New funding model was discussed – no one can find any benefits to the proposed plan. Fully online college - also find no benefits to this plan – several resolutions addressing this. State Chancellor has had minimal contact with the State Senate President. May call for a vote of no confidence on the State Chancellor at Plenary. Stateside processes are starting to interfere with local process. Accelerated programs for math and English – are local agencies in compliance. May need to propose our plans and have legal counsel take a look at it to verify if the college has met the requirements. Don’t leave decision to state body alone. Audit (5 mins)	Proposal: move start date to first day of class Rule in the past was not until the beginning of the 3 rd week. Don't want an auditing student to take a seat from a unit seeking student. But this causes auditing students to be behind in the class. Instructor can still delay when auditing students officially enroll. Will need to pull the policy and edit. Discussion: need to find a way to move these types of changes faster.	Motion: to start the process to change, pull AP/BP 4070 for revisions as needed, (Wilson, Holbrook, MSC)

Need to look at other schools and other models. Who should start the work? The committee can propose the changes. We have been working for the last few years to improve the tool and the process. Valley is looking at our process and tool because their process does not allow for open access to their historical planning docs. Recommendation to send this issue back to PPR to be addressed.
