Classified Senate Shared Governance Representatives

All Classified Professionals are encouraged to participate in shared governance committees. While the names listed below are representatives for the Classified Senate, classified professionals are invited to attend any committee meetings at any time throughout the year.

In November 2016, the Classified Senate adopted the following tenets for classified professionals' participation in shared governance:

- Curriculum systems integrations and implementation;
- Degree and certificate requirements;
- Educational program development;
- Standards or policies regarding student services, support, and success;
- College governance structures, as related to classified roles;
- Classified roles and involvement in accreditation processes;
- Policies for classified professional development activities;
- Processes for program review and annual planning;
- Processes for institutional planning and budget development;
- Any other district and college policy, procedure, or related matters that will have a significant effect on Classified Staff.
