Registering for Classes

The first few weeks of Web registration are open to students according to a priority system. You may register by Web on your assigned priority day or any registration day thereafter. You cannot register before your assigned day. Since classes are filled on a first-come, first-served basis, we recommend that your register as soon as your priority is available.

Categories of Priority Registration

To determine your registration date and time, you need to know:

- Your priority level (A, B, C, D, E, or F) based on your status as a student.

- In order to be eligible for priority registration, all students must complete the student success process (CHC application, orientation, assessment, and educational plan with a counselor).

- ONLY degree applicable units completed or currently enrolled at CHC will be used to calculate priority registration.

EXCEPTIONS: The following groups of students are not eligible for priority registration.

- Students who have previously earned a Bachelor's degree or higher

- Students who have completed 100 or more combined degree applicable units within the San Bernardino Community College District

- Returning students who did not attend the immediately preceding semester

- Students who have been on academic or progress probation for the two immediately preceding terms

- High School students who have been approved for Dual Enrollment

Once you have determined your priority level, you may register on the days assigned to that priority or any registration day thereafter.

Continuing students are students who attended CHC during the immediately preceding semester (excluding summer term).

Attention Returning Students: Students who did not attend during the previous semester must submit an Application for Admission.
