TOPIC	DISCUSSION	Further Action
Approval of minutes for November 10, 2020	The minutes for 11-10-20 were approved as written. Motion by Keith, seconded by Julie. Unanimous approval.	
Committee Chair Training - Brandi	Brandi would like to move the committee chair training from the first Crafton Council meeting to Fall in-service day training so we can invite people who are interested in being committee chairs. Crafton Council committee all agreed.	
Budget Development Calendar - Mike	Mike will be going to the chairs committee on 2-5-21 to discuss program review and developmental budget processes. The managers will be working on their budgets during the month of February, the budge should be finalized in the first two weeks of March and then sent to Fiscal Services for them to put together the tentative budget. In May we will receive the Governor's revised budget and after that, we will make final adjustments. The tentative budget goes to the board in June and the final budget is scheduled to be approved in September.	
	Mike has drafted a flowchart and Keith has developed an instructional calendar and these will be presented to the Chairs Committee next week.	
Enrollment Update - Keith	As of today Crafton is down 6% below last semester on the same date. SBVC is down 15%. We have been fluctuating between 4-10% down. Valley has been fluctuating between 10-20% down.	
Facility Master Plan Schedule - Mike	The current Facilities Master Plan was completed in FY16-17. Lots has changed since then. We need to align the Facilities Master Plan with the current needs. The Board of Trustees approved a reprioritized FMP projects list. Mike has proposed that we use our Crafton Council meetings to update the document and provided a timeline that would finalize the document, have feedback from campus-wide discussions and

	Mike will reach out to all the senates to discuss.	
	The goal is to align the FMP with the EMP. The EMP is the	
	driver.	
Mission, Vision and	Gio stated that a survey went out to the campus including	
Values Review - Gio	students. While the number of participants (46) is lower	
raides review ele	than would be necessary to generalize to the entire campus	
	community with a high degree of confidence, this is still	
	enough for use to derive some general principles that we can	
	use in making any potential changes to the mission, vision	
	and values. The following information was received:	
	Mission:	
	The word cloud included: community, furthering	
	education, equity and inclusion, engage and support	
	students.	
	Top thematic categories of the purpose were: Serve	
	the Community and Further Education.	
	There were many different responses to describing	
	the student populations served by CHC; although,	
	many of them pointed to the diversity of our student	
	population	
	Several ideas to change the mission were included.	

Mission, Vision and	Values:	
Values Review - Gio	The word cloud included: community, care, support,	
	growth, respect.  • The top thematic category to describe what makes	
	CHC unique were: Welcoming and Caring Campus	
	Several ideas to change the values were included.	
	Not enough data as we had too narrow a sample but it is a	
	start. Moreover, two broad themes that emerged from these	
	findings are: (a) Service to the Community, and (b) equity & inclusion. After discussion, it was agreed that Gio would	
	draft up new Mission, Vision and Value statements based on	
	the survey data and present his draft to the next Crafton	
	Council meeting to discuss and edit. After it is tweaked, it	
COMMITTEE DEDODES	will be sent out to the campus for review and input.
