[1098-T Information](#)

If you need help with the cost of attending college, the Financial Aid Office is here to help. No student should be denied access to the educational experience because of a lack of funds. The distribution of these funds is regulated by laws designed to direct education support funds to those who need them most.

Beginning in 2025-2026 academic school year, if you are eligible for Federal and/or State Financial Aid, the San Bernardino Community College District (SBCCD) will use your Federal and/or State Financial Aid to cover your institutional fees. Any non-institutional fees will require an authorization.
