

California College Promise Innovation Grant

Introduction

There are two innovation grants available from the State right now, one requires the District to submit a proposal and requires the college to submit a proposal.

If we as a District or a college decide to go forward with each, we can apply for a mini grant from the **College Futures Foundation** that will help us complete the work and submit a grant.

If we decide to move forward with either grant and want to apply for the mini planning grant, which we need to do because we don't have the capacity to write the grants ourselves, we need to apply by **November 10, 2016**. The mini grant would pay for grant writers, technical advisors, facilitators, release time, meeting expenses, and travel.

Description

Due: Not Sure – Estimated due in March or April

Available Funds: Hasn't been decided yet

Time Limit: Not specified

District Needs to Apply – Crafton cannot apply on its own

Grant Focus

- Establish early commitment to college program at K-12
- Partner with K-12 to support and improve high school student preparation for college and reduce postsecondary remediation through practices that may include, but are not limited to, small LCs, **concurrent enrollment (i.e. Dual Enrollment)**, and other evidence-based practices – **Could be used for Middle College**
- Using **Multiple Measures** to place students
- Providing students who are enrolled at community college district with access to courses, including, but not limited to, priority registration, and allowing them to register for full academic year of courses at once, to keep them on track to graduate, transfer to a public postsecondary university, or earn a CTE certificate – **Left Lane, Transfer Center**
- Provide **outreach to students who are enrolled at community college** within community college district regarding the AA/AS-Ts and the CCC Transfer Entitlement Cal Grant Program
