Crafton Hills College Four-Year Planning Schedule – Start Year 2025-2026

Requirements for Each Type of Plan

- SLOs/SAOs (Copy prior plan and submit)** – SLO/SAO plan types are labeled as two-year plans in the PPR tool. No specific responses are required though programs are allowed to revise any desired sections in the PPR tool. Programs need to continue assessing and reporting SLOs using the [SLO Cloud](#) or SAOs using the [SAO Submission Form](#). The SAO Submission Form is designed for Administrative Services, Student Services, and specific Instructional Areas.
- 2yr – (Two-Year Plan) (Questions #4 and #10 need to be updated)** – Review and update the goals and objectives and the SLOs. Submit the finalized two-year plan by the due date in the spring term (see PPR Timeline for date). The PPRC will review each two-year plan and provide written feedback. Please include data for the most recent two academic years.
- 4yr (PR)** – Four-Year Program Review – Complete all questions in preparing a four-year plan. Please include data for the most recent four academic years. **Please note: You will not be able to copy over prior year goals, objectives, and resource requests for Question 10.**

PPR Coaching

A PPR Coach is assigned to every program/service area that is scheduled to submit a four-year or two-year plan.

The role of coaches is multi-faceted:

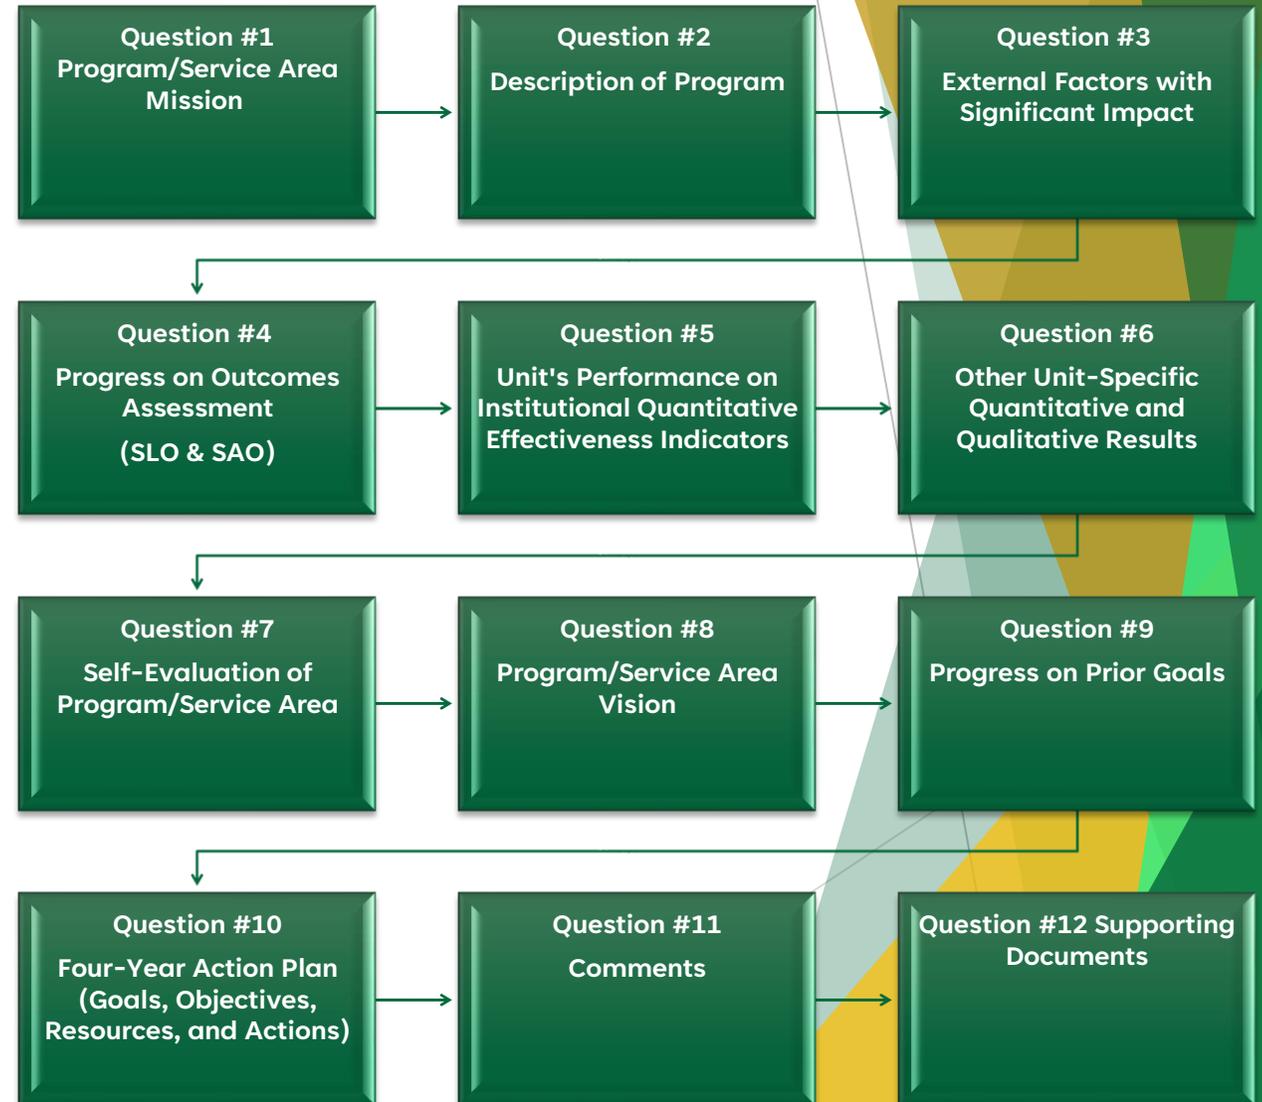

- ▶ They offer program writers with the support and resources needed for the development of a comprehensive plan at every step of the process.
- ▶ They serve as liaisons and advocates for program units during the entire review process.
- ▶ For more details, please see [PPR handbook](#).

What does the PPR plan require?

The two most critical sections in a PPR plan are in relation to outcomes assessment and setting goals and objectives.

NOTE: 4 YR PPR Plans are tasked with updating all questions.

Rubric Rating

Instructional Rubric

Question # / Variable	Rating	Score	Comments
