Approximately 50% online and 50% face-to-face

- [Computer Informations Systems (AS)](#)

General Course Information

For descriptions of each class, please refer to the [2018-2019 Course Catalog](#).
For information on course offerings, please refer to the [Class Schedule - Spring 2019](#).

Course Sections

In the class schedule, all sections in the 70s are online or hybrid. The "notes:" section under each class contains information about class delivery and whether the class is online or hybrid. For example, Math-095-71 is an online class and Phil-101-71 is a hybrid class with some face-to-face meetings and some content online.

General Education Program options have approximately 90% of the required courses approved for Distance Education (DE) delivery. The linked PDF files show the courses approved for DE delivery in bolded red text.
