SUBJECT: Spring 2018 Paramedic Program (Class 90)

Thank you for your interest in the Crafton Hills College EMT-Paramedic Program. Crafton Hills College has the longest continuous accreditation of any public institution in California. Crafton Hills College received its initial accreditation in 1985 at which time the accreditation committee awarded a full five year accreditation. Crafton Hills has maintained its excellent record and continuous accreditation.

This application is for the spring 2018 paramedic program. The program will run from January 2018 until December 2018. The program is divided into three distinct sessions of didactic, clinical, and field. The didactic session will meet Tuesday, Wednesday, and Thursday, January 2018 through June 2018. The clinical component will run June 2018 through August 2018. The field will be from August 2018 through December 2018.

The entrance process has three specific steps: application, testing, and selection. To be granted a testing position each candidate must correctly complete the application form and submit all required documentation. The EMS Department will accept applications until 4:00 p.m. on Friday, September 1st, 2017. The department will not accept FAX or electronic delivery of the application materials.

Following the accepted application, candidates will schedule their written tests. The written tests will be given September 25th, 26th, 27th and 28th, 2017. Each of these tests is by individual appointment. The written testing will consist of EMT-Basic, and anatomy/physiology. Following successful completion of the written testing process each candidate will be given an appointment for the oral judgment component of the entrance testing process. The oral judgment process will be on Friday, November 3rd, 2017. There will also be two optional reviews for the oral judgment process on Tuesday, October 17th and Friday, October 20th. The final selection of the spring 2018 paramedic program will be Friday, November 17th, 2017. If more candidates successfully complete the process than there are available program positions, the positions will be selected by our established selection process.
