AP 2435	CHC Ed Policy	All managers, faculty and staff are all hand-picked by the chancellor...the only ones not picked by the chancellor are the student representatives. At least some of the managers, faculty or staff should be appointed to ensure a fair evaluation. The committee recommends removing the statement “from among the three names submitted by the Chancellor, at :LEAST in lines 43, 46, 49, 52, and possibly in the management statements as well in lines 33, 36 and 39 if possible. There was great discussion about this AP, and the general consensus was to make the evaluation as fair and impartial as possible.	
Ap 7160	CHC Ed Policy	This AP should be redone and resubmitted. There is very little language that mentions faculty specifically. The term “approved” should be inserted before coursework in line 32. Furthermore, there was a discussion about irregularities with respect to consistency and implementation of coursework mentioned in line 32 (some credits taken by faculty were approved and then later not applied to salary schedules or reimbursed). Should the coursework be more specifically defined??
