a faculty handbook for all faculty interested in learning about and incorporating service learning into their courses.

In an article written by Shelly Billig of RMC Research Corporation, it is concluded that service learning can “increase students’ personal, interpersonal and social development, increase motivation, student engagement and school attendance; and lead to more positive lifestyle choices and behavior.” This research shows that service learning participation supports the mission of CHC, “To advance the education and success of students in a quality learning environment.” As well as the mission of SBCCD which is “the development of intellect and character in a manner that prepares students to contribute effectively and ethnically as citizens”.

Michael Slusser, Assistant Professor, English/Humanities, SBVC, Fall Semester 2014.

Create a new course for the college on observational writing and the environment, with the possibility of collaboration with other disciplines by using experience of hiking the entirety of the Pacific Crest Trail, during which notes & a record of observations of the experience will be kept.

These materials will be used to continue and deepen research into the connections between writing and environment – specifically, writing and wilderness experience and how understanding of surroundings shape our understanding of ourselves and place in the world. In addition, write a narrative of the journey and write text on the observational writing for use in composition courses.

The college would benefit from a new faculty-authored text about observational writing which will enhance students’ ability to write across the curriculum; in addition, publications by faculty always enhance the reputation of the institution. The college would be able to offer new classes in a much-needed discipline and provide students enhance training for professional and academic pursuits.

SAN BERNARDINO COMMUNITY COLLEGE DISTRICT

TO: Board of Trustees
FROM: Bruce Baron, Chancellor
REVIEWED BY: Timothy L. Oliver, Interim Vice Chancellor, Fiscal Services
PREPARED BY: Cheryl A. Marshall and Gloria Fisher
DATE: January 16, 2014
SUBJECT: Consideration of Funding for Student Success for FY 2013-2014

RECOMMENDATION

It is recommended that the Board of Trustees approve a one-time budget adjustment of \$448,000 to support expanded student success programs at Crafton Hills College and San Bernardino Valley College for FY 2013-2014.

OVERVIEW

The California Community College System formed the Student Success Task Force in 2010 to develop recommendations for significant improvements in the success rates of students. This Task Force was established in part as a result of the Student Success Act (SB 1456); more importantly Community College faculty and staff are committed to helping students achieve their goals. The Student Success Task Force Recommendations were published in 2011 and a 5-Year Plan was established for implementation. In addition, the District is pursuing 6.26% growth in FTEs for the 2013-2014 AY; the additional students will require services to support retention and success.

ANALYSIS

The Colleges receive Student Success Funds from the State and have used Basic Skills Funds, grants, general funds, and donations to provide support services to students. Upon approval, additional funds from District Unrestricted Reserves will be allocated for expansion and enhancement of College services as follows:

- \$300,000 to San Bernardino Valley College, and
- \$148,000 to Crafton Hills College

BOARD IMPERATIVE

I. Resource Management for Efficiency, Effectiveness, and Excellence

FINANCIAL IMPLICATIONS

\$448,000 will be transferred from District Unrestricted Reserves to college expense budgets.

DATE: January 16, 2014
SUBJECT: Consideration of Acceptance of Classified Employee Retirement

RECOMMENDATION

It is recommended that the Board of Trustees accept the retirement of Barbara Spalding, Secretary II, Student Health Services, SBVC.

OVERVIEW

Barbara Spalding, Secretary II, Student Health Services, SBVC, submitted her letter of retirement with an effective date of January 21, 2014, after six years of service to the District. Her last date of employment with the District is January 20, 2014.

ANALYSIS

The Human Resources Department provided the employee acceptance of her retirement.

REVIEWED BY: Bruce Baron, Chancellor
PREPARED BY: Bruce Baron, Chancellor
DATE: January 16, 2014
SUBJECT: Consideration of Approval of the Revised Numbering of the Districts for Map 1 and Adopt a Resolution

RECOMMENDATION

There is no substantive change to the map, only the numbers of the districts. It is, therefore, recommended that the Board of Trustees approve the revised numbering of the districts for Map 1 and to adopt a resolution establishing trustee areas from which board members will be elected and approving the election of board members in a by-trustee area election process.

OVERVIEW

The California Voting Rights Act requires all local governments, including community colleges, to evaluate their current election processes. At its August 8, September 12, and October 29 meetings, the Board of Trustees received public comment on three proposed redistricting options. On December 12, 2013 the Board of Trustees voted to use Map 1.

BOARD IMPERATIVE

**RESOLUTION OF THE BOARD OF TRUSTEES OF THE
SAN BERNARDINO COMMUNITY COLLEGE DISTRICT ESTABLISHING TRUSTEE
AREAS FROM WHICH DISTRICT GOVERNING BOARD MEMBERS WILL
BE ELECTED AND APPROVING THE ELECTION OF SUCH BOARD
MEMBERS IN A BY-TRUSTEE AREA ELECTION PROCESS**

WHEREAS, the San Bernardino Community College District (“District”) currently uses an “at-large” process of electing its governing board members; and

WHEREAS, “at-large” election processes such as the District’s are subject to challenge under the California Voting Rights Act of 2001, codified at sections 14025–14032 of the California Elections Code (“CVRA”); and

WHEREAS, a “by-trustee area” election process is not vulnerable to challenge under the CVRA; and

WHEREAS, by-trustee area elections require candidates for the District’s Board of Trustees (the “Board”) to reside within a specific geographic area of the District called a “trustee area” and candidates are elected by the voters of that trustee area; and

WHEREAS, Education Code section 72036 allows community college districts to transition from an “at-large” election process to a “by-trustee area” election process upon the adoption of a resolution by the District’s Board and upon the approval of the Board of Governors of the California Community Colleges; and

WHEREAS, the California Community College League and Redistricting Partners helped guide the redistricting process for the San Bernardino CCD, including conducting three public forums on August 8, 2013; September 12, 2013; and October 29, 2013 to receive input: and

WHEREAS, the SBCCD has recommended an adjusted trustee area boundary plan for the Board’s consideration; and

WHEREAS, the Board hereby adopted Plan 1 on December 1, 2013; and

WHEREAS, the Board hereby adopted the revised numbering of the districts in Plan 1 on January 16, 2014; and

WHEREAS, each trustee area in the Plan contains substantially equal population utilizing the most recent decennial federal census data as required by Education Code section 72036; and

WHEREAS, the trustee areas from which governing board members will be elected in November 2014 are Areas 2, 4, and 6; and WHEREAS, the trustee areas

from which governing board members will be elected in the following governing board member election occurring in November 2016 are Areas 1, 3, 5, and 7.

NOW THEREFORE, be it resolved by the Board of Trustees of the San Bernardino Community College District as follows:

1. That the above recitals are true and correct.
2. That the Board hereby adopts the Plan for use in a “by-trustee area” election process commencing with the District’s next regularly scheduled governing board member election occurring in November of 2014.
3. That the Chancellor and/or his designee take all actions necessary to obtain the approval of this change from the Board of Governors of the California Community Colleges and provide whatever information or assistance may be required by the Board of Governors to complete this process.

ADOPTED, SIGNED AND APPROVED this 16 day of January 2014.

The Board of Trustees
San Bernardino Community College District
San Bernardino, California

We have audited the accompanying financial statements of the San Bernardino Community College District (the "District"), as of and for the year ended June 30, 2013, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement. An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of San Bernardino Community College District, as of June 30, 2013, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the required supplementary information, such as management's discussion and analysis on pages 4 through 11, and the schedule of funding progress on page 41 be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the San Bernardino Community College District's basic financial statements. The supplementary information listed in the table of contents, including the schedule of expenditures of Federal awards, which is required by the U.S. Office of Management and Budget Circular A-133, *Audits of State, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 18, 2013 on our consideration of San Bernardino Community College District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering San Bernardino Community College District's internal control over financial reporting and compliance.

**MANAGEMENT'S DISCUSSION
AND ANALYSIS**

SAN BERNARDINO COMMUNITY COLLEGE DISTRICT
Management's Discussion and Analysis (Unaudited)
For the Fiscal Year Ended June 30, 2013

The San Bernardino Community College District was established in 1926 and serves most of the County of San Bernardino and a small portion of the County of Riverside. The District includes two comprehensive community colleges, a Professional Development Center, and a television and radio station. Students in our colleges may complete the freshman and sophomore years of a baccalaureate degree and transfer to upper division study at a university or complete a certified vocational program and move directly to the workforce.

As an independent division of San Bernardino Community College District, the Economic Development and Corporate Training Division carries out the economic and workforce development mission of the District through its two dedicated workforce training facilities: the Professional Development Center (PDC) and the Donald F. Averill Applied Technology Training Center (ATTC). The Division offers customized and short-term training programs to residents in the Inland Empire, including San Bernardino, Colton, Rialto, Highland, Bloomington, Grand Terrace, Redlands, Loma Linda, Yucaipa, and Big Bear.

KVCR-FM and KVCR-TV ("KVCR") is a public telecommunications entity owned and operated by the San Bernardino Community College District (the "District"), which provides radio and television stations to the Inland Empire area of Southern California. These stations provide the public with a variety of musical, informational, and educational programming.

The following discussion and analysis provides an overview of the financial position and activities of the San Bernardino Community College District (the "District") for the year ended June 30, 2013. The discussion has been prepared by management and should be read in conjunction with the financial statements and notes thereto which follows this section.

SAN BERNARDINO COMMUNITY COLLEGE DISTRICT
Management's Discussion and Analysis (Unaudited), continued
For the Fiscal Year Ended June 30, 2013

OVERVIEW OF THE FINANCIAL STATEMENTS

The District was required to implement the reporting standards of Governmental Accounting Standards Board (GASB) Statement No. 34, as amended by GASB Statement No. 35 on July 1, 2002. This adoption changed the format and the content of the District's basic financial statements. The District is following the Business Type Activity (BTA) model. Rather than issuing fund-type financial statements, these Statements require the following components to be included in the District's financial statements:

- Management's Discussion and Analysis
- Basic Financial Statements including Statements of Net Assets, Statements of Revenues, Expenses, and Changes in Net Assets, and Statements of Cash Flows for the District as a whole.
- Notes to Financial Statements

Additionally, fund balance is referred to as Net Assets, and the Statements of Cash Flows are presented using the direct method.

The basic financial statements are designed to provide readers with a broad overview of the District's finances, using accounting methods similar to those used by private sector companies. These statements offer short-term and long-term financial information about the District's activities.

Statement of Net Assets

The Statement of Net Assets presents the assets, liabilities, and net assets of the District as of the end of the fiscal year and is prepared using the accrual basis of accounting, which is similar to the accounting basis used by most private-sector organizations. The Statement of Net Assets is a point-of-time financial statement whose purpose is to present to the readers a fiscal snapshot of the District. The Statement of Net Assets presents end-of-year data concerning assets, liabilities, and net assets.

From the data presented, readers of the Statement of Net Assets are able to determine the assets available to continue operations of the District. Readers are also able to determine how much the District owes vendors and employees. Finally, the Statement of Net Assets provides a picture of the net assets and their availability for expenditure by the District.

The difference between total assets and total liabilities is one indicator of the current financial condition of the District: the change in net assets is an indicator of whether the overall financial condition has improved or worsened during the year. Assets and liabilities are generally measured using current values. One notable exception is capital assets, which are stated at historical cost less accumulated depreciation.

SAN BERNARDINO COMMUNITY COLLEGE DISTRICT
Management's Discussion and Analysis (Unaudited), continued
For the Fiscal Year Ended June 30, 2013

OVERVIEW OF THE FINANCIAL STATEMENTS (continued)

Statement of Net Assets (continued)

The Net Assets are divided into three major categories. The first category, invested in capital assets, net of related debt provides the equity amount in property, plant, and equipment owned by the District. The second category is expendable restricted net assets: these net assets are available for expenditure by the District, but must be spent for purposes as determined by external entities and/or donors that have placed time or purpose restrictions on the use of the asset. The final category is unrestricted net assets that are available to the District for any lawful purpose of the District.

A summary of the Statement of Net Assets as of June 30, 2013 and June 30, 2012 is shown below (amounts in thousands):

	Governmental Activities		
	2013	2012	Net Change

OVERVIEW OF THE FINANCIAL STATEMENTS (continued)

Statement of Revenues, Expenses, and Changes in Net Assets

The Statements of Revenues, Expense, and Changes in Net Assets represent the operating results of the District. The purpose of the statements is to present the revenues received by the District, both operating and non-operating, the expenses paid by the District, operating and non-operating, and any other revenues, expenses, gains and losses. Thus, these statements present the District's results of operations.

Changes in total net assets, as indicated on the Statements of Net Assets are based on the activity presented in the Statements of Revenues, Expenses, and Changes in Net Assets.

Generally, operating revenues are earned for providing goods and services to the various customers and constituencies of the District. Operating expenses are those expenses incurred to acquire or produce the goods and services provided in return for the operating revenues and to fulfill the mission of the District. Non-operating revenues are those received or pledged for which goods and services are not provided. For example, State appropriations are non-operating revenues because they are provided by the State Legislature to the District without the Legislature directly receiving commensurate goods and services for the revenues.

OVERVIEW OF THE FINANCIAL STATEMENTS (continued)

Statement of Cash Flows

The Statement of Cash Flows provides information about cash receipts and cash payments during the fiscal year. This Statement also helps users assess the District's ability to generate positive cash flows, meet obligations as they come due, and the need for external financing.

The Statement of Cash Flows is divided into five parts. The first part reflects operating cash flows and shows the net cash used by the operating activities of the District. The second part details cash received for non-operating, non-investing, and non-capital financing purposes. The third part shows cash flows from capital and related financing activities. This part deals with the cash used for the acquisition and construction of capital and related items. The fourth part provides information from investing activities and the amount of interest received. The last section reconciles the net cash used by operating activities to the operating loss reflected on the Statement of Revenues, Expenses, and Changes in Net Assets.

The Statement of Cash Flows for the fiscal years ended June 30, 2013 and June 30, 2012 is summarized below (amounts in thousands):

	2013	2012

OVERVIEW OF THE FINANCIAL STATEMENTS (continued)

District Fiduciary Responsibility

The District is the trustee, or fiduciary, for certain amounts held on behalf of students, clubs, and donors for student loans and scholarships. The District's fiduciary activities are reported in separate Statements of Fiduciary Net Assets and Changes in Fiduciary Net Assets. Net assets of fiduciary activities are excluded from the District's net assets because the District cannot use fiduciary assets to finance its operations. The District is responsible for ensuring that the assets reported in these funds are used for their intended purposes.

Capital Assets

As of June 30, 2013, the District had approximately \$472.7 million invested in capital assets. Capital assets consist of land and land improvements, buildings and building improvements, construction in progress, vehicles, data processing equipment, and other equipment that met the capitalization threshold recommended by GASB Statement No. 35. These assets have accumulated depreciation of \$82.7 million, leaving a net asset amount of \$389.9 million.

Note 5 to the financial statements provides detail information on capital assets. A summary of capital assets net of accumulated depreciation and changes therein is presented below (amounts in thousands):

	Governmental Activities		
	2013	2012	Net Change
Land and construction in progress	\$ 56,222	\$ 41,708	\$ 14,514

ECONOMIC FACTORS THAT MAY AFFECT THE FUTURE

The major economic factors that have an effect on the District's and all California Community College Districts' financial condition are directly related to the overall economic, budgetary, and fiscal condition of the State of California and any future legislation that may impact the funding of all community colleges in the state.

The FY 2013-2014 state budget for community colleges included a cost of living adjustment (COLA) of 1.57% on general purpose apportionments and 1.63% for restoration of funding statewide. The colleges are prepared to earn the additional growth funds while containing enrollments to available funding levels. Enrollment fees remain at \$46/unit. Although enrollment fees have increased 130% in the last 5 years, they are still among the lowest in the nation.

SAN BERNARDINO COMMUNITY COLLEGE DISTRICT
Notes to Financial Statements
June 30, 2013

NOTE 1 – ORGANIZATION

The San Bernardino Community College District (District) is a political subdivision of the State of California and provides educational services to the local residents of the surrounding area. The District, formed in 1926, operates two co-educational two-year community colleges, San Bernardino Valley College and Crafton Hills College, and a Professional Development Center. The colleges are tax supported and governed by a locally elected Board of Trustees acting through the administration of the District and the Presidents of the respective colleges. The school districts within the boundaries of the District include Bear Valley, Fontana, Redlands, Rialto, Rim of the World, and San Bernardino City Unified School Districts, and Colton and Yucaipa-Calimesa Joint Unified School Districts. The District is located in San Bernardino County, with the exception that portions of Colton Joint Unified School District and Yucaipa-Calimesa Joint Unified School District are located in Riverside County.

Financial Reporting Entity

The District has adopted GASB Statement No. 39, *Determining Whether Certain Organizations are Component Units*. This statement amends GASB Statement No. 14, *The Financial Reporting Entity*, to provide additional guidance to determine whether certain organizations, for which the District is not financially accountable, should be reported as component units based on the nature and significance of their relationship with the District.

In evaluating how to define the District for financial reporting purposes, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth in generally accepted accounting principles and GASB Statement No. 14 and Statement No. 39. The basic, but not the only, criterion for including a potential component unit within the reporting entity is the Board of Trustee's ability to exercise oversight responsibility. A second criterion used in evaluating potential component units is the scope of public service. A third criterion used to evaluate potential component units is the existence of special financing relationships, regardless of the whether the District is able to exercise oversight responsibilities.

Based on the application of the criteria listed above, one potential component unit has been included in the District's reporting entity as blended component unit.

KVCR Educational Foundation, Inc. is a 501 (c)(3) nonprofit organization formed to meet the funding requirements of KVCR-TV/FM, a wholly owned broadcasting affiliate of the District. KVCR Educational Foundation, Inc. has been included as blended component unit. The Foundation also issues a stand-alone audited financial report, which can be obtained from the District or the Foundation.

