### Screenshot of page:

The screenshot shows the Crafton Hills College website page for High School Dual Enrollment. The header features the college's logo and a bird icon. The main content area is titled "High School Dual Enrollment" and includes a "Print this page" link. The page provides information on eligibility requirements, application forms, and a note about transcript requirements. A sidebar on the right contains a search bar and a "Contents" menu with various navigation options.

## High School Dual Enrollment

[Print this page](#)

Crafton Hills College may admit high school students who have completed the tenth grade who are capable of benefiting from advanced scholastic courses (i.e., college level), and are seeking educational opportunities not otherwise available to them.

To be eligible, students must have:

- The recommendation of the high school principal or designee
- The consent of a parent or guardian (if student is under age 18)
- Demonstrated adequate preparation in the discipline to be studied
- A cumulative GPA of 2.0 or higher

Students who meet the eligibility requirements, must submit the following each semester:

- [College Application for Admission](#)
- [High School Dual Enrollment Request form \(pdf\)](#)
- [Minors Consent for Medical Treatment and/or Counseling form \(pdf\)](#)
- Official high school transcripts in a sealed envelope

**Note:** Official transcripts must bear the official signature and/or seal of the originating institution, and must be sealed in an envelope by the originating institution. Opened transcripts are considered unofficial and will not be accepted.

All applications will be reviewed by the Director of Admissions & Records or designee. Upon approval, students may register for the approved classes beginning at open registration. Course changes or enrollment in a course without prior approval will result in an administrative withdrawal without refund.

Crafton Hills College may restrict the admission and/or enrollment of high school students during any session based on age, completion of a specific grade level, regulation or demonstrated eligibility for instruction based on the college's placement methods and procedures. All high school students enrolling in college courses must demonstrate the maturity to function effectively on a college campus. The Director of Admissions & Records makes final determination of all students' eligibility for dual enrollment.

*The intent of the Dual Enrollment program is to provide educational enrichment opportunities for a limited number of eligible high school students, rather than to reduce current course requirements of secondary schools, and to help ensure a smoother transition from high school to college for students by providing them with greater exposure to the collegiate atmosphere (California Education Code 48800).*
