

## STEM-MESA Student Satisfaction Survey – Fall 2024

The findings in this report stem from the Fall 2024 STEM-MESA Program Satisfaction Survey, with a total of 6 valid responses collected. The survey asked students to provide feedback on their experiences with various MESA services, including academic counseling, tutoring, and workshops, as well as the inclusiveness of the program and its support for academic and career growth. Participation in the survey, as well as responses to individual questions, was voluntary.

You indicated that you rarely or have not used service(s). Could you please share why? (n=4)
I didn't really apply you any scholarships
I haven't felt the need to put some of my limited energy into transfer planning quite yet.
It is hard for me to find time for field trips
Most workshops, I do not feel, are particularly relevant to me OR it does not fit in my schedule.

<b>Please provide specific examples of how the MESA program services have benefited you academically. (n=5)</b>
Allowing the opportunity to pursue summer research and provide additional funds for academic items
It's helped with some academic problems and transfer concerns I've been having. I really enjoy the field trips
Research!
The MESA program has helped me with academic supplies, tutoring, support in my classes and other academic endeavors, as well as giving me opportunities to see what my next steps in academia look like by taking me on field trips to places like the Huntington Library and Botanical Gardens, that help me know my biology goals better.
