

# CRAFTON HILLS COLLEGE PRESIDENT'S BOARD REPORT

Dr. Wei Zhou

August 2016

## We are the State Champions!

Easton Gully, Greg Guardado, Tyler Walker, Travis Sans, with Mike Sheahan, faculty.

CHC sent two student teams to the California Society for Respiratory Care state Sputum Bowl competition to represent Crafton Hills College Respiratory Therapy Program.

More than 13 teams from all over the state competed, and our students won!

The Sputum Bowl is a quiz of respiratory therapy knowledge, including visual tests. The questions are provided by the participating teams. Two teams are pitted against each other, *Family Feud* style, with the team who buzzes in first getting the opportunity to answer the question. Once during the competition, the team may "Ask an Expert." During Finals, they can compose a posse of eight people to use one time if they need to "Call Your Posse."

Our students will now represent the state of California at the American Association for Respiratory Care (AARC) National Sputum Bowl Competition, which will be held in San Antonio, TX in October.

# The Wait is Over--Virtual Queue Coming

Long lines at Financial Aid, Admissions & Records and Student Life are coming to an end. Not because we have fewer students, (hardly!) but because Crafton is implementing a new virtual queue.

“The Qless app will result in better time management for our students,” says Larry Aycock, A&R coordinator.

With Qless, students can check-in online for the student services department they want to visit. Once

they check-in, the app will give them an estimated wait time. It will update them every 30 minutes and send them an alert to come to the department 10 minutes before their appointment. If the student can't make it at their specified time, they can “re-queue” themselves to the back of the line.

“Students will be able to sit and wait in the Roadrunner Café, go to class, and even time their trip to campus for the least amount of waiting,” says Aycock.

Launching in August, the app will be available on the CHC website. Walk-in students will be able to check-in at the front desk of each department where they will be queued-up by staff. Computer screens will be posted in the Crafton Center which will display the queue and wait times.

Qless will also enable A&R to implement a short survey at the end of the students' visit to gauge satisfaction with, and success of, their visit. This will provide valuable data for Admission & Records in their service area outcomes.

# Diversity & Inclusion Events Planned for Fall 2016

The Diversity and Inclusion (D&I) program is a growing initiative aimed at intentionally educating and raising awareness of diversity in all of its forms through collaboration and advocacy. It is the program's vision to "create an inclusive campus community where individuality is recognized, differences are celebrated, and everyone has the opportunity to engage, learn, and advance."

The program was piloted in spring 2016 and seems to be gaining traction. With both student and employee programming, events take place on a weekly basis. D&I is currently led by faculty member Breanna Andrews with support from various other campus members. A Diversity and Inclusion committee will be established this fall in which faculty, staff, managers, and students will be invited to participate.

## Cultural Competence Cohorts

What is *Cultural Competence*? To which cultures (yes, that is plural) do you belong? In what ways do our identities help us feel part of a larger community? What experiences have helped to shape your beliefs about different cultures? When have cultural differences been apparent on campus? How much do we know about other cultures? How can we continue learning about ourselves and others? (Open to CHC employees)

**Be a part of the movement:**

One World • One Campus • One Community  
**and join a Cultural Competence College Hour Cohort**  
(Wednesdays in September or Tuesdays in November in LRC 110)

---

## Book Club: "If at Birth you Don't Succeed"

"Comedian Zach Anner opens his frank and devilishly funny book, *If at Birth You Don't Succeed*, with an admission: he botched his own birth, entering the world with cerebral palsy and an uncertain future. So how did a kid who almost failed kindergarten blossom into a viral internet sensation who's hosted two travel shows, impressed Oprah, driven the Mars Rover, and inspired a John Mayer song? (It wasn't "Your Body Is a Wonderland.") *If at Birth You Don't Succeed* is a hilariously irreverent and heartfelt memoir about finding your passion and your path—even when it's paved with epic misadventure. "Join us in reading this book before Zach comes to campus on October 5th! Book club will meet Tuesdays in September (1pm in LRC 110).

---

## Patchwork Series: Coming Soon

Crafton Hills College is a community of learning. Everyday learning takes place in classrooms, offices, and common spaces. Everyday we learn from one another. The Patchwork Series is a new program where students are the educators and they teach the campus community about who they are and what they stand for. Students have the option to give a presentation live and/or have it filmed for online viewing. A small canvas will be provided to each presenter to create a visual representation of their identity and have it displayed on campus as part of a larger Patchwork Presentation of our Diversity. Do you know a student who might be interested? Let us know!

## Meet Your Student Senate

2016-17 Student Senate

The 2016-17 Student Senate held their retreat the week of July 25, preparing for the coming year.

They will hold their regular meetings on Fridays between 11 a.m. - 1 p.m beginning September 9.

Senate members are, from left to right, Jewel Murguia, Executive Assistant, Jajuan Dotson, Senator at Large, Amber Snow, President, Beverly Rapouw, Student Trustee, and Nicole Sarmiento, VP of Academic Affairs.

---

## Safety Training Always a High Priority

Evac-Chair Training Exercise

In July, personnel from the Crafton Hills College maintenance, operations and custodial departments participated in their semi-annual evac-chair training exercise to ensure they are prepared to assist those with physical disabilities and impairments during a disaster or emergency.

---

# CHC Employees Offered Free Retirement Planning

Members of the CHC Foundation Financial Advisory Committee, comprised of financial advisors, CPAs and estate planning attorneys, offered a free retirement planning workshop for CHC employees on July 19. Lunch was provided by Merrill Lynch.

Advisors shared their advice on financial pitfalls to avoid and how to be better prepared for estate planning decisions--including how to support charities like the CHC Foundation.