SAN BERNARDINO COMMUNITY COLLEGE DISTRICT
Notes to Financial Statements, continued
June 30, 2013

NOTE 1 – ORGANIZATION (continued)

Financial Reporting Entity (continued)

Based on the application of the criteria listed above, the following potential component units have been excluded from the District's reporting entity:

- The San Bernardino Community College District Public Entity Investment Trust
- The San Bernardino Valley College Foundation
- The Crafton Hills College Foundation

The Foundations are separate, not-for-profit corporations. Their Board of Directors are appointed independent of any District Board of Trustee appointments. Their Boards are responsible for approving their own budgets and accounting and financing related activities.

Separate financial statements for the Foundations and Investment Trust may be obtained through the District.

Joint Powers Agencies and Public Entity Risk Pools

The District is associated with five joint powers agencies (JPAs). These organizations do not meet the criteria for inclusion as component units of the District. The JPAs are the School Alliance for Workers' Compensation Excess II Self-Funded Joint Powers Authority (SAWCZ II), the Schools Association For Excess Risk (SAFER), the California Community College Financing Authority (CCCFA), the San Bernardino Regional Emergency Training Center (SBRETC), and the Statewide Association of Community Colleges (SWACC).

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

For financial reporting purposes, the District is considered a special-purpose government engaged only in business-type activities as defined by GASB Statements No. 34 and No. 35 as amended by GASB Statements No. 37 and No. 38. Accordingly, the District's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-agency and intra-fund transactions have been eliminated.

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place and amounts are available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. For the District, available means expected to be received within 90 days of fiscal year end.

SAN BERNARDINO COMMUNITY COLLEGE DISTRICT
Notes to Financial Statements, continued
June 30, 2013

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Measurement Focus, Basis of Accounting, and Financial Statement Presentation (continued)

Nonexchange transactions, in which the District receives value without directly giving equal value in return, include State apportionments, property taxes, certain grants, entitlements, and donations. Revenue from State apportionments is generally recognized in the fiscal year in which it is apportioned from the State. Revenue from property taxes is recognized in the fiscal year in which the taxes are received. Revenue from certain grants, entitlements, and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include time and purpose requirements.

The accounting policies of the District conform to accounting principles generally accepted in the United States of America (U.S. GAAP) as applicable to colleges and universities, as well as those prescribed by the California Community Colleges Chancellor's Office.

The District reports are based on all applicable GASB pronouncements, as well as applicable Financial Accounting Standards Board (FASB) pronouncements issued on or before November 30, 1989, now codified in the FASB Accounting Standards Codification, unless those pronouncements conflict with or contradict GASB pronouncements. When applicable, certain prior year amounts have been reclassified to conform to current year presentation. The budgetary and financial accounts of the District are maintained in accordance with the State Chancellor's Office Budget and Accounting Manual.

The financial statements are presented in accordance with the reporting model as prescribed in GASB Statement No. 34, *Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments*, and GASB Statement No. 35, *Basic Financial Statements and Management's Discussion and Analysis for Public Colleges and Universities*, as amended by GASB Statements No. 37 and No. 38. The Business type activities model followed by the District requires the following components of the District's financial statements:

- Management's Discussion and Analysis
- Basic Financial Statements for the District as a whole including:
 - Statements of Net Assets
 - Statements of Revenues, Expenses, and Changes in Net Assets
 - Statements of Cash Flows
- Notes to Financial Statements

Cash and Cash Equivalents

The District's cash and cash equivalents are considered to be cash on hand and demand deposits. Cash equivalents also include cash with county treasury balances for purposes of the statements of cash flows.

SAN BERNARDINO COMMUNITY COLLEGE DISTRICT

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Investments

In accordance with GASB Statement No. 31, *Accounting and Reporting for Certain Investments and for External Investment Pools*, investments are stated at fair market value. Fair market value is estimated based on published market prices at year-end. Investments for which there are no quoted market prices are not material.

Accounts Receivable

Accounts receivable include amounts due from the federal, state and/or local governments, or private sources, in connection with reimbursement of allowable expenditures made pursuant to the District's grant and contracts. Accounts receivable also consist of tuition and fee charges to students and auxiliary enterprise services provided to students, faculty, and staff, the majority of each residing in the State of California. Management has analyzed these accounts and believes all amounts are fully collectable.

Prepaid Expenditures

Prepaid expenditures or expenses represent payments made to vendors for services that will benefit periods beyond June 30, 2013.

Inventory

Inventory consists primarily of expendable supplies held for consumption. Inventories are stated at the lower of cost or market, utilizing the first-in, first-out method. The cost is recorded as an expense as the inventory is consumed.

Capital Assets and Depreciation

Capital assets are long-lived assets of the District as a whole and include land, construction-in-progress, buildings, leasehold improvements, and equipment. The District maintains an initial unit cost capitalization threshold of \$5,000. Assets are recorded at historical cost, or estimated historical cost, when purchased or constructed. The District does not possess any infrastructure. Donated capital assets are recorded at estimated fair market value at the date of donation. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. Major outlays for capital improvements are capitalized as construction-in-progress as the projects are constructed. Routine repairs and maintenance that do not extend the life of the building or equipment are charged as operating expenses in the year the expense is incurred.

Depreciation of capital assets is computed and recorded by the straight-line method. Estimated useful lives of the various classes of depreciable capital assets are as follows: buildings, 40 to 50 years; improvements, 20 to 25 years; equipment, 5 to 15 years.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Accrued Liabilities and Long-Term Obligations

All payables, accrued liabilities, and long-term obligations are reported in the entity-wide financial statements.

Deferred Issuance Costs, Premiums, and Discounts

Bond premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the bonds using the straight line method.

Compensated Absences

Accumulated unpaid employee vacation benefits are accrued as a liability as the benefits are earned. The entire compensated absence liability is reported on the entity-wide financial statements. The amounts have been recorded in the fund from which the employees, who have accumulated the leave, are paid. The District also participated in “load-banking” with eligible academic employees whereby the employee may teach extra courses in one period in exchange for time off in another period.

Sick leave is accumulated without limit for each employee based upon negotiated contracts. Leave with pay is provided when employees are absent for health reasons; however, the employees do not gain a vested right to accumulated sick leave. Employees are never paid for any sick leave balance at termination of employment or any other time, therefore, the value of accumulated sick leave is not recognized as a liability in the District’s financial statements. However, credit for unused sick leave is applicable to all classified school members who retire after January 1, 1999. At retirement, each member will receive .004 year of service credit for each day of unused sick leave.

Deferred Revenue

Deferred revenue arises when potential revenue does not meet both the “measurable” and “available” criteria for recognition in the current period or when resources are received by the District prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for deferred revenue is removed from the combined balance sheet and revenue is recognized. Deferred revenues include (1) amounts received for tuition and fees prior to the end of the fiscal year that are related to the subsequent fiscal year and (2) amounts received from Federal and State grants received before the eligibility requirements are met.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Net Assets

GASB Statements No. 34 and No. 35 report equity as “Net Assets.” Net assets are classified according to external donor restrictions or availability of assets for satisfaction of District obligations according to the following net asset categories:

- **Invested in Capital Assets, Net of Related Debt** – Capital Assets, net of accumulated depreciation and outstanding principal balances of debt attributable to the acquisition, construction, or improvement of those assets.
- **Restricted – Expendable** – Net assets whose use by the District is subject to externally imposed constraints that can be fulfilled by actions of the District pursuant to those constraints or by the passage of time.
- **Unrestricted** – Net assets that are not subject to externally imposed constraints. Unrestricted net assets may be designated for specific purposes by action of the Board of Trustees or may otherwise be limited by contractual agreements with outside parties.

When both restricted and unrestricted resources are available for use, it is the District’s practice to use restricted resources first and the unrestricted resources when they are needed. The entity-wide financial statements report \$39,650,924 of restricted net assets.

Operating Revenues and Expenses

Classification on Revenues – The District has classified its revenues as either operating or nonoperating according to the following criteria:

- **Operating revenues** – Operating revenues include activities that have the characteristics of exchange transactions, such as, (1) student tuition and fees, net of scholarship discounts and allowances, (2) sales and services of auxiliary enterprises, net of scholarship discounts and allowances, (3) most Federal, State, and local grants and contracts, and (4) interest on institutional student loans.
- **Nonoperating revenues** – Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as State apportionments, property taxes, investment income, gifts and contributions, and other revenue sources described in GASB Statement No. 34.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Operating Revenues and Expenses (continued)

Classification of Expenses – Nearly all the District’s expenses are from exchange transactions and are classified as either operating or nonoperating according to the following criteria:

- **Operating expenses** – Operating expenses are necessary costs to provide the services of the District and include employee salaries and benefits, supplies, operating expenses, and student financial aid.
- **Nonoperating expenses** – Nonoperating expenses include interest expense and other expenses not directly related to the services of the District.

State Apportionments

Certain current year apportionments from the state are based on financial and statistical information of the previous year. Any corrections due to the recalculation of the apportionment are made in February of the subsequent year and are recorded in the District’s financial records when received.

On-Behalf Payments

GASB Statement No. 24 requires direct on-behalf payments for fringe benefits and salaries made by one entity to a third party recipient for the employees for another legally separate entity be recognized as revenues and expenditures by the employer entity. The State of California makes direct on-behalf payments to the State Teachers and the Public Employees Retirement Systems (CalSTRS and CalPERS) on behalf of all community colleges in California. The amounts of on-behalf payments were \$1,163,584 and \$0 for CalSTRS and CalPERS, respectively.

Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amount reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

Property Tax

Secured property taxes attach as an enforceable lien on property as of January 1. The County Assessor is responsible for assessment of all taxable real property. Taxes are payable in two installments on November 1 and February 1 and become delinquent on December 10 and April 10, respectively. Unsecured property taxes are payable in one installment on or before August 31. The County of San Bernardino bills and collects the taxes on behalf of the District. Local property tax revenues are recorded when received.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Scholarship Discounts and Allowances

Student tuition and fee revenue is reported net of scholarship discounts and allowances in the Statements of Revenues, Expenditures, and Changes in Net Assets. Scholarship discounts and allowances represent the difference between stated charges for enrollment fees and the amount that is paid by students or third parties making payment on the students' behalf. To the extent that fee waivers and discount have been used to satisfy tuition and fee charges, the District has recorded a scholarship discount and allowance.

Federal Financial Assistance Programs

The District participates in Federally funded Pell Grants, SEOG Grants, and Federal Work-Study. Financial aid to students is either reported as operating expenses or scholarship allowances, which reduce revenues. The amount reported as operating expense represents the portion of aid that was provided to the student in the form of cash. These programs are audited in accordance with the Single Audit Act Amendments of 1996, and the U.S. Office of Management and Budget's revised Circular A-133, *Audits of States, Local Governments and Non-Profit Organizations*, and the related *Compliance Supplement*. During the fiscal year ended June 30, 2013, the District distributed \$24,871,585 in the programs noted above through the U.S. Department of Education. These amounts have not been included as revenues or expenses within the accompanying financial statements as the amounts were passed directly to qualifying students; however, the amounts are included on the Schedule of Expenditures of Federal Awards.

Interfund Activity

Exchange transactions between funds of the District are reported as revenues and expenses within the statements of Revenues, Expenses, and Changes in Net Assets. Flows of cash or goods from one fund to another without a requirement for repayment are recognized as interfund transfers within the District's fund financial statements. Amounts owing between funds for both exchange and non-exchange transactions are recorded as interfund receivables and payables within the District's fund financial statements. Interfund transfers and interfund receivables and payables are eliminated during the consolidation process in the entity-wide financial statements.

NOTE 3 – CASH AND INVESTMENTS

Policies and Practices

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the State; U.S. Treasury instruments; registered State warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies; medium term corporate notes; shares of beneficial interest issued by diversified management companies; certificates of participation; obligations with first priority security; and collateralized mortgage obligations.

Investment in County Treasury – The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (Education Code Section 41001). The fair market value of the District’s investment in the pool is reported in the accompanying financial statements at amounts based upon the District’s pro-rata share of the fair market value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

NOTE 3 – CASH AND INVESTMENTS (continued)

Authorized Under Debt Agreements

Investments of debt proceeds held by bond trustees are governed by provisions of the debt agreements rather than the general provisions of the California Government Code. These provisions allow for the acquisition of investment agreements with maturities of up to 30 years.

Summary of Cash and Investments

Cash and investments as of June 30, 2013, consist of the following:

Cash on hand and in banks	\$ 651,875
Revolving cash fund	52,100
Cash with fiscal agent	822,786
Investment in San Bernardino County Investment Pool	118,934,381

Total Cash and Investments	\$ 263,797,861

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair market value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair market value to changes in market interest rates. The District manages its exposure to interest rate risk by primarily investing in the County Investment Pool and in other investment agreements.

Specific Identification and Credit Risk

Information about the sensitivity of the fair market values of the District's investments to market interest rate fluctuations is indicated by the following schedule that shows the distribution of the District's investment by maturity. Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Presented below is the minimum rating required by the California Government Code, the District's investment policy, or debt agreements, and the actual rating as of the year-end for each investment type. Since all District investment holdings are governmental securities, per California Government Code there is no minimum legal rating.

Investment or Deposit Type	Fair Market Value	Days to Maturity	Minimum Legal Rating	Rating 6/30/2013
Dreyfus Tax Exempt Cash Mgmt 675, CUSIP:S99991920	\$ 143,336,719	N/A	Not Applicable	AAAm

NOTE 3 – CASH AND INVESTMENTS (continued)

Custodial Credit Risk – Deposits

Custodial credit risk is the risk that in the event of a bank failure, the District’s deposits may not be returned to it. The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law (unless so waived by the governmental unit). The market value of the pledged securities in the collateral pool must equal at least 110 percent of the total amount deposited by the public agencies. California law also allows financial institutions to secure public deposits by pledging first trust deed mortgage notes having a value of 150 percent of the secured public deposits and letters of credit issued by the Federal Home Loan Bank of San Francisco having a value of 105 percent of the secured deposits. As of June 30, 2013, the District’s bank balance of \$10,069,272 was not exposed to custodial credit risk because the first \$250,000 deposited per bank was covered under the FDIC insurance limit, and the remaining was collateralized with securities held by the pledging financial institution’s trust department or agency.

NOTE 4 – ACCOUNTS RECEIVABLE

Receivables for the District consisted primarily of intergovernmental grants, entitlements, interest, and other local sources. All receivables are considered collectible in full.

The accounts receivable balance as of June 30, 2013 is as follows:

Grants and Contracts		
Federal	\$	1,010,041

Bonds Payable

On November 5, 2002, voters within the boundaries of the District authorized the issuance and sale of general obligation bonds totaling \$190,000,000 (Measure P). In May 2003, \$50,000,000 of general obligation bonds were sold (Series A), and in February 2004, an additional \$20,000,000 of general obligation bonds were sold (Series B). In September 2006, \$100,000,000 of general obligation bonds were sold (Series C). On June 18, 2009 \$4,999,797 (Series D) and \$15,000,000 (Series E) general obligation bonds were sold. Proceeds from the sale of the bonds have been or will be used to finance the acquisition, construction, reconstruction, and modernization of certain property and District facilities.

On April 7, 2005, the District issued \$56,562,550 in general obligation bonds to advance refund \$52,690,000 of outstanding 2002 Series A and B bonds. The net proceeds of \$55,892,560 were used to purchase U.S government securities. These securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the 2002 Series A and B bonds maturing on or after August 1, 2014 and 2015, respectively. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the District's statements.

On February 5, 2008, voters within the boundaries of the District authorized the issuance and sale of general obligation bonds totaling \$500,000,000 (Measure M). On December 30, 2008, \$140,000,000 of general obligation bonds was sold (Series A). On June 18, 2009, \$73,102,389 (Series B) and \$45,210,000 (Series C) general obligation bonds were sold.

NOTE 7 – POST-EMPLOYMENT BENEFITS

The District administers a single-employer defined benefit healthcare plan, which provides medical insurance benefits to eligible retirees in accordance with various labor agreements. The District reports the financial activity of the Plan as a trust fund, and no separate financial report is prepared. Faculty, classified, and management employees qualify at age 60 with 10 years of service. Classified employees qualify at age 55 with 20 years of service. Board members qualify for 5 years of benefits, but not before age 65, with 12 years of service. Membership of the Plan consisted of the following at February 1, 2013, the date of the latest actuarial valuation:

Plan Description and Contribution Information

	<u>Amount</u>
Retirees receiving benefits	51
Active plan members	<u>609</u>
Total	<u>660</u>

Funding Policy

The District’s annual other post-employment benefit (OPEB) cost is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortized any unfunded actuarial liabilities (or funding excess) over a period not to exceed thirty years. The following table shows the components of the District’s annual OPEB cost for the year, the amount actually contributed to the Plan, and changes in the District’s net OPEB obligation:

Annual required contribution	\$ 666,319

Annual OPEB Cost and Net OPEB Obligation

The District’s annual OPEB cost, the percentage of annual OPEB cost contribution to the Plan, and the net OPEB obligation for the year ended June 30, 2013 and the two preceding years were as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage Contributed	Net OPEB Obligation
6/30/2009	\$ 687,455	36.4%	\$ 437,208
6/30/2010	1,009,221	60.2%	838,855
6/30/2011	1,019,393	74.7%	1,096,472
6/30/2012	694,087	122.2%	942,450
6/30/2013	675,324	165.4%	500,631

Funded Status and Funding Progress

As of February 1, 2012, the most recent actuarial valuation date, the District had established a trust for post-employment benefits. The actuarial accrued liability for benefits was \$6,253,735. The covered payroll (annual payroll of active employees covered by the Plan) was \$42,096,559, and the ratio of the UAAL to the covered payroll was 10.5 percent. A pay-as-you-go contribution of \$367,143 was made during the year ended June 30, 2013. Additionally, a contribution of \$750,000 was made to the OPEB trust. See pages 16 and 17 for a summary of OPEB trust activity.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about the future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the Plan and the annual required contribution of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive Plan (the Plan as understood by the employer and the Plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and the Plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations. The February 1, 2012 actuarial valuation used the entry age normal actuarial cost method. The actuarial assumptions included a 6% investment rate of return, a projected 3% increase in salaries, and a 4% annual healthcare cost trend rate. An annual inflation rate of 3% per year was used. The UAAL is being amortized as a level percentage of projected payroll over a period of 30 years.

