Census subtotals for Resident/Non-Resident students are shown on "CensusTotals" worksheet.

"LoadCompare" worksheet compares FacLoad with SecLoad.

Report year depends on Section's End Date,
Census Totals (Enrollment, FTES) estimated until census date or PA posted
If section ended, "EnrActive" is final enrollment.
PA sections do not have a true Census Date, exclude from %Retention?
Made Sections = Status "A" or "P"
