

Associate of Science Degree

This Associates of Science Multimedia with an emphasis in Digital Animation focuses on the 2D and 3D animation process used in the entertainment industry and in multimedia production. Students learn to develop and animate 2D and 3D characters and other objects used in animations and in games. This degree prepares students to transfer to a four-year program in digital animation and/or to secure an entry-level position as a Character Designer, a 2D/3D Animator, or a Visual Development Artist.