6.a and 6.c Program Student Demographics	<p>3 = The program has analyzed its program student demographics in relation to the college demographics. The program has identified any discrepancies and developed a plan that is included in the action plan (i.e. Q10) to address discrepancies. If no discrepancies are present, then the program offered strategies that it will continue to employ to maintain equity in the program. Q10 was also used to highlight these strategies and/or offer resource requests in support of these efforts.</p> <p>2 = The program has analyzed its program student demographics in relation to the college demographics but has not identified existing discrepancies, developed a plan to address the discrepancies, or discussed how it intends to maintain equity in the program.</p> <p>1 = The unit has not analyzed its program student demographics in relation to the college demographics.</p>

NOTE: Beginning in Fall 2024, prior-year goals, objectives, and resource requests will not be copied over to the current-year plan. Writers are required to manually enter goals, objectives, and any applicable resource requests.

Rubric Item: Reflect on your responses to all the previous questions. Complete the Four-Year Action Plan, entering the specific program goals ([goal rubric](#)) and objectives ([objective rubric](#)) you have formulated to maintain or enhance your strengths, or to address identified weaknesses. **In writing your objectives and developing your resource requests, take into account student learning and program assessment results.** Assign an overall priority to each goal and each objective. In addition, enter any actions and/or resources required to achieve each objective. (Click here to see a definition of [goals](#), [objectives](#), [actions](#), and how they work together.)

Four-Year Action Plan (Goals, Objectives, Resources, and Actions)

Question #10 of the PPR plan focuses on the four-year action plan.

