Self-Service Discrepancies

Self-Service is currently showing some discrepancies in account balances. You are receiving this email because our records indicate that you may have a balance due in Self-Service. Please be aware that this amount may not be accurate, and you may not actually owe any money.

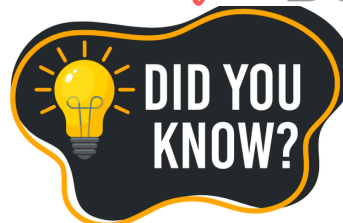

If you see a balance, please do not make a payment online at this time. The Financial Aid Office is reviewing your account and will send you an official bill to your student account, if one is needed, along with instructions on how to make a payment.

Additionally, if you recently paid a balance in Self-Service and later received a refund check or a larger financial aid disbursement, you may have funds that need to be returned.

If you have any questions or concerns, please schedule a telephone appointment with the Financial Aid Office or visit us during normal business hours.

Thank you for your patience—we appreciate it!
Kindly,
Financial Aid

Student Success Grant & FSEOG Funding Update

Each year, CHC receives limited funding for the California Student Success Grant (CSSG) and the Federal Supplemental Educational Opportunity Grant (FSEOG). Both programs are awarded on a first-come, first-served basis to eligible students.

At this time, the entire 2025–2026 allocation for both grants has been fully disbursed to students during this Fall semester. Offer letters have been updated accordingly for the Spring semester. If we receive additional funds, we will send out a notice.

If you have any questions, please contact the CHC Financial Aid Office.
