Screenshot of page:

The screenshot shows the website for the Radiologic Technology Certificate program at Crafton Hills College. The page features a green header with the college logo and navigation buttons for 'Apply' and 'Register'. Below the header is a dark green navigation bar with links for 'Admissions', 'Academics', 'Campus Life', 'Student Services', and 'About'. The main content area has a light blue background and is titled 'Radiologic Technology Certificate'. A breadcrumb trail shows the path from 'Home' to 'Academic and Career Programs' to 'Career Education and Human Development' to 'Allied Health Services' to 'Radiologic Technology' to 'Radiologic Technology Certificate'. The main content is divided into two columns. The left column contains sections for 'Certificate Information', 'Past Degree/Program Requirements', and 'Course Offerings'. The right column contains a sidebar with a green header 'Radiologic Technology' and links for 'Careers and Opportunities', 'Associate Degree in Radiologic Technology', 'Radiologic Technology Certificate', 'Radiologic Technology Advisory Committee', and 'Faculty'.

Certificate Information

This certificate prepares you to be competent practitioners in the field of radiography.

Students earning the radiological technological certificate will be eligible to take state and national board examinations prepared by the American Registry of Radiologic Technologists and Radiologic Health Section of the California State Department of Health. It also prepares students for additional study in the field of radiological technology.

In 2015 all students will require an associate degree in order to receive a certificate of completion from the Radiologic Technology program.