NOTE 8 – EMPLOYEE RETIREMENT SYSTEMS

Public Employees’ Retirement System (CalPERS)

Plan Description

The District contributes to the School Employer Pool under the California Public Employees’ System (CalPERS), a cost-sharing multiple-employer public employee retirement system defined-benefit pension plan administered by CalPERS. The Plan provides retirement and disability benefits, annual cost-of-living adjustments, and death benefits to Plan members and beneficiaries. Benefit provision are established by statutes, as legislatively amended, within the Public Employees’ Retirement Law. CalPERS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalPERS annual financial report may be obtained from the CalPERS Regional Office, 400 “Q” Street, Room 1820, Lincoln Plaza East; Sacramento, California 95811.

Funding Policy

Active Plan members are required to contribute 7.0% of their salary and the District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by the CalPERS Board of Administration. The required employer contribution rate for fiscal year 2012-2013 was 11.417% of annual payroll. The contribution requirements of the Plan members are established by state statute. The District’s contributions to CalPERS for the years ended June 30, 2013, 2012, and 2011, were \$2,371,541, \$2,361,240, and \$2,174,117, respectively, and equal 100% of the required contributions for each year.

State Teachers Retirement System (CalSTRS)

Plan Description

The District contributes to the California State Teachers’ Retirement System (CalSTRS), a cost sharing multiple-employer defined benefit pension plan administered by CalSTRS. The Plan provides retirement, disability, and survivor benefits to beneficiaries. Benefit provisions are established by State statutes, as legislatively amended, within the State Teachers’ Retirement Law. CalSTRS issues a separate comprehensive annual financial report that includes financial statements and required supplementary information. Copies of the CalSTRS annual financial report may be obtained from CalSTRS, 7919 Folsom, Blvd.; Sacramento, California 95826.

NOTE 8 – EMPLOYEE RETIREMENT SYSTEMS (continued)

State Teachers Retirement System (CalSTRS) (continued)

Funding Policy

Active plan members are required to contribute 8.0% of their annual salary, and the District is required to contribute an actuarially determined rate. The actuarial methods and assumptions used for determining the rate are those adopted by CalSTRS Teacher's Retirement Board. The required employer contribution rate for fiscal year 2012-2013 was 8.25% of annual payroll. The contribution requirements of the Plan members are established by state statute. The District's contribution to CalSTRS for the years ended June 30, 2013, 2012, and 2011, were \$2,249,723, \$2,289,824, and \$2,410,252, respectively, and equal 100% of the required contributions for each year.

Accumulation Program for Part-Time and Limited (APPLE)

Plan Description

The District contributes to the Accumulation Program for Part-Time and Limited-Service Employees Plan (APPLE). All employees who do not participate in another retirement plan provided by the District are eligible to participate in the APPLE Plan, a multi-employer defined-contribution retirement program.

The District's payroll for employees covered by APPLE for the years ended June 30, 2013, 2012, and 2011, was \$3,807,360, \$3,821,190, and \$3,331,759, respectively.

Participants become 100% vested in the Employer Contribution Account at normal retirement age, total disability, or death. Participants are 100% vested in the Employee Contribution Account at all times.

Contribution Requirements and Contributions Made

The District is required under the Adoption Agreement to contribute 1.3% of each participant's gross wages. Participants are required to contribute 6.2% of their gross wages.

Total contributions for the years ended June 30, 2013, 2012, and 2011, were \$285,552, \$286,589, and \$247,961, respectively. The District contributed \$49,496 and employees contributed \$236,056 for the year ended June 30, 2013.

NOTE 9 – KVCR

The District operates a radio and television station and receives annual grants from the Corporation for Public Broadcasting (CPB). The CPB funded programs are audited under CPB guidelines, the report of which is presented separately in full.

NOTE 10 – COMMITMENTS AND CONTIGENCIES

The District is exposed to various risks of loss related to: torts; theft of; damage to; and destruction of assets; injuries to students, campus visitors, or employees; errors and omissions; natural disasters; medical and dental claims of District employees; and employment-related liabilities. The District has Internal Service Funds to account for and finance its uninsured risks of loss.

Liability for Open Claims – Workers’ Compensation

The District maintains a self-insurance plan for workers’ compensation benefits as authorized by Section 81602 of the California Education Code. Claims are paid by a third party administrator acting on behalf of the District under the terms of a contractual agreement. The contract is renewable every three years and administrative fees are included within the provision of that agreement. Coverage for workers’ compensation claims is provided by a tiered system. The Worker’s Compensation Fund provides coverage for up to a maximum of \$500,000 per occurrence. In addition, the District participates in a Joint Powers Arrangement with the Schools Alliance for Workers’ Compensation Excess II (SAWCX II) that provides coverage for claims exceeding \$500,000 with a limit of \$25,000,000 per occurrence.

The recorded liability for the workers’ compensation benefits as of June 30, 2012, \$3,374,000, includes an estimate of incurred but no reported claims. This liability is reported in accrued liabilities as June 30, 2012, based on the requirements of GASB Statement No. 10, which requires that a liability for claims be reported if information available prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred as the date of the financial statements and the amount of the loss can be reasonably estimated.

The District also maintains a property and liability self-insurance plan. The Plan is authorized by Section 81602 of the California Education Code. Coverage for liability and property claims is provided by a tiered system. The Self-Insurance – Liability and Property Fund provides coverage for up to a maximum of \$50,000 per occurrence for liability claims and \$5,000 per occurrence for property claims. The District purchases additional insurance from Joint Powers Arrangements for claims in excess of coverage provided by the fund. The Statewide Association for Excess Risk (SAFER) provided coverage for claims exceeding the District’s retention with a limit of \$25,000,000 per occurrence for liability and \$250,000,000 per occurrence for property. Settled claims have not exceeded this insurance in any of the past three fiscal years.

Because actual claim liabilities depend on such complex factors as inflation, changes in legal doctrines, and damage awards, the process used in computing claim liability does not necessarily result in an exact amount. Claim liabilities are reevaluated periodically to take into considered recently settled claims, the frequency of claims, the frequency of claims, and other economic and social factors.

NOTE 10 – COMMITMENTS AND CONTIGENCIES (continued)

State and Federal Allowances, Awards, and Grants

The District has received state and federal funds for specific that are subject to review and audit by the grantor agencies. Although such audits could generate expenditure disallowances under terms of the rants, management believes that any required reimbursements would not be material to the District.

Lawsuits in the Normal Course of Business

The District is presently involved in certain matters of litigation that have arisen in the normal course of conducting business. District management believes, based on consultation with the Districts attorneys, that these cases, in the aggregate, are not expected to result in material adverse financial impact on the District. Additionally, District management believes that the District’s insurance programs are sufficient to cover any potential losses should an unfavorable outcome materialize.

Construction Commitments

The District had several outstanding or planned construction projects as of June 30, 2013. These projects are evidenced by contractual commitments with contractors; outstanding commitments as of June 30, 2013 were as follows:

NOTE 11 – JOINT POWERS ARRANGEMENTS

The District is a member of several joint powers authorities. The relationship between the District and the joint powers authorities is such that they are not considered component units of the District for financial reporting purposes. The following is summary of these arrangements:

Schools Association For Excess Risk (SAFER)

SAFER's excess property and liability insurance program was established in 2002 to meet the needs of California K-12 schools and community college districts. The program provides their members with comprehensive coverage and competitive rates. SAFER's membership consists of one individual member district and three joint competitive rates. SAFER's membership consists of one individual member district and three joint powers authority members, which represent 547 school and college districts. A board comprised of two representatives from each member with an average daily attendance (ADA) of over 100,000 or one representative for ADAs with less than 100,000 governs SAFER. Each member is allowed votes based on weighted system based Average Daily Attendance.

Statewide Association of Community Colleges (SWACC)

SWACC arranges for and provides the broadest possible property and liability protection available to school districts. SWACC's membership consists of 44 Community College Districts and two joint powers authority members, which represent 20 districts. A board comprised of one representative from each member governs SWACC. Each member is allowed votes based on a weighted system based on Average Daily Attendance. The board controls the operations of SWACC and elects officers from its members.

Schools Alliance for Worker's Compensation Excess II Self Joint Powers Authority (SAWCX II)

SAWCX II arranges for and provides services necessary for members to establish, operate, and maintain a joint program of workers' compensation protection. SAWCX II membership consists of various educational districts and joint powers authorities statewide. A board comprised of one representative from each member governs SAWCX II.

California Community College Financing Authority (CCCFA)

CCCFA provides short-term financing for members. A board of 16 elected voting members elected alternates and two ex-officio members governs CCCFA. Membership consists of Community College Districts throughout California. A board comprised of one representative from each member governs CCCFA.

NOTE 11 – JOINT POWERS ARRANGEMENTS (continued)

San Bernardino Regional Emergency Training Center (SBRETC)

SBRETC was formed to establish a live-fire aircraft, rescue, and fire-fighting training facility in Southern California. Membership consists of San Bernardino County Consolidated Fire District, City of San Bernardino, and San Bernardino Community College District. The governing board is comprised of representatives from each member agency.

NOTE 12 – ADJUSTMENT FOR RESTATEMENT

The following adjustments were made to restate the beginning net position:

\$23,682,399 increase to beginning net position to account for the capitalized interest resulting from the District implementation of GASB Statement No. 62. This new accounting standard required capitalization of interest expense on bonded debt that had previously been expensed. See note 5 for increase to capital assets.

\$2,761,771 decrease to beginning net position for restatement of KVCR FM/TV financials.

NOTE 1 – PURPOSE OF SCHEDULES

Schedule of Expenditures of Federal Awards

The accompanying schedule of expenditures of Federal awards includes the federal grant activity of the District and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of the United States Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the financial statements.

Schedule of Expenditures of State Awards

The accompanying schedule of expenditures of state awards includes the state grant activity of the District and is presented on the modified accrual basis of accounting. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the financial statements.

Schedule of Workload Measures for State General Apportionment – Annual/Actual Attendance

Full-Time Equivalent Students (FTES) is a measurement of the number of pupils attending classes of the District. The purpose of attendance accounting from a fiscal standpoint is to provide the basis on which apportionments of state funds are made to community college districts. This schedule provides information regarding the attendance of students throughout the District.

Reconciliation of Annual Financial and Budget Report with Fund Financial Statements

This schedule provides the information necessary to reconcile the fund balance of all funds reported on the Form CCFS-311 to the fund financial statements.

Reconciliation of the ECS 84362 (50 Percent Law) Calculations

This schedule reports any audit adjustments made to the reported data to ensure that a minimum of 50 percent of the District's current expense of education is expended for salaries of classroom instructors.

Details of the Education Protection Account

This schedule reports the District revenue and expenditure classification of the Proposition 30 Education Protection Account funds.

Independent Auditors' Report

The Board of Trustees
San Bernardino Community College District
San Bernardino, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, each major fund, and the aggregate remaining fund information of San Bernardino Community College District, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the San Bernardino Community College District's basic financial statements, and have issued our report thereon dated December 18, 2013.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered San Bernardino Community College District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of San Bernardino Community College District's internal control. Accordingly, we do not express an opinion on the effectiveness of San Bernardino Community College District's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether San Bernardino Community College district's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Independent Auditors' Report

The Board of Trustees
San Bernardino Community College District
San Bernardino, California

Report on Compliance for Each Major Federal Program

We have audited San Bernardino Community College District's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of San Bernardino Community College District's major federal programs for the year ended June 30, 2013. San Bernardino Community College District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of San Bernardino Community College District's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about San Bernardino Community College District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of San Bernardino Community College District's compliance.

In our report dated December 18, 2013, we expressed a disclaimer of opinion on the types of compliance requirements referred to above that could have a direct and material effect on the So Cal Logistics Tech Collaborative Program for the year ended June 30, 2013 because we were unable to perform testing to obtain sufficient appropriate audit evidence about the compliance of San Bernardino Community College District with the said program. As of January 3, 2013, we were able to perform testing to obtain sufficient appropriate audit evidence about the compliance of the District with the program. Accordingly, our present opinion on the federal compliance, as presented herein, is different from that expressed in our previous report.

Opinion on Each Major Federal Program

In our opinion, San Bernardino Community College District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2013.

Report on Internal Control Over Compliance

Management of San Bernardino Community College District is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered San Bernardino Community College District's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of San Bernardino Community College District's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

Report on State Compliance

We have audited San Bernardino Community College District's compliance with the types of compliance requirements described in the *California Community Colleges Contracted District Audit Manual (CDAM) 2012-13*, issued by the California Community Colleges Chancellor's Office for the year ended June 30, 2013.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on San Bernardino Community College District's compliance with the requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the *California Community Colleges Contracted District Audit Manual (CDAM) 2012-13*, issued by the California Community Colleges Chancellor's Office. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on the state programs noted below. An audit includes examining, on a test basis, evidence about San Bernardino Community College District's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion on compliance with the requirements referred to above. However, our audit does not provide a legal determination of San Bernardino Community College District's compliance with those requirements.

Opinion on State Compliance

In our opinion, San Bernardino Community College District complied, in all material respects, with the types of compliance requirements referred to above that are applicable to the state programs noted in the table below for the year ended June 30, 2013.

Procedures Performed

In connection with the audit referred to above, we selected and tested transactions and records to determine San Bernardino Community College District's compliance with the state laws and regulations applicable to the following items:

- Section 421 – Salaries of Classroom Instructors (50 Percent Law)
- Section 423 - Apportionment for Instructional Service Agreements/Contracts
- Section 424 - State General Apportionment Funding System
- Section 425 - Residency Determination for Credit Courses
- Section 426 - Students Actively Enrolled
- Section 427 - Concurrent Enrollment of K-12 Students in Community College Credit Courses
- Section 431 - Gann Limit Calculation
- Section 433 - CalWORKS
- Section 435 - Open Enrollment
- Section 437 - Student Fees – Instructional and Other Materials
- Section 438 - Student Fees – Health Fees and Use of Health Fee Funds
- Section 474 - Extended Opportunity Programs and Services (EOPS) and Cooperative Agencies Resources for Education (CARE)
- Section 475 - Disabled Student Programs and Services (DSPS)
- Section 479 - To Be Arranged Hours (TBA)
- Section 490 - Proposition 1D State Bond Funded Projects
- Section 491- Proposition 30 Education Protection Account Funds

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing over state laws and regulations based on the requirements described in the *California Community Colleges Contracted District Audit Manual (CDAM) 2012-13*. Accordingly, this report is not suitable for any other purpose.

Report on the Financial Statements

We have audited the accompanying financial statements of KVCR-FM and KVCR-TV ("KVCR"), a public telecommunications entity operated by the San Bernardino Community College District, as of June 30, 2013 and the related statements of net assets, revenues, expenses, and changes in net assets, and cash flows for the year then ended. These financial statements are the responsibility of KVCR's management. Our responsibility is to express an opinion on these financial statements based on our audit.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

As discussed in Note 1A, the financial statements present only the business-type activities of KVCR and do not purport to, and do not, present fairly the financial position of San Bernardino Community College District, as of June 30, 2013, and the changes in its financial position for the fiscal year then ended in conformity with generally accepted accounting principles.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of KVCR-FM and KVCR-TV as of June 30, 2013, and the changes in its net assets and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise KVCR's basic financial statements. The supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated December 18, 2013 on our consideration of KVCR's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering KVCR's internal control over financial reporting and compliance.

NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2013**

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

KVCR-FM and KVCR-TV (“KVCR”) is a public telecommunications entity owned and operated by the San Bernardino Community College District (the “District”), which provides radio and television stations to the Inland Empire area of Southern California. These stations provide the public with a variety of musical, informational, and educational programming.

KVCR Educational Foundation, Inc. (the “Foundation”) was established in 1999 for the purpose of raising, holding, and investing funds for the benefit of KVCR. It is a nonprofit public benefit corporation that is an auxiliary organization of the District.

These financial statements are intended to present the financial position, and the changes in financial position and cash flows of only that portion of the District’s activities that are attributable to KVCR. These financial statements include the assets, liabilities, revenues, and expenses of the Foundation, as well as, assets, liabilities, revenues, and expenditures of the District that are attributed to KVCR.

KVCR is a blended component unit of the District. These financial results are included in the financial statements of the District for the year ended June 30, 2013.

B. Financial Statement Presentation

The financial statements are presented in accordance with the reporting model as prescribed in GASB Statement No. 34, *Basic Financial Statements and Management’s Discussion and Analysis for State and Local Governments*, and GASB Statement No. 35, *Basic Financial Statements and Management’s Discussion and Analysis for Public Colleges and Universities*, as amended by GASB Statements No. 37 and No. 38.

C. Basis of Accounting

The financial statements have been prepared using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. Transactions between the Foundation and the District have been eliminated to ensure the effect has not been duplicated.

Non-exchange transactions, in which KVCR receives value without directly giving equal value in return, include District apportionments, pledges, grants, and contributions. Revenues from non-exchange transactions are recognized in the fiscal year in which all eligibility requirements have been satisfied.

D. Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures, such as depreciation expense and the net book value of capital assets. Accordingly, actual results could differ from those estimates.

OPERATED BY THE SAN BERNARDINO COMMUNITY COLLEGE DISTRICT
NOTES TO FINANCIAL STATEMENTS, continued

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

E. Cash and Cash Equivalents

KVCR considers all highly liquid deposits and investments with an original maturity of less than ninety days to be cash equivalents. Restricted cash are those amounts externally restricted as to use pursuant to the requirements of KVCR's contracts and agreements.

F. Accounts Receivable

Accounts receivable include amounts due from local underwriting sponsors, donors, and grantors.

G. Prepaid Expenses

Prepaid expenditures or expenses represent payments made to vendors for services that will benefit periods beyond June 30, 2013.

