Our vision is to the point: making sure students from all backgrounds succeed in reaching their goals and improving their families and communities. We have bold and straightforward goals to significantly increase the numbers of student transferring to a UC or CSU campus; increasing the numbers of students earning degrees and certificates and completing career education programs leading to good jobs; reducing the number of unnecessary units many students are taking to get their degree and eliminating achievement gaps once and for all.

We are guided by our North Star, the system's *[Vision for Success](#)*.

The framework for achieving the goals of the *Vision for Success* is [Guided Pathways](#).

Colleges are supported through the [Vision Resource Center](#).
