1. Approval of minutes from September 12, 2016 meeting

The minutes were approved.

2. **Smart Catalog Demo (AcademicCatalog)**

Schools are leaving CurricUNET and moving towards programs that will interface with their college catalog. We have been told by our technology folks that this program will also interface with Datatel/Colleague.

After the Smart Catalog demonstration, Kim instructed the committee if they have any questions to send them to her by next week. Kim will forward the questions to Kristina who is compiling a list for Anita, the representative from AcademicCatalog.

Once we have our questions answered, the committee will make a recommendation to the Academic Senate.