H. Inventory

Inventory consists primarily of unsold event tickets and other items that are sold by KVCR and/or distributed to donors in exchange for pledging a specified level of support. Inventory is recorded at the lower of cost or market, utilizing the first-in, first-out method.

I. Pledges Receivable

Pledges receivable consist of amounts due from station members, donors, and grantors. KVCR provides for an allowance for uncollectible pledges based on management's judgment of amounts that may not be received. Membership pledges outstanding for more than six months are written off unless there is a payment plan in place.

J. Capital Assets

Capital assets are long-lived assets of the District and include equipment, improvements, and vehicles. The District maintains an initial unit cost capitalization threshold of \$5,000. Assets are recorded at historical cost when purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation. Routine repairs and maintenance that do not extend the useful life of the building or equipment are charged as operating expenses in the year the expense is incurred. Depreciation of capital assets is calculated using the straight-line method. Estimated useful lives of various classes of depreciable capital assets are as follows: improvements, 20 to 25 years; equipment and vehicles, 5 to 15 years.

K. Compensated absences

Accumulated unpaid employee vacation benefits are accrued as a liability as the benefits are earned.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

L. Deferred Revenue

Deferred revenue arises when potential revenue does not meet the criteria for recognition in the current period and when resources are received by KVCR prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met or when KVCR has a legal claim to the resources, the liability for deferred revenue is removed from the statement of financial position and revenue is recognized.

M. Revenues and Expenses

KVCR has classified its revenues as either operating or non-operating according to the following criteria:

- Operating revenues include activities that have the characteristics of exchange transactions.
- Non-operating revenues include activities that have the characteristics of non-exchange transactions, and include other revenue sources described as non-operating in GASB Statement No. 34.

Operating expenses are necessary costs to operate the TV and radio stations. KVCR has classified all its expenses as operating expenses.

NOTE 2 – CASH AND CASH EQUIVALENTS

Cash and cash equivalents as of June 30, 2013, consist of the following:

Cash in County Treasury	\$ 2,346,094
Cash in Banks	478,353
Total Cash and Cash Equivalents	<u>\$ 2,824,447</u>

Cash in County Treasury

The District is a voluntary participant in an external investment pool. The fair value of the District’s investment in the pool is reported in the District’s financial statements at amounts based upon the District’s pro-rata share of the fair value provided by the County Treasurer for the entire portfolio in relation to the amortized cost of that portfolio. The balance available for withdrawal is recorded on the amortized cost basis and is based on the accounting records maintained by the County Treasurer. The Balance specified as *Cash in County Treasury* above is the portion of the District’s balance in the investment pool attributed to KVCR by the District.

NOTE 2 – CASH AND CASH EQUIVALENTS (continued)

Cash in Bank

Custodial credit risk is the risk that in the event of a bank failure, KVCR’s deposits may not be returned to it. The California Government Code requires that a financial institution secure deposits made by state or local governmental units by pledging securities in an undivided collateral pool held by a depository regulated under state law. As of June 30, 2013, no bank balance held in the District’s name was exposed to custodial credit risk.

For non-governmental entities, the FDIC insures 100% of balances in non-interest bearing accounts and up to \$250,000 per depositor in interest bearing accounts per insured bank. As of June 30, 2013, \$228,353 of the Foundation’s cash in bank was exposed to custodial credit risk.

NOTE 3 – RECEIVABLES

Accounts receivable

Accounts receivable as of June 30, 2013, consist of the following:

Accounts Receivable:	
Interest Income	\$ 1,870
Total Accounts Receivable	<u>\$ 1,870</u>

Management believes that no allowance for uncollectible accounts is necessary.

Pledges receivable

Pledges receivable as of June 30, 2013, consist of the following:

Pledges Receivable:	
Other pledge receivables	\$ 31,879
Total Pledges Receivable	<u>\$ 31,879</u>

NOTE 4 – CAPITAL ASSETS AND DEPRECIATION

Capital asset activity for the year ended June 30, 2013, consists of the following:

	<u>Cost</u>	<u>Accumulated Depreciation</u>	<u>Net Book Value</u>
Balance at July 1, 2012	\$ 7,396,235	\$ 4,749,889	\$ 2,646,346
Additions	52,290	663,653	(611,363)
Retirements	50,439	50,439	-
Balance at June 30, 2013	<u>\$ 7,498,964</u>	<u>\$ 5,463,981</u>	<u>\$ 2,034,983</u>

NOTE 5 – COMMITMENTS AND CONTINGENCIES

Grants from the Corporation for Public Broadcasting

KVCR is funded in part through federal grants from the Corporation for Public Broadcasting (the “CPB”), which are paid through the District as the broadcasting licensee. Funds from the CPB are designated for the purpose of operating the station and are subject to review and audit by the grantor agency. Although such audits could generate expenditure disallowances under terms of the grants, it is believed that any required reimbursement would not be material.

Grant from the San Manuel Band of Mission Indians

In April 2010, the Foundation entered into a grant agreement with the San Manuel Band of Mission Indians, a federally recognized Indian Tribe (the “Tribe”). The grant agreement stipulates that the Tribe provides a charitable gift of \$6,000,000 payable in \$1,000,000 installments every six months which began in April 2010. The funds are required to be segregated and restricted to funding the formation and operations of a Native American cultural channel (now known as “First Nations Experience” or “FNX”). FNX focuses on Native American culture, history, education, entertainment, and current events, and other Native American theme-related programming. Management of the new channel is under the direction of an Operating Committee comprised of five members representing the Foundation, station management, and the Tribe. Legal governance is controlled by the Foundation.

During the year ended June 30, 2013, KVCR received the final \$1,000,000 under the terms of the grant. KVCR spent approximately \$2,025,117 operating FNX.

NOTE 6 – OPERATING LEASES

The District leases unimproved land on Box Springs Mountain for KVCR’s broadcasting equipment. The lease term expires October 31, 2032. The lease calls for monthly payments of \$1,300, adjusted annually for change in the Consumer Price Index.

The District leases land in Palm Springs for additional broadcasting equipment. The five-year lease agreement was renewed for an additional five years commencing January 1, 2011. The terms of the lease provide for quarterly payments of rent.

The District leases a transmission tower on Blue Mountain for KVCR’s broadcasts. The lease was renewed in December 2008 for an additional five-year period. The lease calls for monthly payments in the amount of \$1,614, which increase annually on the anniversary date by 4 percent.

The Foundation entered into a translator lease agreement with PSTV Partners, LLC to lease television broadcast air time on PSTV in the Palm Springs area. The agreement expires in 2018.

Future minimum rental payments under the operating leases are as follows:

Year ending June 30,	Amount
2014	\$ 37,534
2015	32,331
2016	24,169
2017	15,600
2018	15,600
2019-2023	78,000
2024-2028	78,000
2029-2033	67,600
	<u>\$ 348,834</u>

NOTE 7 – SUBSEQUENT EVENT

During the year ended June 30, 2013, KVCR carried on its books two loans payable to the District, including an interfund loan of \$445,440 and a note payable of \$1,815,000. On 12/12/13, the District’s Governing Board approved management’s recommendation to forgive both loans, resulting in an adjustment to recognize the permanent transfer and the elimination of the liabilities during the 2012-2013 year.

The San Bernardino Community College District (the "District") was established in 1926 and serves most of the County of San Bernardino and a small portion of the County of Riverside. The District includes two comprehensive community colleges, a Professional Development Center, and a television and radio station. Students in our colleges may complete the freshman and sophomore years of a baccalaureate degree and transfer to upper division study at a university or complete a certified vocational program and move directly to the workforce.

In November 2002, the District's voters approved by more than the required 55% favorable vote, Measure P, authorizing the issuance and sale of General Obligation Bonds, not to exceed \$190,000,000. Measure P was designed to provide funds to improve safety and infrastructure at San Bernardino Valley College and Crafton Hills College. Measure P will also provide funds for the construction of new classroom buildings and training centers.

- In May 2003, \$50,000,000 of Measure P General Obligation Bonds were sold (Series A), and in February 2004, an additional \$20,000,000 of General Obligation Bonds were sold (Series B). In September 2006, \$100,000,000 of General Obligation Bonds were sold (Series C). On June 18, 2009 \$4,999,797 (Series D) and \$15,000,000 (Series E) General Obligation Bonds were sold. Proceeds from the sale of the bonds have been or will be used to finance the acquisition, construction, reconstruction, and modernization of certain property and District facilities.
- On April 7, 2005, the District issued \$56,562,550 in General Obligation Bonds to advance refund \$52,690,000 of outstanding 2002 Series A and B bonds. The net proceeds of \$55,892,560 were used to purchase U.S. government securities. These securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the 2002 Series A and B bonds maturing on or after August 1, 2014 and 2015, respectively. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the District's financial statements.

In February 2008, the District's voters approved by more than the required 55% favorable vote, Measure M, authorizing the issuance and sale of General Obligation Bonds, not to exceed \$500,000,000 to continue the goals of Measure P.

- On December 30, 2008, \$140,000,000 of Measure M General Obligation Bonds were sold (Series A) On June 18, 2009, \$73,102,389 (Series B) and \$45,210,000 (Series C) General Obligation Bonds were sold.

Measures P and M are Proposition 39 Bonds. The passage of Proposition 39 in November 2000 amended the California Constitution to include accountability provisions. Specifically, the District must conduct an annual independent performance audit to ensure that funds have been expended only on the specific projects listed as well as an annual, independent financial audit of the proceeds from the sale of the bonds until all of the proceeds have been expended for facilities projects.

**PROPOSITION 39 BOND BUILDING FUND
 SAN BERNARDINO COMMUNITY COLLEGE DISTRICT
 Introduction and Citizens' Oversight Committee Member Listing, continued
 June 30, 2013**

Upon passage of Proposition 39, an accompanying piece of legislation, AB 1908 (Chapter 44, Statutes of 2000), was also enacted. This legislation amended the Education Code to establish additional procedures which must be followed if a District seeks approval of a bond measure pursuant to the 55% majority authorized in Measures P and M including formation, composition and purpose of the Citizens' Oversight Committee, and authorization for injunctive relief against the improper expenditure of bond revenues.

The Citizens' Oversight Committee had the following members as of June 30, 2013, all of whom were appointed by the District's Board of Trustees with two year terms of office:

Name	Title	Representation
Ken Coate	Chairperson	Active in a Business Organization

Report on the Financial Statements

We have audited the accompanying financial statements of the Proposition 39 Bond Building Fund of San Bernardino Community College District (the "District") as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Proposition 39 Bond Building Fund's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

As discussed in Note 1A, the financial statements present only the individual Proposition 39 Bond Building Fund, consisting of the net construction proceeds of Measure P and M general obligation bonds as issued by the District, through the County of San Bernardino, and are not intended to present fairly the financial position of the District in conformity with generally accepted accounting principles.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the Proposition 39 Bond Building Fund of San Bernardino Community College District as of June 30, 2013, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Proposition 39 Bond Building Fund's basic financial statements. The supplementary information listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The supplementary information listed in the table of contents is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 5, 2013 on our consideration of the Proposition 39 Bond Building Fund's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Proposition 39 Bond Building Fund's internal control over financial reporting and compliance.

Report on Other Legal and Regulatory Requirements

In accordance with the requirements of Proposition 39, as incorporated in California Constitution Article 13A, we have also issued our performance audit report dated December 5, 2013 on our consideration of the Proposition 39 Bond Building Fund's compliance with the requirements of Proposition 39. That report is an integral part of our audit of the Proposition 39 Bond Building Fund for the Year Ended June 30, 2013 and should be considered in assessing the results of our financial audit.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The San Bernardino Community College District (the “District”) was established in 1926 and serves most of the County of San Bernardino and a small portion of the County of Riverside. The District includes two comprehensive community colleges, a Professional Development Center, and a television and radio station.

In November 2002, the District’s voters approved by more than the required 55% favorable vote, Measure P, authorizing the issuance and sale of General Obligation Bonds, not to exceed \$190,000,000. Measure P was designed to provide funds to improve safety and infrastructure at San Bernardino Valley College and Crafton Hills College. Measure P will also provide funds for the construction of new classroom buildings and training centers. In February 2008, the District’s voters approved by more than the required 55% favorable vote, Measure M, authorizing the issuance and sale of General Obligation Bonds, not to exceed \$500,000,000 to continue the goals of Measure P.

An oversight committee to the District’s Governing Board and Superintendent, called the Citizens’ Oversight Committee (COC), was established pursuant to the requirements of state law and the provisions of the Measure P and M Bonds. The COC is required by state law to actively review and report on the proper expenditure of taxpayers’ money for school construction. The COC provides oversight and advises the public whether the District is spending the Measure P and M bond funds for school capital improvements within the scope of projects outlined in the Measure P and M bond project list. In fulfilling its duties, the COC reviews, among other things, the District’s annual performance and financial audits of Measure P and M activity.

The statements presented are for the individual Proposition 39 Bond Building Fund of the District, consisting of the net construction proceeds of the Measure P and M General Obligation Bonds as issued by the District, through the County of San Bernardino, and are not intended to be a complete presentation of the District’s financial position or results of operations. There are no related parties or component units included in this financial statement presentation.

B. Accounting Policies

The accounting policies of the District conform to generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board (GASB) and the American Institute of Certified Public Accountants (AICPA).

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

C. Basis of Accounting

Basis of accounting refers to when revenues and expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of measurement made, regardless of the measurement focus applied.

The financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e., both measurable and available. “Available” means the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred.

D. Encumbrances

Encumbrance accounting is used in all budgeted funds to reserve portions of applicable appropriations for which commitments have been made. Encumbrances are recorded for purchase orders, contracts, and other commitments when they are written. Encumbrances are liquidated when the commitments are paid.

E. Deposits and Investments

In accordance with Education Code Sections 15357 and 41001, the District maintains a portion of its cash in the San Bernardino County Treasury. The County pools these funds with those of other districts in the County and invests the cash. These pooled funds are carried at cost, which approximates market value. Interest earned is deposited quarterly into participating funds. Any investment losses are proportionately shared by all funds in the pool.

F. Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 1 – SIGNIFICANT ACCOUNTING POLICIES (continued)

G. Budgets and Budgetary Accounting

Annual budgets are adopted on a basis consistent with generally accepted accounting principles for all government funds. By state law, the District's Governing Board must adopt a budget no later than July 1. A public hearing must be conducted to receive comments prior to adoption. The District's Governing Board satisfied these requirements.

These budgets are revised by the District's Governing Board during the year to give consideration to unanticipated income and expenditures. Formal budgetary integration was employed as a management control device during the year for all budgeted funds. The District employs budget control by minor object and by individual appropriation accounts. Expenditures cannot legally exceed appropriations by major object account.

H. Fund Balance

Under GASB Statement No. 54, fund balance is divided into five classifications based primarily on the extent to which the District is bound to observe constraints imposed upon the use of the resources in the governmental funds. The fund balances of the Measure P and M Bonds are considered restricted.

The restricted fund balance classification reflects amounts subject to externally imposed and legally enforceable constraints. Such constraints may be imposed by creditors, grantors, contributors, or laws or regulations of other governments, or may be imposed by law through constitutional provisions or enabling legislation.

NOTE 2 – CASH AND INVESTMENTS

Policies and Practices

The District is authorized under California Government Code to make direct investments in local agency bonds, notes, or warrants within the state; U.S. Treasury instruments; registered state warrants or treasury notes; securities of the U.S. Government, or its agencies; bankers acceptances; commercial paper; certificates of deposit placed with commercial banks and/or savings and loan companies; repurchase or reverse repurchase agreements; medium term corporate notes; shares of beneficial interest issued by diversified management companies, certificates of participation, obligations with first priority security; and collateralized mortgage obligations. Investments of debt proceeds held by trustees are governed by the provisions of debt agreements rather than the general provisions of the California Government Code. These provisions allow for the acquisition of investment agreements with maturities up to 30 years.

NOTE 2 – CASH AND INVESTMENTS (continued)

Policies and Practices (continued)

Cash in County Treasury – The District is considered to be an involuntary participant in an external investment pool as the District is required to deposit all receipts and collections of monies with their County Treasurer (Education Code Section 41001). The fair value of the District’s investment in the pool is reported in the accounting financial statements at amounts based upon the District’s pro-rata share of the fair value provided by the County Treasurer for the entire portfolio (in relation to the amortized cost of that portfolio). The balance available for withdrawal is based on the accounting records maintained by the County Treasurer, which is recorded on the amortized cost basis.

Authorized Under Debt Agreements

Investments of debt proceeds held by bond trustees are governed by provisions of the debt agreements rather than the general provisions of the California Government Code. These provisions allow for the acquisition of investment agreements with maturities of up to 30 years.

Summary of Cash and Investments

Cash and investments as of June 30, 2013, consist of the following:

	MEASURE P	MEASURE M	TOTAL
Cash in county treasury, at cost	\$ 4,530,357	\$ 53,609,678	\$ 58,140,035
Investments	-	143,336,719	143,336,719
Total Cash and Investments	<u>\$ 4,530,357</u>	<u>\$ 196,946,397</u>	<u>\$ 201,476,754</u>

Interest Rate Risk

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair market value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair market value to changes in market interest rates. The District manages its exposure to interest rate risk by primarily investing in the County Investment Pool and in other investment agreements.

Specific Identification and Credit Risk

Information about the sensitivity of the fair market values of the District’s investments to market interest rate fluctuations is indicated by the following schedule that shows the distribution of the District’s investment by maturity. Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. The District’s investment in the County pool is not required to be rated, nor has it been rated as of June 30, 2013. Presented below is the minimum rating required by the California Government Code, the District’s investment policy, or debt agreements, and the actual rating as of the year-end for each investment type. Since all District investment holdings are governmental securities, per California Government Code there is no minimum legal rating.

Investment or Deposit Type	Fair Market Value	Days to Maturity	Minimum Legal Rating	Rating 6/30/2013

NOTE 2 – CASH AND INVESTMENTS (continued)

Credit Risk

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Investments within the San Bernardino County Investment Pool are rated at least A by Moody’s Investors Service.

