

# CRAFTON HILLS COLLEGE *FAST FACTS*

## Crafton Hills College

Crafton Hills College (CHC) is one of two colleges in the San Bernardino Community College District and one of 115 colleges in the California Community College system, the largest college system of higher education in the world. Since CHC's opening in 1972, learners of all ages, interests and backgrounds have passed through the doors of CHC, taking advantage of this first step to higher learning. As new businesses and industries settle in this region, CHC continues to increase in importance as a source for a college education and career training. Crafton Hills currently serves approximately 6,700 students and offers day, evening and online classes.

Located in southern California, on rolling hills above the Yucaipa Valley, and surrounded by an undisturbed natural environment, Crafton Hills College offers majors in the liberal arts and sciences, career and technical studies. With its imaginative architecture, manicured grounds and spectacular surroundings, the atmosphere of the college is serene — right for reflection, growth and learning. The small size of the college allows for substantive, one-on-one communication between instructors and students.

The College is fully accredited by the Western Association of Schools and Colleges, the accrediting body recognized by the Council on Post-Secondary Accrediting and the U.S. Department of Education for universities and colleges in California and the Western Pacific.
