COURSE MODIFICATIONS

A. MATH 090A Elementary Algebra Part A

When the course was broken down into three parts it ended up being a harder course than MATH 090. The course has not been offered for four years.

The committee agreed to delete MATH 090A.

B. MATH 090B Elementary Algebra Part B.

When the course was broken down into three parts it ended up being a harder course than MATH 090. The course has not been offered for four years.

The committee agreed to delete MATH 090B.

C. MATH 090C Elementary Algebra Part C

When the course was broken down into three parts it ended up being a harder course than MATH 090. The course has not been offered for four years.

The committee agreed to delete MATH 090C.

MATH 090C is listed as a prerequisite/departmental recommendation on a few courses. When the course is due for a six-year revision, MATH 090C will be removed as a prerequisite/departmental recommendation at that time.

4. SB 1440 Update

Troy Dial reported:

The AS-T transfer degree in Biology is in preliminary reading at the State level. Hopefully it will be approved by Fall 2016 semester.

5. Operational Issues

Bryan Reece reported:

After a discussion with Department Chairs, Deans, and the Budget Committee, a consensus could not be reached regarding enrollment caps. For now, it was decided to use the current model.

The State will be moving into a new Curriculum Inventory.

Letters are being emailed to the students affected by the title change of their majors due to the varying emphases that were consolidated into six primary degrees.

As of December 2015 we have had to send Stand Alone courses to the State for approval. Campuses will now be allowed to approve Stand Alone courses at the local level.

Miscellaneous:

EMS 156 and EMS 157 will be reviewed at the next meeting.

MATH 903 and MATH 255 will go to next meeting.

June Yamamoto will check with Mike Sheahan to see if the hours/units have been corrected for the Respiratory Care courses.

May 9, 2016 will be our last meeting for the year.

The next Curriculum meeting will be held on **May 9, 2016 at 2 p.m. in the Multipurpose Room (LRC 226).**