Concentration of Credit Risk

The investment policy of the District contains no limitations on the amount that can be invested in any one issuer beyond the amount stipulated by the California Government Code. District investments that are greater than 5 percent of total investments are in either an external investment pool or mutual funds and are therefore exempt.

NOTE 3 – ACCOUNTS RECEIVABLE

Accounts receivable amounting to \$3,849 and \$42,504 for Measures P and M, respectively, as of June 30, 2013 consists of interest earned on investments.

2002 Election

In May 2003, \$50,000,000 of Measure P General Obligation Bonds were sold (Series A), and in February 2004, an additional \$20,000,000 of General Obligation Bonds were sold (Series B). In September 2006, \$100,000,000 of General Obligation Bonds were sold (Series C). On June 18, 2009 \$4,999,797 (Series D) and \$15,000,000 (Series E) General Obligation Bonds were sold. Proceeds from the sale of the bonds have been or will be used to finance the acquisition, construction, reconstruction, and modernization of certain property and District facilities.

2005 Refunding

On April 7, 2005, the District issued \$56,562,550 in General Obligation Bonds to advance refund \$52,690,000 of outstanding 2002 Series A and B bonds. The net proceeds of \$55,892,560 were used to purchase U.S. government securities. These securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the 2002 Series A and B bonds maturing on or after August 1, 2014 and 2015, respectively. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the District’s financial statements.

Independent Auditors' Report

Governing Board Members and
Measures P and M Citizens' Oversight Committee
San Bernardino Community College District
San Bernardino, California

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the Proposition 39 Bond Building Fund, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Proposition 39 Bond Building Fund's basic financial statements, and have issued our report thereon dated December 5, 2013.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the Proposition 39 Bond Building Fund's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Proposition 39 Bond Building Fund's internal control. Accordingly, we do not express an opinion on the effectiveness of the Proposition 39 Bond Building Fund's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Proposition 39 Bond Building Fund's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Report on the Financial Statements

We have audited the accompanying financial statements of the Proposition 39 Bond Building Fund, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the Proposition 39 Bond Building Fund's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

In connection with our audit, we also performed an audit for compliance as required in the performance requirements for the Measure P and M General Obligation Bonds for the Year Ended June 30, 2013. The objective of the examination of compliance applicable to the District is to determine with reasonable assurance that:

- The proceeds of the sale of the Measure P and M Bonds were only used for the purposes set forth in the Measure P and M ballot language and not for any other purpose, such as teacher and administrative salaries.

In performing our audit of compliance, we performed procedures including but not limited to those listed as follows:

Internal Control Evaluation

Procedures Performed:

Inquiries were made of management regarding internal controls to:

- Prevent fraud or waste regarding Measure P and M projects, including budgetary controls
- Ensure adequate separation of duties exists in the fiscal services department for Measure P and M funds
- Prevent material misstatements in the financial statements
- Ensure expenditures are allocated to the proper fund(s)
- To follow applicable regulations, including regulations related to bidding and contract management

We then performed substantive tests of financial statement balances to determine whether the controls designed by management were operating effectively, and to provide reasonable assurance that the fiscal year 2012-13 financial statement balances for the Proposition 39 Bond Building Fund are not materially misstated.

Results of Procedures Performed:

The result of our audit tests show that internal control procedures appear to be working to meet the financial and compliance objectives required by generally accepted accounting standards and applicable laws and regulations. An unqualified opinion was expressed on the financial statements.

Facilities Site Walk

Procedures Performed:

We performed a site walk to verify that Measure P and M funds expended for the fiscal year ended June 30, 2013 were for valid facilities acquisition and construction purposes. CWA toured multiple District construction sites at both campuses, where construction work had occurred: San Bernardino Valley College (business building renovation, site signage, ADA upgrades, central plant) and Crafton Hills College (solar farm).

Facilities Site Walk (continued)

Results of Procedures Performed:

Results of the site walks indicate that the major 2012-13 Measure P and M construction projects at San Bernardino Valley College and Crafton Hills College were successfully completed and advanced into 2013-14 expenditure/construction phases where applicable.

Test of Expenditures

Procedures Performed:

The following performance tests of expenditures and transfers were performed:

We tested approximately \$1.1 million (15.6%) of the 2012-13 Measure P expenditures (9 separate payments) and approximately \$4.7 million (20.7%) of the 2012-13 Measure M expenditures (34 separate payments) for validity, allowability and accuracy. Expenditures sampled in our test included payments made to contractors, consultants and other vendors.

Results of Procedures Performed:

We found the expenditures and transfers tested to be in compliance with the terms of the Measure P and M ballot measures, Facilities Plan, and applicable state laws and regulations without exception.

Test of Contracts and Bid Procedures

Procedures Performed:

For the fiscal year ended June 30, 2013, we performed testing of three contracts to determine compliance with District policy and Public Contract Code provisions related to contracting and bidding:

Formal Bids

- Project: SBVC – Voluntary ADA Upgrades
Vendor: C.S. Legacy Construction, Inc.
Original Contract Award Amount: \$1,365,776

- Project: SBVC – Grant Ave and South Sewer Replacement
Vendor: TryCo
Original Contract Award Amount: \$567,780

- Project: CHC – OE2 Building Initial Package
Vendor: The Richards Group
Original Contract Award Amount: \$654,000

Test of Contracts and Bid Procedures (continued)

Results of Procedures Performed:

We found that the contracts tested were awarded in all cases to the lowest responsible bidder and appear to follow proper bidding procedures. In addition, we tested change orders and determined the change orders were executed in accordance with District internal controls. Moreover, we noted that the District has been providing the Governing Board with a listing of change orders to contracts that relate to Measure P and M projects in fiscal year 2012-13 and that no Measures P and M projects have a cumulative change order rate in excess of 10% of contract value.

Our audit of compliance was made for the purposes set forth in the second and third paragraphs of this report and would not necessarily disclose all instances of noncompliance.

Opinion

In our opinion, based on the fieldwork described above as well as the other tests that we conducted, the District complied with the compliance requirements for the Measures P and M General Obligation Bonds as listed and tested above.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on accountability requirements pursuant to the passage of Proposition 39 and the enactment of AB 1908 (Chapter 44, Statutes of 2000). Accordingly, this report is not suitable for any other purpose.

DATE: January 16, 2014
SUBJECT: Consideration of Approval of Board Directives for the 2014-15 Budget

RECOMMENDATION

It is recommended that the Board of Trustees approve the Board Directives for the 2014-15 Budget.

OVERVIEW

District Administrative Procedure 6200, Budget Management, calls for the Board of Trustees to give initial direction concerning the distribution of resources. This includes setting the level of contingencies and other reserves, making any changes in the District's mission, and determining the amount of resources available in the District for allocation to the colleges.

ANALYSIS

Board Directives for the 2014-15 Budget are submitted for review and approval. These are initial directives which, based on early information and may change as the District moves forward in the budget development process.

BOARD IMPERATIVE

III. Resource Management for Efficiency, Effectiveness, and Excellence

FINANCIAL IMPLICATIONS

The financial implications of this item are to be determined.

Board Directives for the 2014-15 Budget

- ◆ Balance the 2014-15 budget without the use of Fund Balance (Reserve) while maintaining a minimum Fund Balance level of 15%. (State minimum is 5%.)
- ◆ Allocate funding through the district resource allocation model to support SBVC and CHC as comprehensive community colleges through transfer education, career/technical education, and basic skills education.
- ◆ Increase student success and access.
- ◆ Identify new or reallocated funds for strategic initiatives.
- ◆ Maintain “selective hiring freeze” to provide strategic funding of priority needs.
- ◆ Reorganize and reallocate resources where possible to increase efficiency and improve services.
- ◆ Reduce expenditures that are not mission-critical.
- ◆ Invest in projects that enhance the efficiency of district and college operations.
- ◆ Continue the Measure M bond program based on facilities master plans.
- ◆ Continue to develop external funding streams including grants, scholarships, and fundraising.
- ◆ Maintain full funding for step and column increases.
- ◆ Maintain 50% law ratios in staffing plans.
- ◆ Honor collective bargaining agreements.

REVIEWED BY: Timothy L. Oliver, Interim Vice Chancellor, Fiscal Services
PREPARED BY: Steven J. Sutorus, Business Manager
DATE: January 16, 2014
SUBJECT: Consideration of Approval of Agreement with Brandman University

RECOMMENDATION

It is recommended that the Board of Trustees approve an Educational Program Agreement with Brandman University.

OVERVIEW

Crafton Hills College Campus desires to enter into a coordination and cooperation agreement with Brandman University, a private not for profit university, to offer academic, occupational, and other programs, training or advanced degrees at the Crafton Hills College site.

ANALYSIS

Crafton Hills College, through this contract, wants to be able offer its current students the opportunity to pursue their Bachelor's Degree while remaining on the Crafton Hills College Campus. Crafton Hills College believes that this will encourage the pursuit of an advanced degree and eliminate barriers to higher education for their students.

BOARD IMPERATIVE

- II. Learning Centered Institution for Student Access, Retention and Success
- III. Resource Management for Efficiency, Effectiveness and Excellence

FINANCIAL IMPLICATIONS

This is an income agreement for the use of facilities at Crafton Hills College.

EDUCATIONAL PROGRAM AGREEMENT

This Educational Program Agreement (“Agreement”) is entered into on this **January 17, 2014** (“Effective Date”) by the **San Bernardino Community District** (“District”), a California Community District for the Crafton Hills College Campus Site and political subdivision of the State of California, and **Brandman University** (“University”). District and University are also referred to collectively as the “Parties” and individually as the “Party.”

RECITALS

- A. WHEREAS, District is a community district that offers associates in arts and science degrees in various academic programs as well as credentials in various programs to students in San Bernardino County;
- B. WHEREAS, increasing student enrollment and interests have created demands for new academic, occupational and other programs, training, and advanced degrees without commuting long distances to attend other educational institutions, and for the facilities in which to house them;
- C. WHEREAS, District leases and operates the Education Complex (“Campus”), a facility located at 11711 Sand Canyon Rd, Yucaipa, CA 92399;
- D. WHEREAS, it is to the benefits of students, the community, District, and University for University to offer academic, occupational and other programs, training, and advanced degrees at the Campus and eliminate the need for students to commute long distances;
- E. WHEREAS, District desires, as authorized by the California Education Code, including but not limited to Sections 10400 to 10407, 70902, 81430, 81600, and 81601, to allow for, coordinate, and cooperate with University for University to offer academic, occupational and other programs, training, and advanced degrees at the Campus to students; and
- F. WHEREAS, the Parties desire by this Agreement to set forth the terms and conditions upon which University, in coordination and cooperation with District, will offer academic, occupational and/or other programs, training, or advanced degrees at the Campus to students.

AGREEMENT

NOW, THEREFORE, in consideration of the promises and covenants set forth in this Agreement, and for consideration, the sufficiency of which is acknowledged by the Parties’ signatures herein, the Parties agree as follows:

Section 1. SCOPE OF AGREEMENT.

University shall cooperate and coordinate with District in accordance with the terms and conditions of this Agreement to provide academic, occupational, and/or other programs, training, or advanced degrees at the Campus to students.

Section 2. DUTIES AND OBLIGATIONS.

2.1 Educational Programs. University shall, in coordination and cooperation with District, provide the academic, occupational, and/or other programs, training, or advanced degrees (collectively “Programs”) as listed in Exhibit B. University shall be fully accredited by a recognized regional accrediting agency in the Programs and shall provide verification thereof to District upon District’s request.

2.2 Scheduling of Programs at Campus and Request for Use of Space; and Return of Space.

2.2.1 Notice and Request for Scheduling. University shall coordinate and cooperate with District to

schedule its training and courses within its Programs at the Campus in accordance with the following:

- a) University Request. University shall exercise reasonable diligence to notify District of University's intent to offer a particular course or training, and to request use of any space at the Campus at least thirty (30) days before the date that University will commence instruction and use of such space. If University provides less than the thirty (30) days notice, space may not be available to be provided to University.

2.2.2 Return of Approved Space Before Expiration of Use Period. After a Request Form has been fully executed by the Parties pursuant to Section 2.2.1 above, if University will not use or ceases use of an Approved Space before expiration of the period for use of it as stated in the Request Form ("Use Period"), University may request that District approve a return of it in accordance with the following:

- a. University Request. University may request District's approval to return an Approved Space.
- b. District Consideration of Request. After receipt of University's request to return an Approved Space, District shall notify University whether District tentatively approves of such a return. District shall have the right to inspect and to condition approval of any return of Approved Space upon such inspection and District's determination that no loss, damage or destruction has occurred upon it due to any acts or omissions of University and/or its officers, employees, volunteers, agents or students. If any such loss, damage or destruction has occurred, University shall pay District the full cost to replace or repair the Approved Space to its prior condition, normal wear and tear, loss, damage, and/or destruction caused solely by District and/or its officers, employees, volunteers, agents or students excepted. University shall make such payment within fifteen (15) days after it receives an invoice and before District provides final approval of the return.
- c. Execution of Request Form, Amendment to Agreement, and Conflicts. Upon University's full satisfaction of any required payment and/or conditions, District shall indicate any final approval.
- d. Rights and Obligations Upon Return of Approved Space.
 - i. Returned Space. University's right to use and responsibility for, the Approved Space shall terminate upon District approving the return of it and University physically surrendering it to District ("Returned Date"). Any Approved Space approved by District for return and surrendered by University shall be referred to as "Returned Space" and is no longer an Approved Space.
 - ii. Payment Obligation. Notwithstanding (1) above, University shall pay to District: (A) all Use Fees, as defined in Section 6.1.1, for the period beginning on the first date of the Use Period stated in the Request Form and to and including the Returned Date; (B) any other Fees due to District as of the Returned Date; (C) any Late Charge as of the Returned Date; and (D) other expenses and costs relating to the Returned Space, including but not limited to any cost to replace, repair, or restore the Returned Space. University shall make such payment to District by no later than fifteen (15) days after the Returned Date.

2.2.3 Return of Approved Space After Expiration of Use Period.

- a) Return of Approved Space. After the expiration of the Use Period for an Approved Space, the Approved Space and all rights thereto shall revert to the District and District shall have the right to inspect it. If any loss, damage, or destruction to the Approved Space shall occur, the provisions of Section 5.1 shall apply.
- b) Rights and Obligations Upon Return of Approved Space.

- (1) Returned Space. University's right to use and responsibility for, the Approved Space shall

terminate upon University physically surrendering it to District (“Returned Date”). Any Approved Space surrendered by University to District shall be referred to as “Returned Space” and is no longer an Approved Space.

- (2) Remaining Obligations. Notwithstanding (1) above, University shall pay to District: (A) all outstanding Use Fees, as defined in Section 6.1.1, for the Use Period stated in the Request Form; (B) any other Fees due to District as of the Returned Date; and (C) any Late Charge as of the Returned Date. Moreover and notwithstanding (1) above, University shall satisfy all obligations under Section 5.1

- 2.2.4 Office. University may request that District approve an office (“Office”) for the exclusive use by University during the Term of this Agreement. Any such request and return of the Office shall be governed by the request for approval and return process in Sections: 2.2.1, 2.2.2, and 2.2.3 above, and such Office shall be considered Approved Space and Returned Space, as applicable.
- 2.3 Shared Use. The Parties acknowledge that multiple parties will use the Campus. In addition to University, District uses the Campus to operate its academic and other programs and to house its facilities. Other universities, pursuant to their respective agreements with District, will also offer academic, occupational, and/or other programs, training, or advanced degrees at the Campus to students.
- 2.3.1 Common Areas. University shall have the right, on a shared use basis with District, other educational institutions, and third parties, to use the following common areas (collectively “Common Areas”): (a) at the Campus: cafeteria, vending areas, front lobby, student lobbies, outdoor patios. The right of University students and faculty to use the Common Areas shall be on the same basis as District students and faculty. University students and faculty must comply with District board policies, regulations, and procedures in using the Common Areas.
- 2.3.2 Keys. District shall issue to University an appropriate number of keys to the Office, if an Office is approved by District for use by University. All other Approved Space shall be unlocked by and access thereto obtained through District.
- 2.3.3 Parking. Parking for University staff and students will be provided on the same basis as for District staff and students. All parking is available on a first-come, first-served basis. University shall provide District with the names of its faculty who need parking permits. District will provide each University faculty with the appropriate parking permit. University’s use of parking spaces shall be at its sole risk.
- 2.4 Furnishings, Equipment, and Supplies. Except for furnishings, equipment, and supplies stated in this Section 2.4 or as the Parties may mutually agree upon in writing, University is responsible, at its cost, to provide any furnishings, equipment, and supplies that it may need to operate its Programs at the Campus. All furnishings, equipment, and supplies provided by University shall remain its property and shall be removed from all classrooms and any Common Areas after each use of such space by University.
- 2.4.1 District shall provide telephones and required services to operate them in the Office. With respect to Internet connectivity, District is responsible for obtaining, upkeep, and maintenance of connectivity and the cost of Internet access services. However, District reserves the right, at any time during the Term of this Agreement and upon thirty (30) days written notice to University, to charge and obtain payment from University for any costs and fees for telephone services and internet connectivity used by University at the Campus, or to require University to provide its own telephones, telephone services, and Internet connectivity and services.
- 2.4.2 Classroom. District shall equip each classroom with tables and chairs, a whiteboard/blackboard, a projection screen, overhead projector, and any such other equipment and furnishings as District deems appropriate for the particular classroom. University shall provide, at its expense, all supplies that it may need in the classrooms, including dry erase markers, and any other furnishings or equipment that University may use. University shall remove such supplies, equipment, and furnishings from the

classrooms after each use of a classroom by University.

