Current EMP Plan Group Activity - Gio	<p>Gio asked the group to review one specific area of the current EMP reviewing priorities as a college in our group activity today. The Section we will be focusing on is located on page 75, Growth of a Comprehensive College. This includes a synopsis of what we identified as major themes that have resulted from extensive dialogues across the college. We need to look at the themes that were identified five years ago, look at some of the conditions and activities that were identified then and today do a retrospective/macro level analysis on where we were five years ago and thinking about what we have accomplished, what isn't as relevant now, things we are still working on and new challenges/directions that have come up.</p> <p>We broke into small groups and each group was tasked with reviewing one theme: where are we now, what's missing, and how do we get there.</p> <p>The major themes are:</p> <ul style="list-style-type: none"> • Theme 1: Expansion of Existing Programs & Development of New Programs • Theme 2: Flexible Learning Environments and Alternative Delivery Systems • Theme 3: Building Partnerships • Theme 4: Improved Pathways from High School to College • Theme 5: Student Readiness & Preparedness <p>Each group was able to add notes to Gio's document for further discussion.</p>

CBT has already met with the CHC Foundation board. We will have internal stakeholder meetings April 5-6 and these will be held in zoom format.
