

1 **Resolution F14.02 - Support of the Health and Kinesiology Instructional Space**

2 **Whereas**, Board Policy stipulates that the College is to rely primarily on the CHC Academic
3 Senate for “educational program development,” and
4

5 **Whereas**, the Academic Senate supports all Instructional Departments’ needs to offer
6 comprehensive courses and programs, and

7 **Whereas**, the Academic Senate supports the Health and Kinesiology Department’s need to offer
8 comprehensive courses and programs that require the use of a Gymnasium, and

9 **Whereas**, the Academic Senate supports the Health and Kinesiology Department’s request to
10 explore the feasibility of reusing or remodeling the current Gym or building a new Gym on the
11 current Gym site, and

12 **Whereas**, the Academic Senate believes that facility planning should not drive instructional
13 decisions; rather, planning and program review processes should identify the best use of both
14 existing and future CHC facilities.

15 **Resolved**, that the CHC Academic Senate recommend the College perform an analysis of the
16 cost to upgrade the gymnasium building vs. tearing it down as recommended in objective ID #10
17 of the 5/10/11 meeting notes on page 108 of the Master Plan Update document from August
18 2011.

19 **Further Resolved**, the CHC Academic Senate recommend the College reevaluate current and
20 future facilities plans to assure the plans align with program needs as articulated through
21 planning and program review.

Resolution F14.02 - Support of the Health and Kinesiology Instructional Space
