

September 2017 Starfish Summary

Kudos to You: This Month's Starfish Superstars!

Congratulations to Shirley Reid, Benjamin Gamboa, and Elizabeth Langenfeld for being the top Starfishers in the month of September!

Tracking Items Raised in September: 450 total

188 Kudos Sent 158 Flags Raised 54 Referrals Made 50 To-Dos Sent

* This is a great start. Please help us motivate our students and connect them with valuable campus resources. If you haven't started Starfishing, there is no better time than today :)

Product Enhancement Requests:

Here is a list of enhancements CHC employees have requested. Do you have any others?

1. Starfish app for mobile accessibility.
2. Multiple "check box" style options for raising simultaneous flags and/or referrals would be helpful (i.e. "In Danger of Failing" flag and a referral to the tutoring center... or simply two different flags). One message would be sent to students with all their notifications on it.
3. For Canvas integration, have the attendance feature log when students log in/log out.
4. Language Toggle button: makes content accessible in other languages.
5. Reminder feature for faculty inactivity. Faculty can set time intervals to receive reminder emails telling them to go into Starfish and input tracking items.
6. The ability to run reports on faculty activity in Starfish so we know which faculty are comfortable using the system, and which ones we should reach out to directly.
7. Change the color of a dropped student's name on the roster, or add an icon so we can identify them from our currently enrolled/active students.