- 2.4.3 **Computer Laboratory.** District shall equip each laboratory with up to twenty-four (24) desktop or wireless laptop stations. The computer at each station shall be equipped with software as District determines appropriate. University shall not install any software or program on any of the computers without first obtaining District's written approval.
- 2.4.4 **Other Laboratory.** District shall equip each laboratory with furnishings, equipment, and supplies as it determines proper and necessary for the laboratory and for use by District. University shall not use any equipment or supplies in the laboratory without first obtaining District's written approval. University shall provide, at its expense, any equipment and supplies it may need in the laboratory. University shall remove such equipment or supplies provided by University from each laboratory after each use of the laboratory by University.
- 2.4.5 **Interference or Disruption Prohibited.** Any furnishings, equipment, or supplies used by University at the Campus shall not interfere with or disrupt the operations of the Campus or any other District facilities and systems. University's equipment, service systems, and other service connectivity shall also not interfere with the operations and service of the equipment, service systems, and Internet and other service connectivity of District or third parties at the Campus, on the Campus, or at any other District premises or facilities. Before University may install any equipment, service systems, or other service connectivity, University shall first obtain District's written approval. Except as provided in Section 2.4.1 above, University shall not use any equipment, service systems, and Internet or other service connectivity to access District's equipment, service systems, and Internet or other service connectivity at the Campus, Campus, or any other District premises or facilities.
- 2.5 **Maintenance.** Except as expressly agreed upon otherwise by the Parties, District is responsible, at its cost, to maintain the Campus and all District furnishings and equipment therein. Maintenance shall include routine maintenance and repair of, and daily janitorial service at, the Campus. Maintenance does not include work to repair or replace any loss, damage, or destruction of the Campus or any furnishings, equipment, or supplies arising from or caused by any acts or omissions of University and/or its officers, employees, vendors, contractors, or other agents.
- 2.6 **Utilities.** Except as expressly agreed upon otherwise by the Parties, District is responsible, at its cost, for all utilities used at the Campus, including those used by University.
- 2.7 **Conditions Governing Use of Campus.**
- 2.7.1 **Permitted Use.** University shall use the Campus and all other approved District facilities for the sole purpose of providing courses and training in its Programs to students and supporting such Programs in accordance with this Agreement and all laws applicable to public educational facilities.
- 2.7.2 **Alteration or Modification.** University shall not alter, renovate, or otherwise modify any space at the Campus or other District property without first obtaining District's written approval. Any alteration, renovation, or modification of the Campus or other District property that is approved by District shall be at University's sole expense and liability, and subject to any additional terms and conditions as the Parties may agree upon and all laws, regulations, rules, and orders that apply to community District districts with respect to such work.
- 2.7.3 **Disposition and Liens.** University shall not sell or otherwise dispose, or cause liens, assessments, or any other charges or liabilities to be recorded or levied upon the Campus or any other District property.
- 2.7.4 **Access and Inspection.** University shall permit District and its employees, agents, and representatives to enter upon any space at the Campus that University is using to inspect it or make repairs, alterations, or additions. District shall attempt to give reasonable notice to University where practicable but shall not be obligated to do so in the event of an emergency or imminent threat to the health or safety of occupants.

2.7.5 Supervision and Discipline of Employees and Students; and Identification.

- a) University is responsible for the supervision and discipline of its employees and students while they are at the Campus or at any other District facilities. District reserves the right, but shall not be obligated, to take any actions that District determines appropriate to prevent, stop, or otherwise handle any incidents of misconduct that may occur at the Campus by or involving University employees and/or students. University shall promptly address all incidents of misconduct involving University employees or students, including those that are brought to University's attention by District.
- b) All University employees, at all times while at the Campus or any other District facilities performing services related to this Agreement, shall have written identification indicating their employment with University. Such identification shall be provided upon District request.

2.7.6 Policies, Rules, and Regulations. University shall comply with all District policies, regulations, and procedures governing the use and operations of District facilities. University shall also comply with all laws and regulations governing the use and occupancy of the Campus, including the Civic Center Act, and all state and local fire, health, and safety laws, ordinances, and regulations.

2.7.7 Smoking, Gambling, Alcohol, and Unsuitable Use Prohibited. Smoking is prohibited at the Campus and other District property except in those locations clearly designated as an approved smoking area. The Campus and other District property shall not be used for gambling or other games of chance. The use of alcohol is prohibited at the Campus and other District property except under special circumstances described in state statute. University shall not use the Campus or other District property for any purpose that is inimical to public morals and welfare, or unsuitable for a public educational facility.

2.7.8 Damage, Destruction, Waste, and Other Prohibited Use. University shall not damage or destroy the Campus, or any furnishings, equipment, and supplies of District or third parties located at the Campus, the Campus, or any other District facilities. University shall further not commit any waste upon the Campus or any other District property or place any loads upon the floor, walls, or ceiling that endanger any structure. University shall also not commit any discharge, leakage, spillage, or pollution of any type upon or from the Campus or any other District property or place any harmful liquids in the plumbing, sewer, or storm water drainage system of the Campus or of any other District property. University shall also not dump or permit to remain upon any part of the Campus or other District property any waste materials or refuse, except in containers designated for that purpose. Should any discharge, leakage, spillage, emission, waste, or pollution of any type occur upon or from the Campus or any other District property, in whole or in part, as a result of University's use and/or occupancy thereof, University, at its sole cost, shall clean all the property affected to the satisfaction of District and any governmental agencies having jurisdiction over the Campus and such other District property.

2.8 Additional Issues. This is the first time the Parties are entering into an agreement for the provision of educational programs and use of the Campus for such purpose. The Parties have done their best to negotiate and anticipate issues; however, in a shared use scenario, issues may arise. If such issues arise, the Parties shall cooperate to resolve them.

Section 3. TERM AND RENEWAL OF AGREEMENT.

3.1 Term. This Agreement shall commence on the Effective Date and shall continue in full force and effect thereafter until **June 30, 2017 ("Term")**, unless terminated during the Term pursuant to Section 4.1 below.

3.2 Renewal. Upon expiration of the Term of this Agreement, the Parties may mutually agree in writing to renew this Agreement for a successive term of the same duration as set forth in Section 3.1 above or for a longer or shorter period. Total contract period may not exceed five years.

Section 4. TERMINATION OF AGREEMENT.

- 4.1 Termination. Any termination of this Agreement during the Term shall be in accordance with the following:
- 4.1.1 Material Breach. Either Party may terminate this Agreement upon a material breach of this Agreement by the other Party. A Party intending to terminate this Agreement shall provide the breaching Party with at least sixty (60) days written notice before the effective termination date. Such notice shall specify the provision of this Agreement that was breached and provide the breaching Party with an opportunity to cure within the 60 days. Upon expiration of the 60 days and if the breaching Party has not cured the breach and provided written notice of such cure to the non-breaching Party, this Agreement shall terminate. Upon termination of this Agreement, the non-breaching Party shall provide written notice to the breaching Party of the effective date of termination of this Agreement.
- 4.1.2 Other Grounds. This Agreement may also be terminated as follows:
- a. Upon Notice. Either Party may terminate this Agreement without cause upon providing the other Party with at least four (4) months written notice before the effective date of termination. However, if the effective termination date occurs during the academic session of University and University, on the effective date of termination, is providing any course, program, and/or training pursuant to its Programs and this Agreement, this Agreement shall terminate effective the date following the end of the academic session of University that is in progress.
 - b. District Facilities Need. After a finding by District's Board of Trustees that any or all spaces at the Campus is necessary to accommodate District's students, employees, programs, courses, training, or other activities, District may terminate this Agreement upon providing University with at least 120 days written notice before the effective date of termination. However, if the effective termination date occurs during the academic session of University, and University, on the effective date of termination, is providing any course, program, and/or training pursuant to its Programs and this Agreement, this Agreement shall terminate effective the date following the end of the academic session of University that is in progress.
 - c. Mutual Termination. The Parties may terminate this Agreement by mutual agreement set forth in writing and signed by the Parties.
 - d. Destruction of Campus. This Agreement shall terminate if the Campus is completely destroyed (destruction of more than forty percent (40%) of the classroom space) or if the Campus is determined by the appropriate governmental authorities to be not suitable for occupancy and the District determines that the Campus will not be restored or repaired.
- 4.2 Rights and Obligations Upon Termination. Upon termination of this Agreement, whether pursuant to Section 4.1 above or expiration of the Term, the following shall apply:
- 4.2.1 Payment and Restoration Obligations. University shall pay District all Fees, Late Charges, and any other costs and fees that are due to District as of the effective date of termination. Payment of the above fees and costs must be received by District within five (5) business days of the effective date of termination of this Agreement. University shall also satisfy all obligations under Section 5.1.
- 4.2.2 Removal of University Personal Property. By no later than fifteen (15) business days of the effective date of termination of this Agreement, University shall remove all of its furnishings, equipment, supplies and any other property from the Campus and any other District property. Any University property that is not removed within fifteen (15) business days after notification by District to University shall be deemed abandoned and District may keep it without any compensation to University, or remove and/or dispose of the property as District deems proper. If District incurs any cost to remove and/or dispose of the property, District will invoice University and University shall pay District within fifteen (15) business days of the

date of the invoice.

- 4.2.3 Return of District Personal Property. University shall return to District and completely surrender any District equipment or property in University's possession, custody, or control.
- 4.2.4 Surrender and Vacate Campus. University shall completely surrender and vacate all Approved Spaces, including any Office approved for use by University, Common Areas, and any other District space or facilities.
- 4.2.5 District Reserved Rights. As titleholder to the Campus, District reserves the right, upon termination of this Agreement, to recoup the full rights and benefits of such ownership, including but not limited to use of the Approved Spaces for District's programs and services. Without any notice to University, District shall also have the right to re-enter and take possession of all Approved Spaces and eject University, and its officers, employees, volunteers, agents and students, and any University tenants, assignees or other person or persons claiming any right under or through University.
- 4.6 Holdover. If University holds over in use of the Approved Space or any equipment that the Parties mutually agree in writing that University may use after the termination of this Agreement, such holding over shall not be deemed to extend the period for University to use such spaces or equipment, or to provide University with any implied or expressed right to such use, but the use shall continue upon the covenants and conditions herein set forth at one hundred twenty-five percent (125%) of the Use Fees.

Section 5.0 Repair and Restoration of Property.

- 5.1 Approved Spaces, Common Areas, and Other District Property. All Approved Spaces and Common Areas shall be in the condition that existed on the date that University commenced occupation or use thereof, excepting normal wear and tear. If repair or replacement of any Approved Spaces or Common Areas is necessary to restore any such spaces to such a condition, the provisions of this Section 5.1 shall apply. The provisions of this Section 5.1 shall also apply if there are any loss, damage, or destruction to any other District structures, facilities, furnishings, equipment, or other property, whether real or personal property.
- 5.1.1 Solely Caused by University. If repair or replacement is necessary due to loss, destruction, or damage caused solely by University and/or University's officers, employees, volunteers, agents or students, District, at District's option, may require University, at University's expense, to perform such work or require University to reimburse District for all costs and fees incurred by District to perform such work. If required by District to perform the work, University shall promptly perform and complete such work by no later than thirty (30) days after the effective date of termination of this Agreement or receipt of District's written notice for University to perform the work, whichever is earlier. If District requires reimbursement from University, University shall pay such reimbursement within thirty (30) days of the date of District's invoice.
- 5.1.2 Jointly Caused by Parties. If repair or replacement is necessary due to loss, destruction, or damage caused jointly by the Parties, each Party shall be responsible for repair or restoration to its pre-existing condition, and for the associated costs, in proportion to its liability for the loss, destruction, or damage. District, at District's option, and with written notice to University before commencement of any work, may elect to perform all repair or replacement work with each Party responsible for payment of the associated costs in proportion to its liability for the loss, destruction, or damage. If District elects to perform the repair or replacement work, University shall pay University's proportional cost to District within thirty (30) days of the date of District's invoice.
- 5.1.3 Caused by Unknown or Unaffiliated Third Parties. If repair or replacement is necessary due to loss, destruction, or damage caused by a third party whose identity cannot be determined, or is determined not to be a University employee, volunteer, agent, or student and not to be a District employee, volunteer, agent or student, District shall be responsible for all work, and all costs associated with, the repair or

replacement, unless the loss, destruction, or damage is the result of or arose out of the act or omission of University and/or its officers, employees, volunteers, agents, or students in which case University shall be responsible for all work and associated costs for the repair or replacement. As an example, and not as a limitation, if University fails to lock the Office allocated to University and an unidentified person enters the Office and damages it, University shall be responsible for all work and associated costs to repair or replace the Office. A further example is where a University student is involved in a physical altercation with an unidentified person and during the altercation, the unidentified person causes damages to a Common Area; in this case, University shall be responsible for all work and associated costs to repair or replace the Common Area. Where the loss, destruction, or damage is the result of or arose out of the act or omission of University and/or its officers, employees, volunteers, agents, or students, District, at District's option, and with written notice to University before commencement of any work, may elect to perform all repair or replacement work with University responsible for all associated costs. If District elects to perform the repair or replacement work, University shall pay all associated costs to District within thirty (30) days of the date of District's invoice.

- 5.1.4 Solely Caused by District. If repair or replacement is necessary due to loss, destruction, or damage caused solely by District and/or District's officers, employees, volunteers, agents, or students, District, at its expense, shall perform such work or pay for all costs and fees to perform such work. District shall promptly perform and complete such work.
- 5.2 Replacement of Approved Space During Repair or Restoration. In the event any loss or damage of an Approved Space renders it not useable for the purposes set forth in this Agreement or is determined by the appropriate governmental authorities to be not suitable for occupancy, the Parties shall cooperate and negotiate in good faith to provide University with a comparable replacement space at the Campus in which University may continue the particular course or training that was being conducted in the Approved Space until the Approved Space is repaired or restored. Any agreement by the Parties as to a replacement space shall identify the replacement space, Use Period, and Use Fee, and shall be set forth in writing and signed by the Parties. If the Parties cannot agree upon a comparable space or no comparable space is available at the Campus, University, at its discretion and sole liability, may cancel the particular course or training that was being conducted in the Approved Space; or either Party, notwithstanding Section 4.1 and subject to Section 4.2, may terminate this Agreement upon providing the other Party with thirty (30) days written notice before the effective date of termination.
- 5.3 University Personal Property. University shall be responsible for any loss, damage, or destruction of any of its furnishings, equipment, supplies, and any other personal property that University places at the Campus, the Common Areas, or any other facilities on the Campus, unless the loss, damage, or destruction is caused by the sole negligence of District and/or its officers, employees, volunteers, agents or students in which case District is responsible and shall, at District's option, repair or replace the furnishing, equipment, supply or personal property that is lost, damaged, or destroyed or pay University an amount equal to the fair market value of the property at the time of the loss, damage, or destruction.

Section 6. PAYMENT.

- 6.1 Payment Obligation. In consideration for the benefits and use of the Campus to provide courses and training in its Programs, University shall pay to District the following fees (collectively "Fees"):
- 6.1.1 Use Fees. University shall pay District a use fee ("Use Fee") for each Approved Space as set forth in Exhibit A, attached hereto and incorporated herein as a part of this Agreement. If Exhibit A does not list a fee amount for a particular space agreed upon by the Parties for use by University, the Parties shall negotiate in good faith to arrive at a mutually agreeable amount. University shall pay the Use Fees for the Approved Spaces and any agreed upon amount for spaces that are not listed in Exhibit A no later than thirty (30) days of the invoice from District. At its discretion, District may invoice University on a semi-annual or quarterly basis.
- 6.1.2. Other Fees and Costs. The Parties may mutually agree upon other fees and costs relating to University's

use of the Campus. Such agreement shall be set forth in a Request Form or other writing and signed by the Parties.

- 6.2 Late Charge. If District does not receive from University any of the Use Fees or any other sum due under this Agreement within ten (10) business days when such an amount is due, University shall pay to District a late charge equal to ten percent (10%) of such overdue amount or the maximum amount allowed by law, whichever is less ("Late Charge"). The Parties agree that the Late Charge represents a fair and reasonable estimate of the costs District will incur due to University's late payment. District's acceptance of the Late Charge does not constitute a waiver of University's breach of this Agreement with respect to such overdue amount, and shall not preclude District from exercising any of its other rights and remedies granted hereunder or by applicable laws.

Section 7. INSURANCE.

7.1 University.

- 7.1.1 Required Insurance. University shall, at its cost, commencing on the Effective Date of and during the Term of this Agreement, procure and maintain in full force and affect the following insurance:

- a. General Liability Insurance. University shall maintain general liability insurance with limits of liability of not less than \$1,000,000 per occurrence for bodily injury, personal injury, advertising injury, and property damage and \$3,000,000 per aggregate. This insurance shall include contractual liability and products and completed operations coverage of the same limits as the policy limits. This insurance shall be endorsed to include the following: (i) District and its Board of Trustees and members thereof, officers, employees, agents and volunteers as additional insureds; and (ii) a written notice to be mailed to District by insurer or self-insurance administrator no later than 30 days prior to the effective date of any cancellation, non-renewal, or reduction of coverage of such insurance.
- b. Automobile Liability. University shall maintain automobile liability insurance with limits of liability of \$1,000,000 per occurrence, for owned, non-owned, or hired vehicles.
- c. Workers' Compensation Insurance. University shall maintain workers' compensation as required by the State of California and employers' liability insurance with limits of not less than \$1,000,000.

University's insurance shall contain an endorsement providing that such insurance shall be primary and such endorsement shall further state that District's own coverage will not contribute with it.

- 7.1.2 Deductible or Self-Insured Retention. Any and all deductibles or self-insured retentions applicable to the above required insurance shall be specifically approved by District. University shall be solely responsible for paying all deductibles or self-insured retentions for insurance that it procures under this Agreement.
- 7.1.3 Insurer Rating. The insurance required above shall be provided by a company(ies) with an A.M. Best rating of A:VII or the equivalent.
- 7.1.4 Proof of Insurance. University shall provide written proof to District of the above insurance before University may use the Campus or any other District property, including copies of the endorsements required above. University shall provide written proof to District of renewal of any insurance required above, including any endorsements required, at least fifteen (15) days prior to the expiration of such insurance.
- 7.1.5 Procurement by District. If University fails to provide any of the above-required insurance, District may, but is not obligated to, procure and maintain such insurance and charge to University the cost of such insurance. University shall reimburse the cost of such insurance to District within fifteen (15) days of an

invoice from District. Prior to District's procurement of such insurance, District shall notify University in writing that University has ten (10) days to provide the required insurance and provide written proof thereof to District. Notwithstanding Section 4.1 and anything to the contrary herein, if University does not provide the required insurance, District may terminate this Agreement immediately upon providing written notice to University.

