

Certificates, Degrees, and Transfers

			1.5SD		2.0SD	
	1819	SD	ISS	Stretch	ISS	Stretch
Cert	296	47	225	367	202	390
Degree	472	20	442	502	432	512
Transfer	497	110	331	663	276	718

Success Rate Approach

Determined the variability at college-level over five-year period => .75 SD (not aligned with disaggregated findings for ethnicity). ISS would be equal to 73.1.

Determined the variability across four largest groups (Asian, African American, Caucasian, Hispanic) for 17-18 and 18-19, and pooled those SDs => 7 SD (outside the likely range for college-level data)

Set to ½ SD => 3.5 SD

			Half Pooled SD (3.5SD)	
	1819	SD	ISS	Stretch
Success Rate	73.8	0.5	70.8	77.3
Note. The ISS and Stretch values are based upon the approach described above, not the actual SD (0.5) reported in this table.
