2 Steps to Successful Enrollment

1. Apply for Admission

Note: CHC English and Math placement is determined upon submission of the CCCApply application. You will receive an email with placement results once you submit your application.

2. Meet With a Counselor

Register Today!

I've Been Admitted, Now What?

Apply for Financial Aid

Complete the FAFSA application (CHC School Code: 009272) or California Dream Act application (for undocumented students).

After three business days, please visit your Financial Aid Self-Service account to review your next steps. If you need further assistance please feel free to schedule an online appointment if you have any questions.

Review Online Orientation (In order to participate in Priority Registration, orientation must be completed as an incoming student).

View our Online Orientation, via your personal Self-Service account.

Learn More about our Free Student Support Services:

- EOPS is a program that helps first generation, low-income or single parent students.

- NextUp is a program that supports the educational journey of current and former foster youth on our campus.

- CARE provides educational support services for the academically under-prepared, low income, single parent population.

- [CalWORKs](#) is a program that provides education, training, and supportive services to students on public assistance.

- [DREAMERS](#) is a program designed to assist undocumented students, DACA students, and those from mixed status families into college.
  Note: Please note that these programs have a single application, [Apply today](#)!

- [Mesa](#) provides academic and transfer support to advance the educational success of students majoring in a calculus-based STEM field, especially those from underrepresented and disproportionately impacted backgrounds.

- [Student Accessibility Services (SAS](#)) provides academic adjustments, auxiliary aids, and services to students with disabilities so they can participate fully in the college experience.

- [Veterans Resource Center](#) aids veterans and their dependents that may be eligible for various veteran educational benefits and helps transition veterans from the military to civilian life within the academic environment.
