(in partnership with National Student Clearinghouse)

Partnership Overview

Niche has partnered with the National Student Clearinghouse (NSC) to provide better — and more **transparent** — reporting to our partner schools. Your Niche **Verified Enrollment Report** will provide you with unique insights into how your enrolled students used Niche during their college search.

Report Overview

Your Verified Enrollment Report includes:

1. Enrolled students who were registered and active on Niche during their college search
2. Enrolled students who expressed an interest in your college during their search
3. Other colleges that your enrolled students also expressed interest in attending

Your Verified Enrollment Report is calculated using:

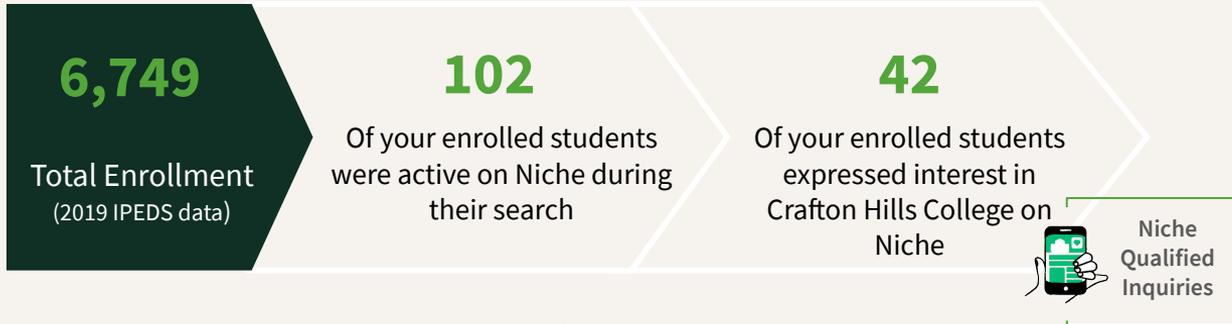

- Anonymized data from Niche and the NSC
- Current IPEDS data (2019) on the # of total students enrolled and net price for your school
