Printed Comments

This is an online class with no on-campus meetings. Participation in this class requires the student to have regular access to a computer, tablet, or similar device with internet connectivity and Canvas capability. On the first day of class students must log into Canvas to access this course and receive initial information from the instructor (typically located on the announcement page of the course). Students with no previous experience in online/hybrid courses are encouraged to enroll in CHC 062, Introduction to Online Learning.

Online classes may require proctored exams.

Motion to approve that all DE syllabi that require proctoring state so.

Required elements would now include: Instructor name, SLOs and proctoring if applicable. This information would need to be added to the faculty handbook.
