Charge:

The Distance Education Program Committee ensures that distance education at CHC is equitable, high quality, and guided by evidence-based decision making. It develops, reviews, and assesses policies and practices using data, assessment results, student feedback, and research to guide improvement. Working with faculty, students, staff, departments, and other committees, DEP aligns distance education with the college's equity, diversity, and student success goals while addressing barriers in technology, resources, and support. The committee makes recommendations on pathways, technologies, professional development, instructional practices, and evolving external standards to strengthen the CHC distance education program. It also assists in reviewing and verifying DE instructor training, in collaboration with SBVC, to ensure regulatory compliance. Additional responsibilities include maintaining and updating DE resources such as the CHC DE website, micro-courses, and training; contributing to regular review of the CHC Distance Education Plan; and serving as a liaison to the CVC, DECO, and District DE to keep the campus informed about progress and outcomes.