7.1.6 Self Insurance. University may satisfy the above insurance requirements by maintaining equivalent or greater limits and coverage through a program of self insurance.

7.2 District. During the Term of this Agreement, District shall maintain insurance or self-insurance against claims for injuries to persons and damages to property (real and personal, including the structures on District property and any District owned personal property).

Section 8. INDEMNITY AND HOLD HARMLESS.

8.1 University. University shall, to the fullest extent permitted by law, indemnify and hold harmless District and its Board of Trustees, elected and appointed officers, employees, volunteers, and agents ("District and District Personnel") from any claim, liability, or alleged liability whatsoever arising out of or caused by any act or omission of University and/or University Personnel relating to this Agreement, including but not limited to: (1) causes of action, actions, lawsuits, damages, liabilities, losses, fines, penalties, expenses, judgments, demands, obligations and costs, including reasonable expert witness and/or attorney's fees, in law or in equity; (2) damage, loss, or destruction of the Campus or any other District facilities, and any furnishing, equipment, or other property located therein; (3) damage, loss, or destruction of any property of students or other third parties; (4) loss or liability resulting from delay by University in not surrendering and vacating the Approved Spaces in accordance with Section 4.2.4; and (5) compensatory damages, punitive damages, statutory and/or regulatory fines and penalties, and extra-contractual liability (collectively "District Liabilities"). University shall defend, at its own expense and risk, District and District Personnel in all such District Liabilities, with legal counsel reasonably acceptable to District.

8.2 District. District shall, to the fullest extent permitted by law, indemnify and hold harmless University and its Board of Trustees or Directors, elected and appointed officers, employees, volunteers, and agents ("University and University Personnel") from any claim, liability or alleged liability whatsoever, including but not limited to causes of action, actions, lawsuits, damages, liabilities, losses, fines, penalties, expenses, judgments, demands, obligations and costs, including reasonable expert witness and/or attorney's fees, in law or in equity, arising directly or indirectly out of or resulting from acts and/or omissions of District and/or District Personnel relating to this Agreement and including but not limited to compensatory damages, punitive damages, statutory and/or regulatory fines and penalties, and extra-contractual liability (collectively "University Liabilities"). District shall defend, at its own expense and risk, University and University Personnel in all such University Liabilities with legal counsel reasonably acceptable to University. District shall not be responsible or liable for any loss, destruction, or damage to any furnishings, equipment, or other personal property of University, including those of University's officers, employees, agents, volunteers, and students unless such loss, destruction, or damage was caused by the sole negligence of District or District Personnel.

8.3 Notice of Claim. In any circumstance in which a Party ("Indemnifying Party") is required by this Agreement to indemnify the other Party ("Indemnified Party") with respect to any claim by a third party, the Indemnified Party will give prompt and reasonably detailed written notice of the circumstances to the Indemnifying Party (including, without limitation, the amount of such claim, or if the amount is not yet liquidated or otherwise determinable, the Indemnified Party's reasonable, good faith estimate thereof); provided, however, that delay in giving notice will not relieve the Indemnifying Party of its obligations unless the delay results in actual prejudice and then only to the extent of the actual prejudice. The Indemnified Party will not make any admission or make or accept any offer of settlement or compromise or consent to entry of any judgment (other than a dismissal on the merits with prejudice without costs) or findings of fact without the prior written consent of the Indemnifying Party, which consent will not be

unreasonably withheld, delayed or conditioned.

- 8.4 Survival of Obligations. The obligations set forth in this Section 8 shall survive the termination of this Agreement for any acts, omissions, claims, liabilities that arise or occur, or are alleged to have arisen or occurred, before the effective date of termination of this Agreement.

Section 9. RECORDS AND INFORMATION.

University agrees to maintain the confidentiality of, and shall not disclose to any third party, records, and information that are confidential or private, except where disclosure is required by federal or state laws, or a validly issued subpoena. This obligation shall survive the termination of this Agreement. To the extent permitted by law and upon District's request, University agrees to provide District with records and/or information regarding student enrollment in University's Programs.

Section 10. CERTIFICATION REGARDING DEBARMENT, SUSPENSION, AND OTHER INELIGIBILITY.

- 10.1. Applicability. The provisions of this Section 10 shall apply to this Agreement to the extent it is funded in part or in whole with federal funds.
- 10.2 Certification.
- 10.2.1 By executing this Agreement, University agrees to comply with applicable federal suspension and debarment regulations, including, but not limited to, regulations implementing Executive Order 12549 (29 C.F.R. Part 98).
- 10.2.2 By executing this Agreement, University certifies to the best of its knowledge and belief that it and its principals:
- a. Are not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from covered transactions by any federal department or agency;
 - b. Have not, within a three-year period preceding the execution of this contractual instrument, been convicted of, or had a civil judgment rendered against them, for: (1) commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a public (federal, state or local) or private transaction or contract; (2) violation of federal or state antitrust statutes; (3) commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, receiving stolen property, making false claims, or obstruction of justice; or (4) commission of any other offense indicating a lack of business integrity or business honesty that seriously and directly affects University's present responsibility;
 - c. Are not presently indicted for, or otherwise criminally or civilly charged by any government entity (federal, state or local), with commission of any of the offenses enumerated in 9.2.2.2 above, of this certification;
 - d. Have not, within a three-year period preceding the execution of this contractual instrument, had one or more public transaction (federal, state or local) terminated for cause or default;
 - e. Shall not, except as otherwise provided under applicable federal regulations, knowingly enter into any lower tier covered transaction with a person who is proposed for debarment, debarred, suspended, declared ineligible, or voluntarily excluded by any federal department or agency from participation in such transaction; and
 - f. Include in all lower tiers covered transactions, and all solicitations for covered transactions, provisions substantially similar to those set forth herein.

Section 11. GENERAL PROVISIONS.

- 11.1 Incorporation of Recitals and Exhibits. All of the recitals set forth above and all exhibits attached to this Agreement are by this reference incorporated in and made a part of this Agreement.
- 11.2 Entire Agreement and Termination of Prior Agreement. This Agreement constitutes the entire agreement and understanding between the Parties. There are no oral understandings, terms, or conditions, and no Party has relied upon any representation, express or implied, not contained in this Agreement. Any prior understandings, terms, or conditions are deemed merged into this Agreement. This Agreement is intended as the complete and exclusive statement of the Parties' agreement pursuant to Code of Civil Procedure section 1856. To the extent any agreement is in effect between the Parties involving University's provision of academic, occupational or other programs, training, and advanced degrees at the Campus, such agreement is terminated as of the Effective Date of this Agreement, and this Agreement shall apply and govern the Parties' rights and obligations.
- 11.3 Applicable Law. This Agreement, and the rights and obligations of the Parties, shall be governed by and construed in accordance with the laws of the State of California. Each and every provision of law and clause required to be inserted in this Agreement shall be deemed to be inserted herein and this Agreement shall be read and enforced as though it were included herein, and, if through mistake or otherwise, any such provision is not inserted or is not inserted correctly, then upon written request of either Party, this Agreement shall be amended to make such insertion or correction.
- 11.4 Venue. If any action is instituted to enforce or interpret this Agreement, venue shall only be in the appropriate state or federal court having venue over matters arising in San Bernardino County, California, provided that nothing in this Agreement shall constitute a waiver of immunity to suit by District.
- 11.5 Independent Contractor. University understands that it is an independent contractor under this Agreement. University and all of its officers, employees, agents, sub-contractors, and representatives are not officers, agents, or employees of District. University shall not represent or otherwise hold out itself or any of its directors, officers, partners, employees, sub-contractors, or agents to be an agent or employee of District. University shall be solely responsible for the payment of all federal, state and local income tax, social security tax, workers' compensation insurance, state disability insurance, and any other taxes or insurance under federal, state, or local law. University and all of its employees, agents, sub-contractors, and representatives are thus not eligible to receive from District workers' compensation, medical, indemnity or retirement.
- 11.6 Non-Discrimination. University hereby certifies that in performing work or providing services for the District, there shall be no discrimination in its hiring, employment practices, or operations because of sex, race, religious creed, color, ancestry, national origin, Vietnam era veteran status, physical disability, mental disability, medical condition, marital status, or sexual orientation, except as provided for in Government Code section 12940. University shall comply with applicable federal and California anti-discrimination laws.
- 11.7 Marketing. The Parties agree to promote the Campus and its programs, and District agrees that University may distribute promotional brochures and other materials concerning the Campus and its programs. However, any materials that includes District's name shall be subject to District's approval. University agrees to promote the Campus through its web site and other publications, and agrees that District may distribute promotional materials concerning University's Programs. District will maintain a web site regarding the Campus with a link to University's Programs if University has a website containing such information.
- 11.8 Interpretation. The provisions of this Agreement shall be construed in all cases as a whole, according to their fair meaning, and not strictly for or against any Party.

- 11.9 Headings. The headings in this Agreement are inserted for the convenience of the Parties, shall not be deemed to be a part of this Agreement, and in no way define, limit, extend or describe the scope or intent of this Agreement or of any of its provisions. In the event of any conflict between any heading and any provision, the provision shall govern and control.
- 11.10 Amendment. This Agreement cannot be changed or supplemented orally, and may be modified or superseded only in a writing executed by the Parties.
- 11.11 Severability. If any term or provision of this Agreement is held by a court of competent jurisdiction to be void, illegal, or unenforceable for any reason, this Agreement shall remain in full force and effect and shall be interpreted as though such term or provision was not a part of this Agreement. The remaining provisions shall be construed to preserve the intent and purpose of this Agreement, and the Parties shall negotiate in good faith to modify any invalidated provisions to preserve each Party's anticipated benefits.
- 11.12 Cumulative Rights and Remedies. No right or remedy herein provided or reserved to any Party is intended to be exclusive of any other remedy or right, and each and every right or remedy shall be cumulative and in addition to any right or remedy given hereunder, or now or hereafter existing at law, in equity, or by law.
- 11.13 Waiver. Any failure by a Party to comply with any covenant, term, or condition of this Agreement may be waived in writing by the Party in whose favor such covenant, term, or condition runs. No waiver by a Party of any covenant, term, or condition of this Agreement shall be deemed or constitute a waiver of any other provision of this Agreement, nor shall any waiver constitute a continuing waiver unless otherwise expressly provided in writing. A Party's failure to insist upon strict compliance with or to enforce any covenant, term, or condition of this Agreement shall not constitute a waiver of, or estoppel with respect to, the covenant, term, or condition.
- 11.14 Assignment and Transfer. University shall not assign or transfer any or all of its rights, burdens, duties, or obligations under this Agreement, including by operation of law, change of control or merger, without the prior written consent of the District. Any assignment of this Agreement by University without such prior written consent of District, including by operation of law, change of control, or merger, shall be void and a material breach of this Agreement and, notwithstanding Section 4.1, District may immediately terminate this Agreement by providing written notice to University.
- 11.15 Drug-Free Workplace Policy and Requirements. University agrees to comply with the requirements of the Drug-Free Workplace Act of 1988 (Government Code section 8350, et seq.).
- 11.16 Notices. All notices or other communications required or permitted under this Agreement, unless otherwise stated, shall be deemed duly given if in writing and delivered personally or sent by a reputable overnight courier services (with package tracking capability) or certified mail, return receipt requested, first class postage prepaid, addressed as follows:

District Attn: Cheryl Marshall, President
Crafton Hills District

Irvine, CA 92618

A Party may change its designated representative and/or address for the purpose of receiving notices and other communications under this Agreement by giving written notice of such change in the manner

prescribed above to the other Party.

- 11.17 **Binding Effect.** This Agreement is for the benefit of and shall be binding on the Parties and their respective predecessors, successors, governing bodies, principals, officers, employees, agents, representative, and assigns. Nothing in this Agreement shall be deemed to create any contractual relationship between any of the Parties and any third party, and this Agreement shall not be deemed to give any third party any claim or right of action against any of the Parties.
- 11.18 **State Audit.** Government Code section 8546.7 requires that every public contract provide that if the contract involves more than ten thousand (\$10,000) dollars in state funds, it shall be subject to examination and audit by the State Auditor for a period of three years after final payment under the contract.
- 11.19 **Execution by Facsimile or in Counterparts.** This Agreement may be executed in counterparts such that the Parties' signatures may appear on separate pages. A copy, facsimile or an original of this Agreement, with all signatures appended together, shall be deemed a fully executed agreement. Signatures transmitted by facsimile or other electronic means shall be deemed original signatures.
- 11.20 **Authority to Sign.** Each person executing this Agreement on behalf of the Parties represents and warrants that he or she is authorized to execute and commit to this Agreement on behalf of and to bind fully such Party.
- 11.21 **Approval of District's Board of Trustees.** Pursuant to Education Code section 81655, this Agreement is not valid and is not enforceable against the District unless and until its Board of Trustees approves or ratifies it.

IN WITNESS WHEREOF, the Parties have hereunto executed this Agreement as of the day and year stated hereinafter

REVIEWED BY: Timothy L. Oliver, Interim Vice Chancellor, Fiscal Services
PREPARED BY: Diana Johnson, Bond Program Manager, Kitchell/BRj
DATE: January 16, 2014
SUBJECT: Consideration of Approval of Amendment 001 to the PMSM Architects Contract

RECOMMENDATION

It is recommended that the Board of Trustees approve Amendment 001 to the PMSM Architects contract in the amount of \$26,575.00.

OVERVIEW

On May 9, 2013 the Board of Trustees approved a contract with PMSM Architects for the Laboratory Administration Building (LADM) Renovation. In order to provide a design consistency for mechanical systems throughout the campus, and specifically for renovation projects, PMSM Architects will provide a consistency for equipment and systems to assist campus facility management of maintenance and operation tasks throughout the life cycle of the campus. These requirements have been incorporated into the Division of the State Architect submittal by PMSM Architects.

In addition, the campus has requested that PMSM Architects provide design drawings and specifications to convert the existing Police/Administration area into the future Veteran's Center and Police Center.

ANALYSIS

The effect of this amendment will be an addition of \$26,575.00 to the PMSM Architects contract, resulting in a revised contract amount of \$699,840.32. There is no increase in length of contract.

RE: Crafton Hills College (CHC) Measure M
PMSM Architects
Architectural Services Contract Amendment No.1 for LADM

SCOPE:

SBCCD approval for PMSM Architects Contract Amendment No. 1 for additional design coordination services provided to implement ARUP's Owner Project Requirements (OPR) associated with the LADM Renovation and design fees to incorporate the renovation of the Police/ Administration area of LADM into the LADM Renovation project.

NARRATIVE:

The Campus directed ARUP to provide a design consistency for the mechanical systems throughout the Campus and specifically for the renovation projects. The purpose of the Owner Project Requirement (OPR) is to provide a consistency for equipment and systems that would assist the Campus facility management department in managing its maintenance and operation tasks more efficiently throughout the life cycle of the Campus. These requirements have been incorporated into the DSA submittal set by PMSM Architects.

In addition, the Campus has requested that PMSM Architects provide design drawings and specifications to convert the existing Police/ Administration area, on the lower level of the north LADM wing into the future Veteran's Center and Police Center. These changes will be incorporated into the DSA submittal set and the bid documents.

RECOMMENDATION:

Kitchell / BRj recommends that SBCCD approve the proposals from PMSM Architects for \$26,575.00.

Note: Please note that this funding for this work will be absorbed by the project soft cost contingency which was not anticipated. Kitchell/BRj will monitor project costs and inform the Campus if additional funds will be needed in the future.

DATE: January 16, 2014
SUBJECT: Consideration of Approval of Amendment 001 to the PMSM Architects Contract

RECOMMENDATION

It is recommended that the Board of Trustees approve Amendment 001 to the PMSM Architects contract in the amount of \$4,675.00.

OVERVIEW

On May 9, 2013 the Board of Trustees approved a contract with PMSM Architects for the Student Services A Renovation.

In order to provide a design consistency for mechanical systems throughout the campus and specifically for renovation projects, PMSM will provide a consistency for equipment and systems to assist facility management of maintenance and operation tasks throughout the life cycle of the campus. These requirements have been incorporated into the Division of the State Architect submittal by PMSM Architects.

ANALYSIS

The effect of this amendment will be an addition of \$4,675.00 to PMSM Architects contract, resulting in a revised contract amount of \$318,058.93. There is no increase in length of contract.

RE: Crafton Hills College (CHC) Measure M
PMSM Architects
Architectural Services Contract Amendment No.1 for SSA

SCOPE:
SBCCD approval for PMSM Architects Contract Amendment No. 1 for additional design coordination services provided to implement ARUP's Owner Project Requirements (OPR) associated with the SSA Renovation.

NARRATIVE:
The Campus directed ARUP to provide a design consistency for the mechanical systems throughout the Campus and specifically for the renovation projects. The purpose of the Owner Project Requirement (OPR) is to provide a consistency for equipment and systems that would assist the Campus facility management department in managing its maintenance and operation tasks more efficiently throughout the life cycle of the Campus. These requirements have been incorporated into the DSA submittal set by PMSM Architects.

RECOMMENDATION:
Kitchell / BRJ recommends that SBCCD approve the proposal for OPR design incorporation to PMSM Architects for \$4,675.00.

Note: Please note that this funding for this work will be absorbed by the project soft cost contingency which was not anticipated. Kitchell/BRJ will monitor project costs and inform the Campus if additional funds will be needed in the future.

