There were three data sources used to obtain the reported findings included below. Data was pulled from these sources on the following days 10/19/21, 10/28/21, 10/29/21, and 11/1/21.

Informer or the college's information system was used to report on the number of categorical program students that registered during the priority period for each term. This is denoted as number of students registered during priority period in all tables below. Additionally, Informer was used to report on the total number of students in the following categorical programs: CalWorks, EOPS, and CARE. This is denoted as total number of students in categorical program in all tables below.

California Community Colleges Chancellor's Office Data Mart was used to report on the total number of categorical students for DSPS and Guardian Scholars (i.e., Foster Youth). Specifically, the Disabled Student Program and Services report was used to report the total number of students for DSPS in all tables below. The special population/group student count report was used to report the total number of students for Foster Youth (i.e., Guardian Scholars) in all tables below. This is denoted as total number of students in categorical program in all tables below.

Priority registration for the Summer and Fall 2019 terms took place from 04/15/2019 through 05/02/2019. Spring 2020 term's priority registration took place from 10/28/2019 through 11/14/2019.
