Screenshot of page:

The screenshot shows the website for the Emergency Medical Technician Certificate program at Crafton Hills College. The page features a green header with the college logo and navigation buttons for 'Apply' and 'Register'. A dark green navigation bar contains links for 'Admissions', 'Academics', 'Campus Life', 'Student Services', and 'About'. The main content area is titled 'Emergency Medical Technician Certificate' and includes a breadcrumb trail: Home » Academic and Career Programs » Career Education and Human Development » Public Safety And Services » Emergency Medical Services » Emergency Medical Technician Certificate. The 'Certificate Information' section describes the program's objective, completion requirements, and state certification needs. It also provides links for 'National Exam Pass Rates' and 'Emergency Medical Technician Certificate Requirements'. The 'Past Degree/Program Requirements' section includes a link to the '2018-2019 Major Sheet - Certificate'. The 'Course Offerings' section lists courses for the Spring 2020 and Fall 2019 semesters. A sidebar on the right contains a green box with the title 'Emergency Medical Technician Certificate' and a section for 'Estimated Program Costs'. A circular logo for the 'CRAFTON HILLS COLLEGE EMERGENCY MEDICAL TECHNICIAN' program is also visible.

Certificate Information

The objective of this certificate is to train students to perform basic life support in the pre-hospital setting. Successful completion of the certificate identifies the student has met the educational requirements as an Emergency Medical Technician. The certificate prepares students to take the National Registry examinations necessary for state certification.

Completion of the certificate program will prepare you for entry-level employment as an Emergency Medical Technician or an Emergency Department Technician. You will also be eligible for the national rescuer EMT basic exam, leading to employment in private medical or ambulance services, fire departments and hospitals where lifesaving skills are required.

State certification is required to work as an EMT.
