After discussion, it was decided to continue with the same focus as last year.</p> <p>Kevin asked that at the end of the year we do some type of assessment to review how well we did and to decide on the appropriate focus for the next year.</p>	<p>Put on EMP agenda for May 2020</p>
<p>Update CHC scorecard and Board Study Session Info - Gio</p>	<p>The Board of Trustees Board Study Session on Thursday 09-26-19 is College Ed Master Plan Updates. The Chancellor's Office had asked each college to put together a document for the board study session. Today, we were asked to change the format of the required document per Jeremiah Gilbert and instead provide a one page document similar to SBVC.</p> <p>Kevin asked we add in accepted number of students to UC System to provide a better picture of our transfer success (instead of number of attending).</p> <p>There was discussion regarding the employee satisfaction questionnaire. In the past the number of surveys submitted has been relatively low, it was suggested we make paper copies and distribute at the Spring In-Service Day meeting. This will allow the Institutional Effectiveness, Research and Planning group to go over the results and we can share at the next Fall In-Service Day meeting.</p> <p>Gio will make some adjustments, clean up some pieces and bring it back to the committee to review. This will be submitted to Crafton Council for approval and then it will go out to the campus.</p>	
<p>Review of Standard IC14 - Keith</p>	<p>Standard IC14: The institution ensures that its commitments to high quality education, student achievement and student learning are paramount to other objectives such as generating financial returns for investors, contributing to a related or parent organization, or supporting external interests.</p> <p>The committee discussed the standard, identified several items to include and listed the evidence available for our accreditation report.</p>
