BORG Data Cubes

B.O.R.G. Data Cubes

The purpose of B.O.R.G. (Best Organizational Research Gauge) Data Cubes is to help the campus with evidence-based decision making by providing access to real-time data. The reports are only available to District Employees and accessible to those logged into the District Network. If you have suggestions for additional reports or changes to the ones listed below, please contact Giovanni Sosa by email at gsosa@craftonhills.edu or by phone at extension 3206. Future reports will include visually appealing and more user friendly dashboards.

CHC Student Educational Progress

Disproportionate Impact (DI) Calculator

PPR Instructional Data

- Course Completion and Success Rate (Rubric Items 5.a.i and 5.a.ii)
