## Coming Soon!! New Student Education Planning Tool!

Housed within Starfish is the new Student Ed Planning tool. While Faculty won't be able to view it directly, it is important we all know where it is housed, to assist students in getting on their plan to success!

### What Students can expect from the Starfish Educational Planning Tool:

- ◆ Explore different programs and create educational plans from the comfort of their own home, or on the go (Certificates, Associates and Associate Degree Transfer)  
    - **Students must see a Counselor for Approval of Educational Plan**
- ◆ Build multiple schedules that meet their needs
- ◆ Access Campus Services
- ◆ Access Starfish Student Network

These features will also allow department chairs the data necessary to build courses when student demand is highest, based on student's input.
