Old Business		
Workforce Readiness Program and Certificates	Update – Reminder - this is a pilot program. Will be reviewed at the start of the fall term. Will be retaining instructional “coaches” for each course in the pilot. Courses still not approved by the state. Continuing to do the work needed to get the program going. Faculty focus is on quality. Everyone working diligently, at all levels, to get this program working. Program will run from 8-5, M-F.	
Concurrent and Dual Enrollment (Kathy)	Update on Dual Enrollment –Proposed Fall 2017 classes at each HS – included input from the discipline faculty and chairs	

	<p>? Are the requests coming from the district and then to the college. ?Are the department chairs deciding whether the classes work? Past practice... however this has been revised. Courses now come as a request, and college faculty are now weighing in on the course offerings, instructional needs, etc..</p> <p>This is a recruitment strategy because these students will have already had a college experience with us and may be more apt to select CHC for their first two years of college.</p> <p>AS needs to continue to be involved in this process to make sure the rigor of the courses is maintained. High school request seemed to be in line with our recommendations.</p>	
Enrollment Management Update Whom shall we serve?	Had a productive first meeting. Looking at creating some long term goals and objectives for the program. Revised the committee composition. Looking at how to best manage all of the Enrollment Management Initiatives.	
Grant Updates	<p>HSI grant status - Based on the new process using IPEDS data Crafton is not eligible to apply for Title V. There is a waiver process and we missed the window to apply for the waiver. We will apply for waiver at the end of this year.</p> <p>District and site Grant positions update</p> <p>Keith was not at the meeting. Will keep this item on future agenda.</p> <p>Money for a grant writer at our campus for two years has been promised.</p>	
Professional Development Plan and Funding	<p>Review comments - next steps? Send comments to PD Coordinator?</p> <p>Need to give them the feedback that this was an excellent, well written document.</p>	Motion: to forward comments to PD Coordinator, for review and return of plan (Wilson, Purves, MSC)
9+1 - pulled from the agenda	Classified Senate - removed	
New Business		
CHC Athletics (Heather)	<p>Dr. Wei Zhou presented. Need to look into a plan for this to help with enrollment.</p> <p>Who is heading up the recruitment at the high schools. Need to make sure we use environmental scan information when we choose our sports.</p> <p>Initial Work group is meeting next Thursday 9-10 am. CCR 247.</p> <p>Our intention was always to be independent from Valley with athletics. The opportunity is just coming faster.</p>	
Catalog Rights (Mariana)	<p>Consider a proposal to change CHC catalog rights – proposing allowing students to use any catalog within a student’s years of enrollment.</p> <p>Discussion: in favor. Need a statement that CTE must always follow current regulations. When would a student have to make this decision?</p>	Motion: To approve the recommendation with an added CTE statement based on consultation with relevant faculty (Wilson, Bailes,

		MSC 1 nay- Bastedo, 1 abstention - Brink)
BIT Presentation (Evan)	<p>Information about the Behavior Intervention Team that is forming. Idea is to support students before things become a major issue or incident. Have a webpage. Open to suggestions for changes. Form is not for academic conduct issues. Any issues with HIPPA or FERPA? Both have an exception for health and safety exception. An awareness of potential harm must be addressed.</p> <p>Some issues with confidentiality – Health and Safety codes are clear about who can be notified in the event of a concern – the college is not one of them. There are encryption standards with HIPPA and FERPA that we may not meet.</p> <p>Great program, but we need to make sure we are protecting student information. Need to contact IT about internet security.</p> <p>Will this be incorporated with Starfish? Yes, in some way.</p> <p>There are national models available. We should strive to be as close to the national models as possible.</p>
