NEW COURSES

- c. **KIN/F 112A and B Pole Fitness I and II** (to see course outline go to SEARCH, COURSES in CurricUNET)*
Originator Colleen Maloney Hinds
Rationale: Students at our campus have been asking our department about offering a Pole Fitness class for about 4 years now. With the addition of the circus curriculum and students being introduced to standard and flying pole we are being begged on a weekly basis to introduce a full course. Poling improves strength, endurance, and flexibility. It also introduces students to choreography.

- d. **KIN/F 199A Selected Topics in Fitness I** (to see course outline go to SEARCH, COURSES in CurricUNET)*
Originator Colleen Maloney Hinds
Rationale: The Kinesiology Dept needs to have course offerings that reflect current trends in fitness. Credible college level courses can be taught that have the rigor of a college class, yet are responsive to community demands. For example, new fads in the fitness industry will cycle in and out. If our department can respond quickly by meeting student demand with new courses, we will ensure quality offerings desired by our students. Selected topics will also allow us the "test the market" for courses not previously offered. Any course that is originally offered under select topics can go through the regular curriculum process if the department wishes to offer the course for longer than four semesters. This course is Associate degree applicable and transfers to UC and CSU.

COURSE DELETIONS

- e. **CIS 091 Essential Technology Skills for College and Career Success** (to see course outline go to SEARCH, COURSES in CurricUNET)*
Originator Frank Madrid
Rationale: Course is noncredit and is now offered as WFP/N 604.
