Full time faculty

Part time faculty

Classified

Name of Nominee: Brandi Bailes

Nominee Department/Area: Mathematics

Please provide ALL of the following information about the person being nominated.

1. Outstanding service and contributions to the college community.

Brandi is an extremely active in her service and contributions to Crafton Hills College. Out of all the faculty I have come to know since I was hired two years ago, Brandi continually goes to infinity and beyond to offer assistance to anyone associated with the SBCCD: students, full-time faculty, part-time faculty, non-instructional staff, Division Deans, VPI, President, Board of Trustees, Chancellor, etc. She has a wealth of knowledge and expertise about SBCCD, Crafton Hills College, technology, curriculum, classroom and online teaching. Brandi is also a voice of reason within her committee work and an advocate for all faculty in her role as full-time faculty representative in SBCCDTA. In the wake of the Stay-at-Home order due to COVID-19, she has spent countless hours helping instructional faculty transition their classes from a face-to-face format to a remote format. Brandi ran and continues to run ZOOM training for any faculty still needing help. That being said, Brandi has always been and continues to be a ray

of sunshine and positivity with anyone she encounters throughout her day. This was even more evident during her ZOOM trainings where she had to field a multitude of questions about from both full and part-time instructors at various levels technology experience with CANVAS, ZOOM, STUDIO, etc.

2. Outstanding support of student success.

It is evident when speaking with Brandi that student success is what drives her in and out of the classroom. She is extremely passionate in making sure her entire class is accessible for all students. Brandi is also sensitive to all diverse populations and conscientious in using inclusive language throughout her course curriculum. Whether she is in her physical classroom or in her virtual classroom, she takes the time to come up with multiple ways to get students engaged and comfortable interacting with each other, at the whiteboard, in discussion boards, using elbow partners, etc

3. Any additional criteria deemed significant

Other than all the exceptional qualities listed above, Brandi has a unique ability to solve problems/issues quickly and succinctly. This ability of hers has come in handy from trying to find the right words for an email to fix an issue with the schedule. I have found the flip side of this ability helpful cause it offers an alternate point of view.

Date: _____April 7, 2020_____

Name of nominating faculty member: _____Danielle McCoy_____