SUBJECT: Consideration of Approval of Amendment 005 to the NTD Architecture Contract

RECOMMENDATION

It is recommended that the Board of Trustees approve Amendment 005 to the NTD Architecture contract in the amount of \$12,050.00.

OVERVIEW

On February 17, 2011, the Board of Trustees approved a contract with NTD Architecture for architectural and engineering services on the SBVC Auditorium Renovation project.

This amendment is for the development of revised accessible parking requirements for the Division of the State Architect; pedestrian path of travel upgrades; and an adjustment to the furniture, fixtures and equipment requirements.

ANALYSIS

The effect of this amendment will be an addition of \$12,050.00 to the NTD Architecture contract, resulting in a revised contract amount of \$874,695.00. There is no increase in length of contract.

NTD Architecture for Auditorium Renovation -- Amendment No. 5

SCOPE:

SBCCD approval to amendment contract to NTD Architecture for the Auditorium Renovation Project increased scope.

NARRATIVE:

This contract amendment is for additional design services for the Measure M Auditorium Project for San Bernardino Valley College. Additional services to provide architectural and engineering development for Division of State Architect revised accessible parking requirements, additional pedestrian flatwork upgrades to provide continuity with existing Campus wide path of travel as well as adjustment to NTD Furniture Fixtures & Equipment Amendment No. 04.

With your concurrence with this recommendation NTD Architecture Amendment No. 05 will be presented to the SBCCD board at the upcoming January 16, 2014 board meeting.

RECOMMENDATION:

Kitchell/BRJ recommends that SBCCD approves the increased scope for the Auditorium Renovation Project.

SUBJECT: Consideration of Approval of Amendment 006 to the Leighton Consulting, Inc. Contract

RECOMMENDATION

It is recommended that the Board of Trustees approve Amendment 006 to the Leighton Consulting, Inc. contract in the amount of \$327,500.00

OVERVIEW

On February 11, 2010, the Board of Trustees approved a contract with Leighton Consulting, Inc. for geotechnical services on the Crafton Hills College campus.

Leighton Consulting, Inc. Contract Amendment 006 is for geotechnical observation and special testing services required during the construction phase of the Occupational Education 2 Building project.

ANALYSIS

The effect of this amendment will be an addition of \$327,500.00 to the Leighton Consultant, Inc. contract, resulting in a revised contract amount of \$1,338,109.11. There is no increase in length of contract.

RE: Crafton Hills College (CHC)
PROJECT #1 OE2 Building
Approval of Leighton Consulting, Inc. Contract Amendment #6

SCOPE:

SBCCD approval of Leighton Consulting, Inc. Contract Amendment #6 for geotechnical observation and special testing services required during the construction phase of the OE2 Building project.

NARRATIVE:

As part of the construction phase for this project, it is necessary to provide geotechnical observation and special testing services as required by DSA. Leighton Consulting was originally selected by the SBCCD and CHC selection committee through the board approved consultant selection process to provide these services on any and all Crafton Hills College Measure M bond projects. Geotechnical Services will consist of geotechnical observation and testing during site preparation, excavation, and fill placement during earthwork, grading, building pad over-excavations and re-compaction, backfill placement footing and utility trench backfills, concrete slab-on-grade preparation and wall backfills. Material testing consists of special inspection and material testing such as reinforced concrete, structural steel welding, structural steel bolting, concrete and material laboratory testing for fill materials, reinforcing steel, concrete and anchor bolts at the field, shop and batch plant batch operation, etc.

Leighton Consulting, Inc. reviewed the DSA approved documents in order to prepare their estimated proposal for these services. Kitchell/BRJ worked with Leighton Consulting, Inc. to refine the proposal to ensure it falls within current acceptable industry standards. The dollars will be spent on a time and material as needed basis, but it is also important to note that these services are estimated figures, which will continue to be monitored as the project moves forward.

RECOMMENDATION:

Kitchell/BRJ recommends that SBCCD approve Leighton Consulting, Inc. Contract Amendment #6 in the amount of \$327,500.00. A formal Contract Amendment #6 will be prepared and forwarded to the January 16, 2014 SBCCD board meeting for final approval. Leighton Consulting, Inc.'s new contract amount with the approval of Contract Amendment #6 will be \$1,338,109.11.

PREPARED BY: Steven J. Sutorus, Business Manager
DATE: January 16, 2014
SUBJECT: Consideration of Approval of Contract and Adopt Resolution for 457(b) Service Plan with SchoolsFirst Federal Credit Union and National Benefit Services, LLC

RECOMMENDATION

It is recommended that the Board of Trustees approve contract and adopt resolution for 457(b) services.

OVERVIEW

SchoolsFirst Federal Credit Union and National Benefits Services (NBS) are the Third Party Administrators that manage the 403(b) and 457(b) Tax Sheltered Annuity Plans for school districts within San Bernardino County. The District currently offers the 403(b) services and wishes to offer the 457(b) plan services as well, allowing employees additional deferred compensation advantages. SchoolsFirst and National Benefits Services are responsible for fulfilling IRS requirements such as universal notification to employees, monitoring and processing employee salary reduction agreements and auditing maximum allowable contribution calculations. SchoolsFirst will remit employee contributions to 457(b) providers and will field employee questions and communicate with 457(b) vendors and their agents on behalf of the District and its employees. National Benefits Services will handle all compliance regarding the 457(b) plans. The District would like to enter into a Services Agreement 457(b) Plan contract through June 30, 2015.

ANALYSIS

The District has been satisfied by the services of this company and their ability to comply with Internal Revenue Service (IRS) published regulations for deferred compensation plans. This contract would allow additional services to District employees included in the 457(b) plan services.

BOARD IMPERATIVE

III. Resource Management for Efficiency, Effectiveness, and Excellence

FINANCIAL IMPLICATIONS

No cost to District.

BOARD RESOLUTION
Adoption of a Governmental 457(b) Deferred Compensation Plan

WHEREAS, the Governing Board of the San Bernardino Community College District (“District”), designated as a governmental employer as defined in Section 457(e)(1)(A) of the Internal Revenue Code as amended (the “Code”), desires to adopt a non-qualified deferred compensation plan under IRC Section 457(b) in which employees are permitted to make voluntary salary reductions;

WHEREAS, The Board, District officials, or other District employees, make no representations or recommendations and bear no responsibility for any employee’s selection of specific investment options made available under the Plan and further makes no representations to employees about the advisability, appropriateness or income tax consequences of any 457(b) account to which contributions are made;

THEREFORE, BE IT RESOLVED THAT:

1. The 457(b) plan which, at all times, conforms with the requirements of Section 457(b) of the internal Revenue Service Code is adopted, and that the following investment options shall be held in trust, or in annuity contracts, or in custodial accounts that comply with section IRC 457(g) “Governmental Plans Must Maintain Set-Asides for Exclusive Benefit of Participants” for the exclusive benefit of employees who voluntarily choose to participate in the Plan:

Fixed Annuities, Variable Annuities, Custodial Accounts, and Trust Accounts.

2. Employees of the District are given the opportunity to enter into an amendment of employment contract for the purpose of effecting a reduction in the salary paid to such employee, except as may be limited below. Persons who are not employees are prohibited from Participation.

- a. Include Exclude Employees who normally work less than 20 hours per week
- b. Include Exclude Employees whose salary reduction would not exceed \$200 per year.
- c. Include Exclude Employees who are students enrolled and regularly attend classes of the employer.

Conformance: It is the intention of the members of the Governing Board that the District’s 457(b) Plan will conform with the applicable federal and state statutory requirements, and that the employee salary reduction contributions to the 457(b) Plan be within eligible limits as set out in IRS regulations as currently stated, or as amended in the future. Each employee, and not the District or Governing Board shall be individually

responsible for the determination of those eligible limits. The Board authorizes the District Superintendent or designee to develop and establish appropriate procedures to insure proper administration of the Plan. The district Superintendent or designee is further authorized to act on the Board's behalf with respect to the Plan.

Compliance: Whereas the Governing Board has been made aware that the Internal Revenue Service intends to engage in the audit of 457(b) Plans, the Board authorizes the District Superintendent or designee to develop appropriate procedures to conduct a compliance review, followed by an ongoing compliance initiative, and to install necessary controls to insure that the 457(b) Plan is operated in conformance with the Code and related regulations as currently stated, and as amended in the future; and is further authorized to act on the Board's behalf with respect to the Plan.

Employer Contributions: The Governing Board hereby authorizes District Superintendent or designee to develop and implement employer contributions to 457(b) Plans as necessary and appropriate, and to establish Administrative Policies that conform with the Code and relevant regulations for those contributions.

That this Resolution is hereby adopted, approved, and supersedes and replaces any and all prior resolutions and plans of the District authorizing the purchase of a 457(b) Plan for its employees.

OVERVIEW

Construction change orders may be generated by a number of circumstances. These include changes directed by the District to address contractor or architect recommendations for efficiency, occupant needs, or to improve future building or space usability. California Public Contract Code 20118.4 establishes a guideline that limits construction contract change orders to 10% of the base contract amount.

A construction contract is amended when there is a change in the scope of work due to unforeseen conditions that must be corrected in order for work to proceed. Amendments alter the base contract amount and are not limited to the 10% guideline.

All change orders and amendments are approved following a specific process of review by the architect, program/project managers, and District staff. Nonessential changes are rejected and never receive approval. Any changes determined to be essential to the health of the project and of major benefit to the District are approved and implemented.

ANALYSIS

Construction contract amendments and change orders submitted with this board item total \$62,831.02 which is 0.074% of the total Measure M construction contracts of \$84,494,722.45.

The total of all Measure M amendments and change orders, including those submitted at this board meeting, increases the Bond Measure M construction contracts by \$2,140,659.85. The new overall Measure M change order percentage is 2.53%. The cost of these changes will be absorbed by bid savings; the construction projects remain within the approved budget.

SAN BERNARDINO COMMUNITY COLLEGE DISTRICT

TO: Board of Trustees
FROM: Bruce Baron, Chancellor
REVIEWED BY: Timothy L. Oliver, Interim Vice Chancellor, Fiscal Services
PREPARED BY: Jose F. Torres, Director of Fiscal Services
DATE: January 16, 2014
SUBJECT: Consideration of Approval of Nonresident Tuition and Capital Outlay Fees

RECOMMENDATION

It is recommended that the Board of Trustees approve the 2014-2015 Nonresident Tuition Fee in the amount of \$186 and the Capital Outlay Fee in the amount of \$6.

OVERVIEW

Education Code (EC) Section 76140 requires the Board of Trustees to annually adopt the nonresident tuition fee no later than February 1st for the next fiscal year. In addition, pursuant to EC Section 76141 a district may also charge to any nonresident student a capital outlay fee.

ANALYSIS

EC Section 76140(e) enumerates seven options for a district to choose in setting its nonresident tuition fee. The District has selected District Average Cost (Option 2) as the basis for calculation the nonresident fee. Option 2 is the District's average cost for educating each full-time equivalent student. The additional capital outlay fee of \$6 is being calculated per the state worksheet. The worksheets used to arrive at the nonresident fee options are attached.

BOARD IMPERATIVE

III. Resource Management For Efficiency, Effectiveness, and Excellence

FINANCIAL IMPLICATIONS

The approval of this board item will positively impact the colleges' budgets in the proximate amount of \$10,000.

Annual Attendance FTES includes all student contact hours of attendance in credit and noncredit courses for resident students, nonresident students and apprentices; however apprentice hours are divided by 525 to compute an FTES equivalent. Round tuition fee to the nearest dollar.

Column 3 is an option for use by a district with ten percent or more noncredit FTES (*Section 76140(e)(1)(A)*). If your district qualifies, then fill out this column with noncredit FTES and noncredit expense of education data excluded.

NONRESIDENT TUITION FEE CALCULATIONS FOR OPTIONS 6 OR 7

Option 6. The greater amount of the calculations of statewide nonresident tuition for 2010-11 through 2014-15 is \$193 per semester unit or \$129 per quarter unit (2012-13).

Option 7. The average of the nonresident tuition fees of public community colleges in 2012-13 of no less than 12 states comparable to California in cost of living is \$388 per semester unit or \$259 per quarter unit.

Requirement for Use of Option 6 or 7: The additional revenue generated by the increased nonresident tuition permitted under options 6 or 7 shall be used to expand and enhance services to resident students (*EC 76140(e)(2)*). Districts meeting one or more criteria below shall be considered in compliance with the requirements of *EC 76140(e)(2)*. Please check all that apply:

- Revenue from nonresident tuition was less than 5% of total general fund revenue.
- Actual resident FTES was greater than funded resident FTES.
- Percent expenditures for counseling and student services were greater than statewide average (AC 6300 plus 6400 divided by AC 0100-6700, Cols. 1-3).
- Percent expenditures for instructional services were greater than statewide average (AC 0100-5900 divided by AC 0100-6700, Cols. 1-3).

FROM: Bruce Baron, Chancellor

REVIEWED BY: Timothy L. Oliver, Interim Vice Chancellor, Fiscal Services

PREPARED BY: Steven J. Sutorus, Business Manager

DATE: January 16, 2014

SUBJECT: Consideration of Approval of Surplus Property and Authorize Disposal or Private Sale

RECOMMENDATION

It is recommended that the Board of Trustees declare the listed equipment and materials as surplus and direct the Business Manager to contact auction houses and appropriate salvage companies for the disposal.

OVERVIEW

The attached equipment and materials have been declared obsolete and no longer usable.

ANALYSIS

Through reputable auction houses and salvage companies, these items will be picked up and transported to vendor facilities for sale or disposal as necessary. According to Education Code 81452, if the governing board by a unanimous vote of those members present finds that the property does not exceed in value the sum of Five Thousand Dollars (\$5,000), the property may be sold at private sale without advertising by the District.

BOARD IMPERATIVE

III. Resource Management for Efficiency, Effectiveness, and Excellence

FINANCIAL IMPLICATIONS

A statement and check for equipment sold will be provided to the District within 30 days after the date of auction and will positively impact the District budget.

PREPARED BY: Jose F. Torres, Director of Fiscal Services
DATE: January 16, 2014
SUBJECT: Consideration of Approval to Transfer Redevelopment Agency Funds
to Fund 41 Capital Outlay

RECOMMENDATION

It is recommended that the Board of Trustees approve the transfer of Redevelopment Agency (RDA) funds received during Fiscal Year 2012-2013 from the District Unrestricted Reserves to Fund 41.

OVERVIEW

The Fund 41 Capital Outlay account is used for the acquisition or construction of major capital facilities, improvements or extensions to the life of existing capital facilities, and other significant capital equipment purchases.

ANALYSIS

Fund 41 Capital Outlay does not receive additional funding from the State of California and the District has limited resources to invest in capital improvement projects. In order to maintain a high quality of buildings and equipment the District needs to shift RDA funds to Fund 41 on an annual basis to create a resource for addressing the District's current and future capital outlay needs. If this action item is approved, our projected Unrestricted General Fund Balance for fiscal year 2013-14 will be \$17,217,861 or 23.2% of final approved budgeted expenditures.

BOARD IMPERATIVE

III. Resource Management For Efficiency, Effectiveness, and Excellence

FINANCIAL IMPLICATIONS

\$4,044,423.37 will be transferred from the District Unrestricted Reserves to Fund 41 Capital Outlay.

SAN BERNARDINO COMMUNITY COLLEGE DISTRICT

TO: Board of Trustees
FROM: Bruce Baron, Chancellor
REVIEWED BY: Timothy L. Oliver, Interim Vice Chancellor, Fiscal Services
PREPARED BY: Jose F. Torres, Director of Fiscal Services
DATE: January 16, 2014
SUBJECT: Budget Report

RECOMMENDATION

This item is for information only and no action is required.

OVERVIEW

This summary budget report is submitted monthly to the Board of Trustees for its review.

ANALYSIS

The attached Revenue and Expenditure Summary reflects activity for the 2013-14 fiscal year through December 23, 2013. It reflects summary information for all District funds, grouped by category within each fund.

As of December 23, the District was 48.2% through the fiscal year and had spent and encumbered about 43.1% of its budgeted general funds. This would indicate that the District's spending is in line with the budget.

BOARD IMPERATIVE

SAN BERNARDINO COMMUNITY COLLEGE DISTRICT

TO: Board of Trustees
FROM: Bruce Baron, Chancellor
REVIEWED BY: Timothy L. Oliver, Interim Vice Chancellor, Fiscal Services
PREPARED BY: Jose F. Torres, Director of Fiscal Services
DATE: January 16, 2014
SUBJECT: General Fund Cash Flow Analysis

RECOMMENDATION

This item is for information only and no action is required.

OVERVIEW

The District's budget is a financial plan based on estimated revenues and expenditures for the fiscal year, which runs from July 1 through June 30. Cash refers to what is actually in the District's treasury on a day-to-day and month-to-month basis. Monitoring the amount of cash available to meet the District's financial obligations is the core responsibility of the Fiscal Services Department. Attached is the General Fund monthly cash flow analysis for the District.

ANALYSIS

The General Fund cash balance as of June 30, 2014 is estimated to be \$10,226,158. The projection for the month of January includes the proposed transfer of Redevelopment Agency funds to the Fund 41 Capital Outlay account.

Change Orders and Amendments for Construction Contracts

RECOMMENDATION

This item is for information only and no action is required.

OVERVIEW

As an informational item to the San Bernardino Community College District Board of Trustees, this report is a summary of all construction change orders and amendments to date for projects at Crafton Hills and San Bernardino Valley Colleges, including those on today's Board agenda.

ANALYSIS

Current submitted construction contract amendments and change orders for currently awarded Measure M projects total \$62,831.02 which is 0.074% change of the overall project cost.

The analysis shows that construction contract change orders and amendments for currently awarded Measure M projects have been held to a minimal amount of \$2,140,659.85 which is only 2.53% of the project cost of \$84,494,722.45.

All change orders and amendments are approved following a specific process of review by the architect, program/project managers, and District staff. Nonessential changes are rejected and never receive approval. Any changes determined to be essential to the health of the project and of major benefit to the District are approved and implemented.
