

In spring 2018, a student satisfaction assessment instrument was developed by the Office of Institutional Effectiveness, Research and Planning in collaboration with the Crafton Council. The survey was administered to students enrolled in sixty-six sections at Crafton Hills College through the use of random sampling. To assess student perception of various aspects of the college, participants responded to over 100 items ranging from satisfaction with education and services to demographic information. This summary report includes findings stemming from the student satisfaction survey pertaining to the Admissions & Records Office.
