

**Crafton Hills College- SBCCD
FIRST QUARTER REPORT July – September 2019
Perkins**

1. Summary of activities conducted during the quarter:

0702- CIS- Provided a lab assistant to support Multimedia, CIS and CSCI students, including identified special populations, with their course specific projects.

1210- Respiratory Care- Purchased upgraded equipment to meet current industry standards for students to utilize in the lab.

1225- Radiologic Technology- Purchased equipment to meet current industry standards for students.

1250- Emergency Medical Services- Purchased equipment for a new power gurney and upgraded computer tablets used for testing. The first EMT and Paramedic advisory meetings were held. Faculty attended conferences for professional development.

1305- Child Development- No spending.

2133- Fire Technology- A public safety job fair was held for current and previous students with local employers looking to support CHC. Our Fire Academy SCBA Instructors participated and served as a liaison and advisory member to the Redlands Emergency Services Academy (RESA).

Across Programs – Attended several community events to display and highlight career program. Provided support for club rush, transfer fairs and workshops held on campus to promote student involvement.

2). Reasons for expenditures falling below guidelines:

Majority of purchasing will occur during second and third quarter following budget adjustments.

0702- Continued funding for lab assistants, adjunct faculty stipend for curriculum development and mentoring, and software purchase anticipated in the upcoming quarters. CIS will show spending increased spending in the third quarter.

1305- Materials and equipment purchases anticipated for the second quarter. Professional development conferences scheduled for second and third quarter.

Across Programs – Buses for career event on campus expected for the second quarter. Continued support for clubs and fairs on campus will occur throughout all quarters. Professional development expected to increase as conferences were scheduled later in the year.