Updates include:

- Goals and objectives revisions
- Priority Ranking
- End date
- Resource request description, rationale revisions
- Resource Type
- Actions/Activities revisions

Goal: 2. Engage in Practices that Prioritize and Promote Inclusivity, Equity, Anti-Racism, and Human Sustainability
Priority Rank: 2

Objectives:

- **2.1 - Objective** - Develop a data and planning coaching model in which faculty and staff play an expanded role in enhancing data literacy and access across the college (tied to SAOs 1011b & 1011e).

Priority Rank: 2
Start Date: 09/01/2022 **End Date:** 12/29/2026
Responsible Person: Dean, OIERP
Strategic Direction: None
Impact Type: Site
Institutional Learning Outcome: 1. Critical Thinking

Resource Requests:

- **2.1.r1 - Reassign/Stipend for Faculty/Staff**

Description
Obtain funding to offer reassigned time or stipends to faculty/staff agreeing to serve as data and planning coaches for the college.

Rationale
Many colleges around the state and country have adopted this approach -- it empowers folks outside the research office to become engaged with data and evidence, and to become stewards for data-informed decision-making. In other colleges, this has resulted in enhancing the use of data/evidence for informed decision-making and has increased the capacity of the college to field the array of data/research requests that it receives. Moreover, this will help address the SAO gaps we discussed question 4, namely to the findings stemming from the campus climate survey. Specifically, our college adopting a data/planning coaching model will likely result in the enhancement of data literacy (quantitative and qualitative) across the campus (SAO 1011e). The coaches would also help in enhancing awareness of the findings our office shares via its "Did You Know?" reports, which is in support of SAO 1011b.

Resource Type: Ongoing

Actions/Activities:

- **2.1.a1 - Identify funding source for data and planning coaches**

In addition to offering the training necessary to serve in this capacity, we need to identify the funds necessary to compensate individuals willing to serve as data coaches, or as the data coaching lead. An tentative funding source has been identified (Streamlining Project), but will keep this activity in place until the funding is allocated.

Instructional & Non-Instructional Rubric

Question # / Variable	Rating
10. Goals	<p>3 = Unit has identified goals that are clearly related to the results of its self-evaluation, reflect the big picture, and are ambitious but attainable. Each goal's scope is such that its achievement would represent significant progress.</p> <p>2 = Unit has identified goals that are somewhat related to the results of its self-evaluation, only moderately reflect the big picture, and/or are either not ambitious enough or not attainable. Each goal's scope is such that its achievement would represent moderate progress.</p> <p>1 = Unit has not identified goals, and/or goals are unrelated to the results of its self-evaluation, fail to reflect the big picture, and/or are trivial. Each goal is of such limited scope that its achievement represents insignificant progress.</p> <p>0 = No response offered.</p>
10. Objectives	<p>3 = Unit has identified objectives that are clearly related to the results of its self-evaluation, concrete, specific, measurable, and reasonable with respect to scope and timeline. If an objective includes resources, the rationale shows that they are necessary to achievement of the objective.</p> <p>2 = Unit has identified objectives that are somewhat related to the results of its self-evaluation, only partially concrete, specific, measurable, and reasonable with respect to scope and timeline. If an objective includes resources, the rationale shows that they are somewhat related to achievement of the objective.</p> <p>1 = Unit has not identified objectives, and/or objectives are unrelated to the results of its self-evaluation, or objectives meet few or none of the characteristics specified in ratings 2 and 3.</p> <p>0 = No response offered.</p>

4. Program Learning Outcomes (PLOs)

3 = PLOs have been defined, assessed with an emphasis on disproportionate impact by gender, age, or ethnicity (if the data is available), evaluated in reference to a target, have been used to inform instruction (i.e.: action plan in Q10), and have been posted in the catalog for each degree and certificate.

2 = PLO cycle is only partially complete, the outcomes process has not been used to inform instruction, or the PLOs have not been posted in the catalog for each degree and certificate.

1 = PLOs have not been developed, assessed, used to inform instruction, and have not been posted in the catalog for each degree and certificate.

0 = No response offered.
